CPS Adding Two More Freighters

MONTREAL (CP) — Canadian Pacific Steamships, eyeing next year's seaway business possibilities, will add two more ocean-going freighters to its Atlantic-Great Lakes fleet.

The company announced Tuesday that it has chartered the 1,338-ton Damtor and the 1,361-ton Elizabeth Hendrik Fisser to operate out of Liverpool. The other cargo ships sailed the London-Great Lakes route last year.

The company is one of several ocean lines sending small freighters into the Great Lakes to build business connections before the St. Lawrence seaway opens in 1959.

Present 14-foot-draught canals between Montreal and Lake Ontario are too small to accommodate large ocean ships. The bottleneck will disappear next year when the seven-lock St. Lawrence seaway starts operating with channels and locks deep and wide enough to take large 700-foot ocean freighters.

The new Canadian Pacific charter vessels were built in 1957, and travel at 12 knots. During 1957, the 825-ton Otto Nuebel and 700-ton Auguste Schulte sailed into the Great Lakes under the CP flag, and will continue this year.

Mercury Dives In Florida

MIAMI, Fla. (AP) — The mercury dived Tuesday toward sub-freezing temperatures that threatened damage to low-lying fruit groves and farmlands in Florida.

A frost warning service bulletin said overnight temperatures as low as 20 degrees in pockets and mudclands would produce readings about 10 degrees higher on high ground. Meteorologist Warren O. Johnson said high-ground citrus and citrus with good air irrigation should not be troubled by the latest cold snap.

Temperatures began falling Monday night in north Florida and freezing weather spread quickly over the rest of the state. The cold, which produced the lowest temperature in 53 years at Tampa—a 24—brought additional damage to truck crops. Miami had a 36, coldest in 41 years.

Sub-freezing temperatures as overnight in central Florida and low as 20 and 22 are expected overnight in central Florida and the West Coast areas. Thermometers should dip even lower in northern low-ground areas.

Biggest danger to farm crops in the current cold wave is to plantings which have been set out after the hard December and January freezes.

Freezing weather in December ruined an estimated 37,000,000 boxes of citrus fruits and damaged an untold amount of other fruit. Surveys still are going on to determine the extent of freeze damage.

Cold almost wiped out the flower industry. Frost and chill ruined thousands of acres of pasture lands and hundreds of cattle have died.

N. H. L. Talks Held In Secret

PALM BEACH, Fla. (AP)—National Hockey League player-owner talks were held Tuesday night in secrecy that barred reporters, the league's head and a lawyer for the players.

There was speculation outside the Palm Beach-Biltmore Hotel room that a stalemate had developed, involving revenue from playoff games and television.

The owners left the room after six hours and indicated the joint portion was finished. Players representatives said they might have an announcement afterward.

Although owners said the talks are informal and do not constitute recognition of the Players Association, all the latter's officials were present.

Ted Lindsay, Chicago Black Hawks' player and association president, acted as spokesman for the players since their counsel, Milton Mound of New York, was not admitted to the meeting. The owners also did not admit Clarence Campbell of Montreal, league president. They said it was not an official league gathering.

ers. Sam Crawford and Joe McCarthy were named in 1957.

Besides 1950, there are only three other years in which no player was elected—1940, 1941, and 1943, Hurwitz said.

Under the rules, a player must have played in a period 30 years before the voting and stopped playing five years before the election.

Therefore in this year's voting an eligible player must have been in the major leagues after 1928 and couldn't have played after 1928 and couldn't have played after 1953.

Bidding For Title Fight

TORONTO (CP)—Boxing promoter Jack (Deacon) Allen said Tuesday he has made a "substantial" offer to light-heavyweight champion Archie Moore to defend his world title here against Yvon Durelle of Baie Ste. Anne, N.B.

Durelle is ranked No. 2 in the division ratings by the National Boxing Association. He was impressive Friday when he scored a seventh-round technical knockout over Clarence Hinant in New York City.

Allen said Clarence Johnson, Moore's manager, asked for a \$100,000 guarantee for the fight. Allen said this was "too high" but that his offer was "the highest I ever made anybody."

Johnson said he is also dealing with Montreal promoter Eddie Quinn. If the fight is held here it would be an indoor event at Maple Leaf Gardens.

Guarantees To Logart And Akins

NEW YORK (AP)—The International Boxing Club Tuesday offered guarantees of \$10,000 each to welterweight contenders Isaac Logart of Cuba and Vigil Akins of St. Louis to meet in a tournament elimination at Madison Square Garden, March 21.

Logart's manager, Eddie Madafuz, promptly rejected the bid. He insisted he wants \$40,000.

Logart, Akins and Vince Martinez of Paterson, N.J., are the three survivors of the tournament set up by the world championship boxing committee to determine a successor to Carmen Basilio. Basilio had to yield the 147-pound title when he won the mid-dleweight crown from Ray Rob-

Ortega Thinks He Is The Best

NORFOLK, Va. (AP)—Gaspar Ortega, the 22-year-old Mexican who gave up bullfighting for boxing because he thinks the square ring is less dangerous, takes a dim view of the odds favoring Ralph Dupas in their 10-rounder here tonight.

Dupas, the No. 2 ranking lightweight, is expected to enter the nationally telecast (ABC-TV) bout at 10 p.m. as a 7 to 5 favorite.

"I think it should be the other way around," Ortega said through his manager and interpreter, Nick Corby. "When the bell rings, I'm sure it'll be evened up."

The Mexican, who has never seen Dupas fight, admitted this is a "must" fight for him. "I've got to whip Dupas to stay up," he said.

Ortega expects to enter the ring at 145 pounds; Dupas at 140. Ortega, fifth - ranking welterweight, said he has boxed 100 rounds in preparation for tonight's fight and is in the best shape of his career.

WANTS WELTER SHOT His big ambition is to fight for the welterweight championship, and he would like his opponent to be Isaac Logart, No. 1 ranking welterweight.

"I'll fight Logart for nothing with the title at stake," the Mexican said. Ortega has gained an even split in four fights with Logart and he said Logart is the toughest man he has ever fought.

Harry Markson, managing director of the IBC, offered Logart and Ains a guarantee of \$7,500 for radio-television and 30 per cent of the gate for each. He also guaranteed that each would receive no lower than \$10,000.

"I turned down offers of \$25,000 from Boston for a fight with Tony DeMarco and \$25,000 from Philadelphia for a fight with Martinez because of the IBC," said Madafuz. "They told me to wait. I said I wanted \$40,000 yesterday and that still goes or there will be no match."

LET'S TALK IT OVER

Drama Movement Requires Enthusiasm As Well As Dues

The Prince Edward Island Drama Festival association is at present looking for new members. The small fee that goes with the taking out of membership in this organization will, of course, help its leaders to carry on their program more adequately, but, we feel sure, what the association needs most is energetic, enthusiastic members who will help make the drama movement a real success on our island.

In the realm of drama clubs, more than in most areas, the gift without the giver is bare. In addition to your membership fee, you must give yourself wholeheartedly to the project, and you will find that the hours you give to this fascinating, stimulating recreation will be rewarding ones.
