NO MORE SCIATICA.

Valentine Fisher is Cured of His Troubles to have no return—He is doing a flourishing Fruit Tree Business.

COLLINGWOOD, Sept. 10.—About a year ago, a telegraphic despatch from here told how Valentine Fisher, who had suffered for years from sciatica, and who was so crippled with the disease as to be unable to worry and was generally thought at death's door, was cured by Dodd's Kidney Pills. That the story was no fiction was known by all citizens of this place. That the cure is a permanent one is now just as generally known, for since his recovery, Mr. Fisher has been hard at work selling fruit trees for Chase Bros., of Rochester, N. Y., and has travelled the whole of this section for this firm with most gratifying success.

The Russian newspapers recently spread the report that the ministries of agriculture and imperial lands intended to employ women in the work of their departments. The result was a mass of petitions from women, and it took a denial in one of the official papers to convince the ladies that they had disturbed themselves uselessly.

This is a hard season on old people. Many are weak, have no appetite, and are generally depressed. A course of Hawkers nerve and stomach tonic will give them a new lease of life.

There is much pointed argument in a bayonet.

An extension ladder for upper berths of sleeping cars has been devised.

All who desire to avoid imposition and be cured, should insist on having Pond's Extract, put up only in bottles, with landscape trademark, on surrounding buff wrapper.

Laws made for the few steal from the many.

The greatest flesh and blood maker in existence and a life-saver to consumptives is Miller's Emulsion of Cod Liver Old, "the kind that cures" colds, coughs bronchitis and lung diseases generally. Every bottle warranted. No oily taste like others. In big bottles, 50c. and $1.00, at druggists.

Only the vulgar are overpolite.

There is a magic in the perfect costume It makes beauty more powerful than the sovereigh. It is the brilliant setting for beauty; and for those who have not the conquering power of looks, it lends the illusion of them. Some ladies say: "It is not so much the material as the make up.' But the right material must be there, or you cannot have a creation. Priestley's dress fabrics are noted for the beautiful result they realize in the hands of the modiste, draping and fitting the figure with exquisite grace. The trade mark is "The Varnished Board.

Originality is the ascendancy of the individual over the preconcerted ideas of the massses.

The steamer Sikh, sailing from Port Townsend, Wash., for the Orient on Saturday, carried away three Chinese who are in a peculiar predicament. They left China at the breaking out of the war with Japan, landed at Victoria and made their way across the continent, attempting an entrance into New York. They were captured and ordered to be deported, being brought to Port Townshead in charge of Marshals at a cost of $3,000. The penalty of desertion in China is death, so that when the coolies arrive at Hong Kong they will be sentenced to death. This fact prompted several local humanitarians to interest themselves in the case, with the result of developing the remarkable fact that, though the sentence of death be passed, the culprit need not necessarily die. Fear of death is conspicuously absent among the Chinese and only in the case of the better classes, who appreciate the stigma is any attempt made to avert that fate. This is easily accomplished by furnishing a substitute, usually a coolie, who for a small pecuniary payment and time in which to spend the same, will willingly take the place of the condemned man. As the three Chinese are well provided with money, it is likely they will suffer death by proxy.

Priestley's Dress Goods

A good name is more potent than thrones and kingdoms. In business a good name is vital. The name of Priestley is a synonym for what is delicate, durable and beautiful in Black Dress Goods. In England it is a household word. Priestley's dress fabrics are worn by the well dressed women of Great Britain, while on this side, they have attained to general favor. Ladies should buy no other black dress goods till they have seen Priestley's. They add to an unequalled durability, a beautiful draping quality. Women of taste understand what that means in the success of a costume. 1

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the best interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ar

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

FOR YOUR MOULTING HENS.

Moulting is an exhaustive process. Hens rarely ever lay while moultilting, then help them to get their new plumage quickly. Many people get only five to six dozen eggs in a year from a hen, and loose money, when they ought to get three times that many and make money rapidly. How? There are about 600 eggs in the ovaries of a hen; get all you can of them in two years then kill the hen. You thus save two or three years feeding of the hen which is no small item if you buy all the food. When a hen is in "condition" says a poultry authority "she will lay plenty of eggs." Therefore help her through the moulting, that she may be in condition to lay daring the winter. Thousanes of people have proven Sheridan's Condition Powder to be worth its weight in gold when hens are moulting. It keeps them in health, helps form the new plumage, and gets them in condition to lay early. If you give them during the moulting season Sheridan's Condition Powder daily in extra doses, they will get to laying much sooner and lay all winter, larger, better, and more vigorots eggs for batching than pullets. But dont keep them a third year, get all the eggs in two. Remember Sheridan's Powder is not an egg food; you can raise or buy food as cheaply as we can. To any person interested, I. S. Johnson & Co. Boston, Mass., the onely makers of Sheridan Powder, will send for 50 cents two 25 cent packs, five packs for $1.00; or for $1.20 one large two pound can of Powder, postpaid; six cans $5.00, express prepaid. Sample copy of the best poultry magazine sent free.
