Joe Dimaggio Soon Member 2,000-Hit Club

CHICAGO, June 15 — (AP) — Only nine base hits to go for Joe Dimaggio to join the exclusive 2,000-Hit Club.

Although the Yankee clipper is hitting a dull .247, he's almost a cinch to go over the top during New York's current western tour. When Joe makes the grade, he'll be in high society. The only active major-leaguers in the 2,000-Hit Club are Luke Appling of the White Sox with 2,733 and Wally Moses of Philadelphia A's with 2,060. There are none in the National League.

Dimaggio, now 35, is the youngest of the bunch. Appling is 41, according to the record books. Since Red Corriden replaced Jack Onslow as manager, Luke has confined himself largely to coaching duties. Moses is 38.

Lately it's been homer or nothing for DIMAGGIO. Ten of his 44 hits are homers. He's still the major-league leader in home runs, with a lifetime total of 327 since he broke into the majors in 1936.

Baseball Trade

WASHINGTON, June 15 — (AP) — Mickey Vernon, veteran Cleveland first-baseman, returned to Washington Senators for a second term in a trade which sent Dick Weik, a young, promising but currently-wild speedball hurler, to the Indians.

The deal ends the Washington club's quest for a first baseman to take the place of Eddie Robinson, who was sent to Chicago White Sox along with pitcher Ray Scarborough recently for second-baseman Cass Michaels, pitcher Bob Zuzava and outfielder John Ostrowski.

Vernon, usually a good fielder, is 32. While he paced the American League hitters in 1946 with a .353 average, he has failed to show much promise since. Weik, on the other hand, is only 22 and may become a great pitcher if he can find his control.

Record Entry For Newport-Bermuda Yacht Race

By Tom Horgan NEWPORT, R. I., June 15 — (AP)—Swift international competition has loomed as a record fleet of small but sturdy sailing yachts assembled for Sunday's start of the 17th 635-mile race from Newport to Bermuda.

Names of 50 schooners, yawls, ketches, sloops and cutters are on the entry list, compared with the previous record of 44 set in 1936. Included are six owned by the Royal Navy's Yacht Club. Special rivals are six craft sailed by midshipmen of the United States Naval Academy.

The Cruising Club of America has divided the contestants into three divisions, getting away at 15-minute intervals.

Easily the blue ribbon salt-water event of the year, since the passing of the America's Cup races, the long dash to Bermuda was inaugurated in 1906.

Best time for the course—two days, 23 hours, 35 minutes—was set in 1932 by the 61-foot cutter Highland Light, then privately owned, but now a Naval Academy entry.

Goodfellow To Coach Chicago Black Hawks

OHIO, June 5 — (AP) — Ebenezer (Abbie) Goodfellow signed a three-year contract to coach Chicago Black Hawks of the National Hockey League.

The new Hawk pilot, who managed St. Louis Flyers of the American Hockey League for the last two years, succeeds Charlie Conacher, who resigned to devote his time to business affairs in Toronto.

Goodfellow, 44, is a native of Ottawa. He was a star in the N.H.L. for 14 years, playing centre and defence for Detroit Red Wings. He won the most valuable player trophy in 1939-40 and was twice chosen for all-star honors. Later he served as assistant to Jack Adams, manager of the Red Wings.

Goodfellow takes over a difficult assignment with the Hawks, since the team finished in last place three out of the last four years.

He brought St. Louis from last place to the championship of the western division of the league by the end of the 1948-49 season. Last season his St. Louis team finished third in the league, but lost out in the playoffs to Indianapolis, which went on to capture the post-season championship.

Slaves To Custom Hit By Clergyman

MONTREAL, June 13 — The Presbyterian church has noble traditions but "what a pity that within and without our church so many persons cannot distinguish between respect for traditions and mere subservience to habit and custom," Rev. E. J. White of Montreal said at the General Assembly of the Presbyterian Church.

He was reviewing the last 25 years of the church in Canada. Dr. Frank Baird of Fredericton, N. B., reviewed the first 50 years of the church while the link with the world was outlined by Dr. John McNab, editor of the Presbyterian Record.

Mr. White made mention of the situation at the time when part of the churchmen left to become members of the new United Church of Canada.

"A distressing story is that of the conflict beginning at the turn of the century and culminating in what we would call the 'Exodus of 1925' of misguided and much beloved brethren to enter into that noble experiment in one form of church union, the United Church of Canada," Mr. White said.

"On the temporal and moral side we were, with more truth than some realize 'a bleeding remnant of a once proud church'. We were bleeding from the fratricidal blows of those who, if we were to descend again to the 1925 level of name calling, might be referred to as 'fanatics for a method rather than an ideal,'" he added.

He continued that when decision was made to continue as the Presbyterian Church "we had to face many undesirable consequences: we had to risk being misunderstood by those who would not understand. We had to face the loss of our brethren, a larger percentage of our ministers, elders, managers, Sunday School teachers and other leaders."

Mr. White said that "all too many of our young ministers under the terrific pressure of the efforts of almost all our church officials and college professors, and with a few illustrious examples were taught to believe that the Organic Union Method was the only way in which the will of God could be accomplished in this church. These followed their leaders in good faith and are still devotedly striving to give expression in their mighty church to their ideals of Christian unity."

Expansion Reviewed

A review of progress in church expansion at home and abroad was given by Mr. White. He said "as at home, so in the are moving forward to meet the great challenge and opportunities of our day."

He said that "our concluding thought, as we turn our attention back to our task and to the future, should be one of rededication, not so much to a justifiable position taken in a crisis, but to the universal witness of the Christian church to the gospel of our Lord and Saviour, Jesus Christ."

Dr. Baird in reviewing the first 50 years of the church recalled that the first Assembly had been held in Montreal.

"Early churchmen were practically all men of learning and culture," Dr. Baird said.

Study showed "to a remarkable extent the cultural and scholastic attainments of the men who made up our original General Assembly. And this applies to the native-born as well as to the importation from overseas."

Dr. Baird read from the minutes of the first General Assembly. "At Montreal and within Victoria Hall there on Tuesday, June 16, 1875 which day the General Assembly of the Canadian Presbyterian Church, the Synod of the Presbyterian Church in Canada in connection with the Church of Scotland, the Synod of the Presbyterian Church of the Lower Provinces and the Synod of the Maritime Provinces in connection with the Church of Scotland, met according to appointment for the purpose of con-
