## Foreign Investments Seen Outstripping Home Money

OTTAWA (CP)—Americans and other foreigners invested more in Canadian manufacturing in 1960 and 1961 than Canadians did. The result was that foreign ownership of Canadian manufacturing rose to 34 per cent of the total, from 51 per cent in the end of 1959. Foreign control of manufacturing increased to 59 per cent from 57. The 1960 and 1961 figures were published Thursday by the Dominion Bureau of Statistics. The 1960 and 1961 figures were published Thursday by the Dominion Bureau of Statistics. The 1960 and 1961 figures were published Thursday by the Dominion Bureau of Statistics. ## Britain Launches Move For Talks With Russia

LONDON (AP)—The British government has launched a separate effort for new high-level talks with Russia to end the East-West cold war. But Prime Minister Douglas Home's go-it-alone initiative, disclosed Thursday by senior associates, seems to have irked some officials of the U.S. administration. The British informants reported Douglas Home and his foreign secretary, Richard A. Butler, are in contact and hope remain in contact with Premier Khrushchev and Foreign Minister Andrei A. Gromyko. Butler has been suggested meeting Gromyko soon.

The overall British aim is to keep searching for the areas of East-West agreement. Dispatches from Washington indicate British officials have portrayed American officialdom as angry at these moves. Under a new ministerial president, the administration evidently wants to stall negotiations with the Russians with a view to a prospect of definite progress. But other political factors also are at play. As one veteran British official put it: "President Johnson and Sir Alec both face elections next year. In the field of East-West relations a certain immoderation may be good for the U.S. administration. But it would be bad for a Conservative government. That's let's face it, a fact of political life."

## Christmas Trees Hijacked, East Boston Pair Arrested

BOSTON (AP)—A load of Christmas trees from New Brunswick that police say was hijacked en route to Boston led to the arrest of two East Boston men. Nicholas d'Agostino, 33, and Salvatore Polonetti, 30, were arrested in Boston's wholesale market in the city and charged with larceny of more than \$100. They were released on \$1,000 bail each.

Police alleged the two men were attempting to sell a load of trees when they were arrested. John Lindsay of Chatham, N.J., told police two men flagged his truck to a stop near

## Nowlan's Anniversary Honored

CAPITAL BUREAU OF THE GUARDIAN OTTAWA—Conservative Senators and members of Parliament from the Atlantic Provinces honored Hon. George Nowlan, MP for Digby-Annapolis-Kings on Friday at an informal luncheon. The occasion was the 15th anniversary, to the day, of the first election of Mr. Nowlan to the House of Commons. He was a by-election in his riding following the retirement of Hon. J. L. Halsey and has held the seat ever since except for one brief period when the election of a Liberal member was later declared void. Chaired by the Hon. J. Halsey, the luncheon was given by a number of Mr. Nowlan's friends, including Hon. J. Angus MacLean, MP for

## Consumer Prices Move Upward In Seven Cities

OTTAWA (CP)—Consumer prices moved upward last month in seven of 10 Canadian cities, the Dominion Bureau of Statistics reported here in its latest compilation of consumer price indexes. The index—a yardstick of consumer prices—dropped slightly in Ottawa, stayed static in Vancouver and Edmonton-Calgary, and climbed 0.1 in St. John's, Halifax, St. John, Montreal, Toronto, Winnipeg and Saskatoon. Increases ranged from 0.1 per cent in Toronto and Saskatoon Regina to 0.5 per cent in Winnipeg. Here is the city breakdown, covering food, housing, clothing, transportation, health and personal care, recreation and reading, and tobacco and alcohol, with the October index in brackets: St. John's, Nfld., 120.4 (120.3); Halifax 131.4 (131.2); Saint John, N.B., 133.3 (133.0); Montreal 133.4 (133.4); Ottawa 134.5 (134.5); Toronto 135.2 (135.0); Winnipeg 131.2 (130.6); Saskatoon-Regina 128.7 (128.6); 132.8 (132.8); St. John's, Nfld. (127.7); (127.7); (131.8).

## Pennies For Telephone Calls Is Real Problem In Britain

LONDON (AP)—The nickel telephone may be extinct in the United States, but in London the fourpenny phone call has gone down to three. This is a boon to pocket money, but it is a problem for people whose friends answer the telephone. "Hello," said the pocket book front, the move to lower the price of pay calls conceivably could spread across the Atlantic. If the five-cent phone call returned to the U.S., could nickel be far from a carry their own pennies. As for trouser pockets, they have gained a new lease on life. That's because the fourpenny telephone call—the going rate in London until the recent price cut—costs four pennies. English pennies are approximately the size and weight of American pennies. There is a thriving industry in England that carries their own pennies. They do not give change for telephone calls. They mean it, too. The result was that people who planned to telephone anyone do not negotiate. They are eight-penny for each call, in case of wrong numbers. Eight pennies in one pocket caused a person to list dangerous. For pennies on the side ruined two pockets instead of one. It was a hard choice. They were hardest on fat men. They were with their stomachs, ahead of time. When you made a telephone
