DR. H. L. DICKEY

Bate of Royal London Ophthalmic Hospital, Moorfields, and Central London Throat & Ear Hospital. Specialist in diseases of the Eye, Ear, Nose & Throat.
Office—CAMERON BLOCK, residence—RICHMOND ST., WEST.
Office Hours—9.30 to 1 p.m., 2 to 3 p.m., 7 to 9 p.m. Eyes tested for glasses.

ITEMS FROM SUMMERVILLE.

The Xmas holidays have come and gone and all have again settled to work as though Xmas had not come at all.

Mr Cornelius J McLean, of Cardigan, spent his Xmas holidays amongst us for New Year's.

Miss Annie McCormack, also of Cardigan, spent her holidays in Summerville, being the guest of Mr and Mrs P J Edmonds.

Miss Lucy McCarthy, of Morell, is also visiting friends. She is the guest of Mr and Mrs John Walsh.

Mr Richard Power, of Summerville, spent his Xmas holidays at Sturgeon. He was the guest of Miss Maggie Murphy and her father.

Mr Andrew Lannon lest upwards of twenty bushels of wheat in the recent fire at Munn's mill.

Mr Thos Valley is a man who, like many other men appreciates comfort. This winter he has provided for the two ends and side of his house an ample supply of heavy brush which when filled with snow makes, so Mr. Valley says, "the best banking in the world."

Mr D S Edmonds has lately appeared out in a covering of fur which he says is the product of his trapping. Of this we are doubtful as the fur is black instead of "white."

Mr Alex McMillan, quite recently had an exciting experience. His horse, frightened by paper flying in the air, started to run away and dragged Mr McMillan about ten chains when the horse jumped a fence, but being unable to pull the cart was securely held. Fortunately Alex. had his heavy ulster on at the time and, though laid up for three days after, was not seriously hurt.

Mr Wm Cain who recently repaired his barn has quite a novel method for feeding his cattle. The trap-doors are raised from the floor and the food can then be easily passed in. This Mr. Cain states saves a large amount of labor.

Two of our youthful aspirants to the matrimonial state had quite an experience during the holidays. Harnessing up a stylish rig, both set out to see their fair dulciniae. All went well until home time came, and with it the usual parting on the piazzas. The horse is again standing at the door. Solomon is waiting patiently for the departure, and just as despair is about to seize he thinks—happy thought—of his favorite rifle. Seizing it he passed through a back door, peers around the corner and takes in the situation at a glance. He promptly raises his rifle, and "Bang"—away goes the horse at a gallop. All four on the piazza jumped, and never was parting more prompt, as Martin and Charlie started in hot pursuit. They found the horse and wagon in a clump of bushes, not any the worse of the fright, while Solomon declares that "if he was in Africa he'd make the Boers run just like that."

KAUFER.

QUIET THOUGHT.

It is one of the misfortunes of our age that we have so little leisure. The haste of life brings many disadvantages; it hinders thoroughness of work, it destroys largely our reverence for life, since we hardly cherish much respect for that we do hurriedly. The result is that the world is full of hasty judgments. Men are driven to decide almost before they have had leisure to deliberate. The spirit of this haste is infectious; people ask for rapid conclusions; they become impatient of a wise hesitation. The demand brings the supply. On all sides dogmatic utterances are heard; a swift survey is made. A few facts are gathered; an immature conclusion is reached, and immediately announced; oracle succeeds oracle, contradicting or confirming; those who counsel deliberation are elbowed out of the way. In the multitude of oracles there is confusion. Men grow bewildered; they drift to one side or the other, having lost their vantage ground of calm observation. Such a state of things is hardly helpful to truth. What is wanted is a quiet thought. Out of it may come clearer views, better methods of study, and the reverent spirit which is essential to the discovery of truth. God reveals nothing to the hasty. The calm waters best reflect the stars.—Bishop of Ripon.

DESCENDANT OF COLUMBUS.

MADRID, Jan. 11.—The queen regent has appointed the Duke of Veragua, the descendant of Columbus, a special ambassador to go to Berlin for the purpose of investing Crown Prince Frederick William with the insignia of the Golden Fleece, her majesty having signed a decree yesterday, appointing the Crown Prince a knight of that Order.

Montreal Gazette: Mr Hugh John Macdonald is being sneered at in the Liberal press as the Tory Moose. It is presumed that this is because he is making the Laurierite Pharaoh uncomfortable.

Mr Arthur J. D. Mellich

Barriester and Attorney at law being about to proceed to South Africa for the winter on active military service in response to Her Majesty's call, begs to announce that in his absence his law-office at Souris will be kept open and all legal business will be promptly attended to under competent management. Correspondence may be addressed to him at Souris as usual.

FOR OUR BEST BELOVED.

(From The Canadian Home Journal.)

God of our fathers! Be the guide and shield
Of those brave hearts who to the front have gone,
Be with them in the bivouac and field,
Guard them in camp, and when the sword is drawn.

Guide their unwary feet lest they should stray
From paths of many rectitude, afar,
Shield them, Thy children, on that awful day
When hot with death shall hiss the breath of war.

Keep them within the hollow of Thy hand
Closely intold each one in danger's hour;
Be doubly near if in Life's glass the sand
Has run, and Death bids a brave spirit cower.

Lift up Thy face upon them, shine anew
Into each heart, baptize with courage strong.
Grant strength for duty, loyal, leal, and true—
Give lips, in life; in death, the victor's song.

A. J. McDOUGALL,
New Westminster, B. C.

WILL NOT BE FATAL.

No Danger in Diabetes if Dodd's Kidney Pills Are Used.

Samuel Derrochers Suffered For Over Five Years With Diabetes—Was Cured by Five Boxes of Dodd's Kidney Pills—Mistaken Idea That Diabetes is Incurable.

QUEBEC, Jan. 12.—Diabetes is curable. Dodd's Kidney Pills will cure it. It is a mistake to say Diabetes is incurable. It used to be but now; for this last ten years it has had its master. Dodd's Kidney Pills have cured thousands of cases. But outside Dodd's Kidney Pills there is no medicine that will cure Diabetes to this day.

Diabetes is a local disease of the kidneys. Those organs get out of order. Instead of filtering the system of impurities as they should, they allow the albumen, the very life-giving property of the blood, to leak out, while at the same time failing to strain the uric acid away.

Dodd's Kidney Pills correct this flaw in the kidneys. They build up and invigorate those organs, giving them the wholesome stimulation necessary to set them working vigorously. With Dodd's Kidney Pills at hand, Diabetes is not a fatal disease.

Samuel Derrochers, of Quebec says: "I have suffered for over five years with Diabetes. I had all the symptoms—pain in the kidneys, unquenchable thirst, etc., and though I tried all sorts of remedies I could not get help. I heard of Dodd's Kidney Pills and purchased a box. It gave me relief. I am now cured of Diabetes entirely after using five boxes, and I am anxious to let the public have the benefit of my experience."

125 MEN ENTRENCHED.

From the Inroads of Dreaded Catarrh—

What Dr. Agnew's Catarrhal Powder

Did for Mr LeBlanc He Proves Will do

For Others.

Alfred LeBlanc, of St. Jerome, Que, was a great sufferer for years with catarrh of a very severe type. Dr Agnew's Catarrhal Powder rescued him when everything else had failed. Today when he goes to his lumber camp with his 125 men, this great remedy is considered as much as a necessity to comfortable camp life as anything else. It relieves cold in the head in ten minutes; prevents the growing of catarrh germs, and when they are sown, it cures them.

"How I hate pugs," he said.
"Sir!" she replied coldly.
"I refer to dogs, not noses," he made haste to assert, after a quick glance at her.

Startling Confessions

Show that 25 per cent. of men and women suffer the tortures of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of these men and women could end their sufferings at once by using it. Scores of thousands have been cured by this treatment. Everybody can be cured in the same way.

"You don't mean to say you have had four cures in three weeks?"
"Yes, and that isn't the worst of it, either. One of them is still with us."

Active Man Wanted.

To read this advertisement and then give Putnam's Painless Corn Extractor a trial. It never fails to cure. Acts in twenty-four hours and causes neither pain nor discomfort. Putnam's Corn Extractor extracts corns. It is the best

Ladies are wearing their skirts longer in January than they will in February—three days longer.

HIS TIME HAD COME.

So Thought a Quebec Man Until

Dodd's Kidney Pills Cured

Him of Bright's Disease

QUEBEC, Jan. 9.—Narcisse Mangy, of 109 St. Ann Street, this city, considers himself an extremely fortunate man. He has come through the ordeal of Bright's Disease alive.

Bright's Disease is an extremely fatal disease of the kidneys. The sufferer lingers on, growing weaker and weaker, slowly and miserably dying. Once it fastens itself upon a victim, there is only one hope to save him—Dodd's Kidney Pills. But they never fail.

Narcisse Mangy says: "I have endured Bright's Disease for over five years. Doctors told me I would never get well. I thought my time had come. A friend told me to try Dodd's Kidney Pills. I have just finished the fourth box and am cured."

Marriage, easy circumstances, and a healthy occupation are favorable to long life.

Statistics prove that 97 per cent of our population is affected with some form of Catarrh, but since Catarrh, the new medicated air treatment for Catarrh and kindred diseases, has been introduced, this percentage has decreased. Catarrh never fails to cure Catarrh, Bronchitis, Asthma and Hay Fever, and is warranted to come the most chronic cases of these diseases, even after all else has failed. It cures by inhalation. No danger, no risk, pleasant to use. For sale at all druggists or direct by mail, price \$100. For trial outfit send 10c in stamps to N. C. POLSON & CO., Box 540 Kingston Ont.
