A Harvest Hymn.

BY MARIANNE FARNINGHAM.

Thank God, that on a thousand hills
His summer gift the landscape fills;
And reapers in the joyous morn
Are busy with the ripened corn.

Thank God for all the generous rains,
And the hot sunshine on the plains;
And that the seasons' grey and gold
Brought increase of a hundred-fold.

Thank God for plenty everywhere;
And, that the poor may have their share,
The miracle of loaves again
Is wrought for multitudes of men.

Thank God for all the corn that stands
In other fields of other lands;
And that where'er his children roam
Some grateful hearts sing "Harvest Home."

Thank God with life as well as lip,
With lowly prayer and fellewship;
With holier hope and nobler aim,
Sing praises to the Father's name.

Thank God that all the harvest store
Is only one love-gift the more;
That He who gave His Son will spend
His love in blessing to the end.

Thank Him who, for our joy and rest,
Has made the Father manifest;
And for His Kingdom that shall come,
With Righteousness for Harvest Home.

American Stock Market.

The recent upward movement on the Stock Exchange, says Henry Clewes, proved irresistible. Nothing equaling it either in force or character has been seen in years. Based on the soundest of all foundations, the profuse generosity of nature and a healthy national prosperity, it is evidently impossible to seriously check the spirit of buoyancy thus imparted. In the course of time it will undoubtedly run to excess; it will also be accompanied by fluctuations of varying severity; it may be that in some instances the advance is already beyond reason; but the one great fact remains, that of all nations on the earth we are this year most wonderfully favored in respect to the products of the soil. With assured plenty at home and scarcity abroad, the farming classes of the United States have before them a period of prosperity to which they have long been strangers. Not only the railroads and business interests generally will benefit directly from large and paying crops; but in another respect, so far not fully appreciated, will they receive advantage. The farmers of the Northwest have for years been overridden with debt; and the discontent thus promoted has been at the bottom of the injurious currency and anti-railroad agitations. If the estimate that our wheat, corn, oat and cotton crops will prove worth 2,000 millions of dollars, and there is no reason to doubt these figures, it is safe to assert that hundreds of millions of farm mortgages will be paid off, in part or full. Lenders have had such unpleasant experiences with this sort of security that they will be glad to regain their money; and borrowers will be equally eager to escape the heavy interest charges which swamped hard-earned savings. Contentment will succeed discontent amongst the farmers, and we shall hear less of the crazy currency and silver agitations which have held capital in fear and trembling the last few years. For the Farmers' Alliance there will be no further use whatever; and we may also hope for more decent treatment of railroad interests from the various State Legislatures. On the other hand, the capital released from farm mortgages must find investment somewhere; and this, as already said, is a point often overlooked in estimating the future demand for stocks. Such influences as these are at the bottom of the present movement, and account for the stubborness with which the public are holding fast to stocks.

Marriage and Divorce.

IN TWENTY YEARS 328,716 DIVORCES WERE GRANTED IN THE UNITED STATES.

"Marriage and Divorce" was the subject of an interesting paper read before the Uniterian Conference at Saratoga, N. Y., on 26th ult., by Hon. Carroll D. Wright, of Washington. After reviewing the marriage statistics in the various states in the union, Mr. Wright said: "From 1867 to 1886, inclusive, there were granted in the United States 328,716 decrees of divorce, the increase being steady and rapid yearly, showing an increase of 157 per cent. in the 20 years, in which the population increased only 60 per cent. Of the 328,716 divorces granted in the 20 years specified, 216,176 were granted on the petition of the wives. The duration of the married time is also an interesting study.

"In the period named it averaged 8.07 years for the men, and 9.27 for the women. Less than 20 per cent. of the parties are divorced in other States than those in which they are married. In the number of divorces examined, in 58,524 there were no children, and in 141,310 the children form ed no part of the question arising."

FOR OVER FIFTY YEARS Mrs Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. 1yr
