Heavy Damages Asked For Sex Changing Try

BUFFALO, N.Y. (AP) — A 36-year-old man from a wealthy Buffalo suburb filed suit in State Supreme Court for $5,000,000 damages, charging he was made into "a freak and non-entity" by a series of operations designed to turn him into a woman.

The complaint filed by David Reed Cameron of Orchard Park, charged that four doctors "conspired together and maliciously and wilfully entered into a scheme to experiment upon the body of the plaintiff."

The attempted transformation, said the suit, was "in violation of the laws of God and man, and the folkways of American society and civilization."

Cameron did not appear and no further details about him were available. The papers said he also was known as Joan Carol Reed.

His lawyer, Albert Averbach of Seneca Falls, N.Y., declined to discuss the case beyond the details in the complaint.

Also named was Buffalo General Hospital, where the complaint said the operations were performed Dec. 30, 1960, and the following March 25.

The operations, the complaint charged, were undertaken "without regard to the psychological or social consequences" for Cameron. As a result, the complaint continued, Cameron's "physical and mental health were severely impaired."

The individual defendants, the suit continued, "fraudulently represented to the plaintiff that following the surgical interventions and procedures . . . the plaintiff would be able to lead a normal life as a woman, and would be employable as a woman and would be cured of his previous physiological problems."

But in fact, the suit charged, Cameron was left "without sex, or sexual reproductive organs, male or female."

The suit specifically asked for $2,000,000 in compensatory damages and an additional $3,000,000 as punitive damages.

Reds' Military Buildup Seen Defensive Move

HONG KONG (Reuters) — A current Communist Chinese military buildup in Fukien province opposite Nationalist - held islands off the Red China coast has been a large-scale operation involving complete army divisions, informed sources reported.

The speed of the operation indicated it was defensive in character, the sources said.

The interpretation ran counter to a view expressed by Rear-Admiral Pei Yu-fen, spokesman of the Nationalist Chinese defence ministry in Taipei, Formosa, who said the Communists intend to attack the offshore islands, Quemoy and Matsu, both claimed by Red China.

Informed sources here said the buildup was probably aimed at discouraging the Nationalist regime of Generalissimo Chiang Kai-shek from making a move to "return to the mainland."

The nationalists have been clamoring for a counter-attack on the mainland while, many Nationalists have claimed, Communist China teeters on the verge of collapse because of internal unrest and food shortages.

Meanwhile, a Hong Kong newspaper, Kung Sheng Daily, reported that Nationalist forces on Quemoy staged several small hit - and - run commando raids on the Fukien coast June 14.

There was no official comment on the troop buildup in this British Crown colony.

But in London a foreign office spokesman expressed British "concern" about the concentrations of troops in Fukien.

The United States also has expressed concern.

North Borneo Being Sought

MANILA (Reuters) — The Philippines announced that it would asset a claim to ownership and sovereignty over the British protectorate of North Borneo.

(But in London, the foreign office said Britain is entirely satisfied that is "is entitled to and enjoys sovereignty over North Borneo and that no valid claim to such sovereignty can lie from any other quarter.")

President Diosado Macapagal made the claim at a press conference here and said The Philippines sent a note to Britain stating its position and asking for talks on North Borneo.

The note said his government believes the issue could be settled peacefully, he added.

Th North Borneo territory is made up of 29,388 square miles of jungle, mountains and crocodile-infested rivers and is rich with timber, rubber and copra.

In Singapore, official sources expressed confidence the proposed Malaysia federation would come about despite the Philippine claim. The federation would comprise Malaya, Singapore and the three British territories and protectorates on the island of Borneo — North Borneo, Sarawak and Brunei. The southern three - quarters of Borneo belong to Indonesia.)

The Philippine claim to British North Borneo was brought up by the heirs of the Sultan of Sulu, who, the British say, signed an agreement in 1878 with the British North Borneo Company ceding the territory in perpetuity in return for an annual payment of 5,000 Malayan dollars (about $1,640).

The company turned over the territory to Britain in 1946. The heirs now say the agreement was a lease and not a sale, and that North Borneo is Philippine territory.

FEMALE BITES

Mosquito bites come from the female of the species; the male mosquito cannot bite.

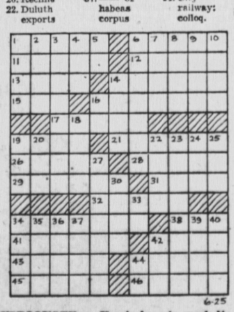
Saturday's Answer



6-25

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

The bidding:

North	East	South	West
Pass	Pass	1♥	2♦
3♥	3♠	4♥	Dble

Opening lead—king of diamonds.

This remarkable hand occurred in the trials conducted last fall to select a team of represent North America in the world championship.

The hand is remarkable in the sense that at each of the eight tables at which it was played a contract of four hearts was reached—even though declarer had four tricks to lose—and doubly so, because every declarer succeeded in making the contract!

The bidding went as shown at the table where Charles Coon was North and Eric Murray South. Coon and Murray qualified as the number one pair in the trials, and together with Mervin Key G. Robert Nail and Lewis Mathe-Ron von der Porten, became the American team.

West led the king of diamonds and Murray took the ace and returned a heart. West played the ace and was now faced with the same defensive problem as arose at each of the other tables.

The only way for West to defeat the contract at this point was to cash the queen of diamonds and then shift to a club. Not one West player found this defense. They were all reluctant to cash the queen and establish dummy's jack, so they shifted to either a spade or a club (except in one case).

This turned out to be fatal because declarer was eventually able to discard his diamond loser on the ten of clubs. The only tricks these declarers lost were a heart and two clubs.

The defense took a peculiar twist at Murray's table. West knew that East had started with a singleton diamond. East had played the six on the opening lead of the king of diamonds and it was clear that if East had had the 8-6, he would have played the eight to show the doubleton.

So rather than set up the jack by cashing the queen, West led a low diamond at trick three for East to ruff. East was unable to oblige, since he had no more trumps, and Murrray thus made four hearts.
