Beauty

Is desired and admired by all. Among
the things which may best be done to
enhance personal
beauty is the daily
use of Ayer's Hair
Vigor. No matter
what the color of
the hair, this prepa-
ration gives it a lus-
tre and pliancy that
adds greatly to its
charm. Should the
hair be thin, harsh,
dry, or turning gray,
Ayer's Hair Vigor
will restore the
color, bring out a
new growth, and
render the old soft and shiny. For
keeping the scalp clean, cool, and
healthy, there is no better preparation
in the market.

"I am free to confess that a trial of
Ayer's Hair Vigor has convinced me
that it is a genuine article. Its use has
not only caused the hair of my wife and
daughter to be
Abundant and Glossy,
but it has given my rather stunted mus-
tache a respectable length and appear-
ance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without
any assistance from my wife, either).
I tried Ayer's Hair Vigor, using only
one bottle, and I now have as fine a
head of hair as any one could wish for."
—R. T. Schmittou, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my
family for a number of years, and re-
gard it as the best hair preparation I
know of. It keeps the scalp clean, the
hair soft and lively, and preserves the
original color. My wife has used it for
a long time with most satisfactory re-
sults."—Benjamin M. Johnson, M. D.,
Thomas Hill, Mo.

"My hair was becoming harsh and dry,
but after using half a bottle of Ayer's
Hair Vigor it grew black and glossy. I
cannot express the joy and gratitude I
feel."—Mabel C. Hardy, Delavan, Ill.

An Off Year in Fishing.

FALLING OFF MORE THAN ONE QUARTER ALL
ALONG THE COAST.
A Gloucester, Mass., despatch says:
The past year has been an off one in fish-
ing followed by the New England, Nova
Scotia and Newfoundland fleets, and the
catch at most of the leading ports, from
Provincetown to St. John's, shows a fall-
ing off of more than one-quarter from the
average. Gloucester shows similar reduc-
tions than almost any other port. Fol-
lowing is the annual summary by Messrs.
Proctor Bros., with sufficient data for com-
parison with former years. The falling off
of the western bank fishery in the past
few years is worthy of note, as also the
gradual decline in the Georges' catch,
while the Grand Bank cod fishery receives
more attention. Cape North cod fishery
during the early part of the year proved
successful. The Greenland halibut fishery
has given place to the Iceland fishery,
where there is less governmental inter-
ference, with better prospects for suc-
cessful voyages. The mackerel fishery comes
nearest absolute failure, the catch having
declined steadily the last half-dozen years,
until the product is only a nominal one. A
portion of the catch was secured by resort-
ing for the first time in many years, to the
old-time hook and line fishery, but for
which result the season's work would have
proved more disastrous. The main prod-
ucts of Gloucester vessels following winter
fresh fisheries, marketed in Boston, do not
appear in the table; neither do occasional
bank and mackerel fares. Gloucester ves-
sels landed at Boston and Portland, or in-
cidental products such as tongue and sounds.
The receipts at this port the past year, as
compared with previous years, were as fol-
lows, from all sources:

	1887	1888	1889.
Cod, lbs.	58,190,900	48,768,300	44,331,118
Halibut, do	8,974,000	7,692,000	7,241,669
Mack'l brls	44,762	23,250	11,465
Salt herring	6,710	5,060	5,354
Fish oil, bls	5,114	750	1,823
Porgies, bls	365	2,393	1,338
Shore her- ring, brls	12,347	5,220	6,079
Spurling, brls....		438	1,359

ONE of the reasons why Scott's Emulsion
has such a large sale is because it is the best.
Dr. W. H. Cameron, Halifax, N. S., says: "I
have prescribed Scott's Emulsion of Cod
Liver Oil, with Hypophosphites, for the past
two years, and found it more agreeable to the
stomach and have better results from its use
than any other preparation of the kind I have
ever used." Sold by all druggists, 50 cents
and \$1.
No SMOKE.—According to an exchange a
new process for burning coal without smoke
has lately been discovered. It consists in
sprinkling water containing a special prepa-
ration of resin over the coal, and the result is
there is no smoke, and the glow is as intense
as coke.
As you like it. Gray and faded whiskers
may be changed to their natural and even
color—brown or black—by using Bucking-
ham's Dye. Try it.
DIED.
At Victoria Crapaud, Dec. 3rd 1889, of Con-
sumption, after a painful illness of five
months duration, Robert L. Logan in the 28th
year of his age, leaving a sorrowing mother,
brother and sisters to mourn their loss.
The deceased was generally esteemed as a
sober industrious young man, a good obliging
neighbour, and a kind son and brother.
