### CARRY ME HOME TO DIE.

O carry me back to my childhood's home.
Where the ocean surges roar,
Where its billows dash on a rock-bound coast,
And moan for ever more.
I'm pining away in a stranger's land,
Beneath a stranger's eye:
O carry me home, O carry me home,
O carry me home to die.

I sigh in vain for my native hills,
Their sweet and balmy air,
Would waft away from my youthful brow
Each trace of gloomy care,
I sigh to breathe the air of home,
To gaze on its starry sky:
O carry me home, O carry me home,
O carry me home to die.

I long to see my mother again,
And hear her sweetly say,
"Come, weary dove, here's thy home,
Then fold thy wing and stay."
'Twould ease my pain to hear her voice,
When death had darkened my eye:
O carry me home, O carry me home,
O carry me home to die.

Then let me rest in a peaceful grave,
Beside the lov'd and dead,
For the quiet earth is the only place
To rest my weary head.
I would sleep sweetly if you buried me there,
Beneath my country's sky;
O carry me home, O carry me home,
O carry me home to die.

## MISCELLANEOUS.

**Condition of the Jews in the East.**—The war which is perhaps, at this moment, thinning the ranks of Mussulmans and Russians, acts most remarkably on the Jews of Turkey and Russia. While the Rabbi of Constantinople has ordered prayers to be offered up in every synagogue throughout the Turkish dominion, beseeching for the success of the Ottoman arms; while Jewish legions and Jewish money are lavished with a free hand to aid the Sultan, the Jews in Russia are called on by ukase to supply men and find money to aid the Czar in his struggle. It is with them not a matter of choice; they have to kiss the rod that chastises them. More than one million Jews are subjects of the Czar, and have to submit to his will. The Rev. S. M. Isaacs informs us that letters have been received, stating that a ukase has been issued by the Czar, prohibiting his Jewish subjects from sending any money for the relief of the poor in Palestine. This cruel edict will operate with terrible effect on the indigent Jews of Jerusalem, who have at all times received large contributions from Russia and Poland. The Rev. Mr. Isaacs remarks what a good thing it is for the Jews in the East that the Czar connot steel the hearts of the humane in the West.

**A Startling Prophecy.**—The following remarkable passage was written twenty years ago by the Duke of Ragusa, a Marshal of France, who died not long ago at Venice. It appears in his Memoirs, published before the commencement of the Turko-Russian difficulties:

"If an Anglo-French fleet passes the Dardanelles and arrives at Constantinople; if, at the same time, 50,000 men of the Alliance take up their position at Adrianople, the Russian squadron will retreat to Sebastopol, and will not again venture forth; if the Czar passes the Danube, and sends his army to the Balkans, he has to fight at once with the Turkish, French, and English forces; and by supposing the non-neutrality of the Court of Vienna, he is exposed to all the dangers of an Austrian army coming upon him from Transylvania."

This is a startling prophecy, even for a Marshal of France.

**Tunneling the Alps.**—We preceive by the foreign papers that the Council of the Canton of Ticino has decided, by a majority of 90 to 11, to give out the making of a tunnel through the Alps, from Lake Maggiore to Lake Constance, to unite the Piedmontese line with that of Central Germany. This tunnel will be sixteen miles (25,000 metres) in length, and is to be lighted and ventilated by fifty shafts of enormous depth.

**English Queens and European Wars.**—Each of the queens that has sat on the English throne has had to wage an European war; though Mary lost Calais, the Virgin Queen Elizabeth successfully resisted the Invincible Armada; Good Queen Anne brought the war with Louis XIV, to a close, which procured the recognition of the Protestant succession, various territorial concessions from France in America, Spain's resignation of Gibraltar and the pillars of Hercules, that stand as the portico to the Mediterranean Sound. Elizabeth opposed to the Spanish, Anne to the Bourbon, Victoria to the Muscovite universal monarchy—is not that a peculiar ordination of God? Victoria—it's a name that sounds well in the ears of a nation and of all her allies. What champion does not look hopefully to Victoria? Her victory this time will be the victory of peoples, the victory of all nations.

**Chinese Bible.**—The Glasgow Bible Society have, it is stated, resolved on raising a fund for giving the whole Bible to the Chinese, the New Testament fund being understood to be now secured.

### The Renowned Remedy!
### HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

*Copy of a Letter from J. Noble, Esq., Muyor of Boston, Lincolnshire.*

To Professor Holloway,

Dear Sir,—Mrs Sarah Dixon, of Liquorpond street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules, as to diet, &c, she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,
(Signed) J. NOBLE.

Dated August 12th, 1852.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

*Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated January 12th, 1853.*

To Professor Holloway,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Oinrment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,
(Signed) ELIZABETH YEATES.

A DREADFULLY DISEASED ANCLE CURED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

*Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853.*

To Mr. Dixon,

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which, by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL HEALTH.

*Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated February 12th, 1853.*

To Professor Holloway,

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mr. Martha Bell, of Pitt-street, in this town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain dear Sir, yours faithfully,
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

## AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors. and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

Prof. Valentine Mott, the distinguished Surgeon of New York City.

Doct. A. A. Hayes, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

Ira L. Moore, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. Southwick, Esq., one of the first merchants in New York City.

C. A. Davis, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
