DID YOU KNOW?
The Canadian death rate from tuberculosis has dropped from 47.2 to 21.2 per 100,000. This is most encouraging but did you know that during 1956 there were 2,000 new cases discovered and 13,000 sanatorium beds were in use in Canada.
In Prince Edward Island, during 1956, 48 new cases were discovered and about 25 cases were treated in the Sanatorium.
Support the Prince Edward Island Tuberculosis League in their efforts to help prevent tuberculosis and BUY AND USE CHRISTMAS SEALS.

Annual Meeting
Jersey Cattle Club
Will be held at the Rendezvous Restaurant with dinner at 12 o'clock Tuesday, Dec. 17th, followed by meeting. Directors will meet at 11 a.m.
All interested in Jerseys are invited to attend.

LOST IN TRIMMING?
Soon our towns and cities, homes and churches will be so brightly lit as at no other time, thereby heralding the One who is "The Light of the world." But as we prepare to pay special homage to the One who made the "Light of His coming" in the form of His coming in the form of His coming in the form of His coming...
