NEW YORK

NEW YORK (CP)—The stock market took another fairly sharp setback Thursday but not until a rally failed to make progress. Trading was moderately active.

The loss was nothing like that of the preceding session, the steepest in four months. Prices declined in early trading, then recovered to post an irregular advance by mid-session. Renewed selling drove prices down in the afternoon, but the worst losses were clipped before the close.

The Dow industrials fell 2.96 to 706.03, compared with their drop of 7.33 in the previous session.

Volume was only 4,560,000 shares, not much changed from Wednesday's 4,490,000.

The decline took in most sections of the list, including motors, rails, chemicals, electronics, nonferrous metals, and utilities. Steels and building materials were mixed.

Some of the more volatile issues were down sharply, IBM dropping 4½ to 434¼.

The Associated Press average of 60 stocks dropped 1.0 to 270.4 with industrials off 1.5, rails off .7, and utilities off .3.

Pennsylvania Railroad was the most active stock, rising ¼ to 19⅝ on 123,200 shares. It was the only gainer among the 15 volume-leaders Wednesday.

Among the top steels, U.S. Steel and Republic lost ¼ each while Bethlehem gained ¼ and Jones and Laughlin ⅝.

Among Canadian issues, Aluminium Ltd. and Granby Mining both were off ⅛, while Hudson Bay Mining and International Nickel slipped ¼. Canadian Pacific was down ⅝ and Distillers Seagrams slipped ½. McIntyre Porcupine was up ⅛.

American Stock Exchange prices moved irregularly on volume of 1,120,000 shares compared with 1,130,000 Wednesday. Scurry Rainbow Oil was down ¼ and Preston slipped 1-16. Canadian Marconi advanced ⅛.
