

OLD HOME WEEK BEGINS

Official Opening By Premier Scheduled For This Afternoon

The annual "Old Home Week" celebrations will get underway today and over the weekend a large number of visitors from near and far poured into the city to share with Islanders in the six fun-filled days of celebrations.

According to officials at the Charlottetown Travel Bureau there were still plenty of accommodations available last night but it is expected that some homes will be pressed into service to handle any overflow that may result.

One of today's main attractions will be the official opening of the exhibition at 2 p.m. by Premier Alex B. Campbell.

This will be a big week for racing fans as racing classifier, Frank "Duck" Acorn has arranged 12 great events bringing together the best horses in the Maritimes.

RIG RACE TONIGHT

The Evening Patriot invitation is an open race for a purse of \$2,500 and termed by racing fans as the greatest event of the week will be the Evening Patriot Gold Cup and Sauer purse of \$3,000 scheduled for Friday night.

Post-time each day will be at 2:30 and 8:30 p.m.

Another event that will be carried

Missing Woman Found Alive

After two nights in woods on Campbell Island, Mrs. Thomas Ward, 83, was reported well and resting in hospital here Sunday night.

The aged woman, a resident of the island off southwestern New Brunswick, said she "felt the searchers had put themselves out enough, so I decided to walk out."

She wandered into the woods Friday night and was found early Sunday afternoon by two of about 150 searchers.

Rights Marchers Assaulted By Angry Whites In Chicago

CHICAGO (AP) — Angry whites threw rocks, eggs, bottles and firecrackers at 200 civil rights marchers in an all-white neighborhood Sunday as 500 policemen attempted to control the crowd.

Policemen dived into the mass of people lining the streets of the Gage Park neighborhood on the southwest side after missiles were flung on the Negro and white marchers. Three persons were arrested.

At the same time, 200 marchers walked into the Jefferson Park area on the northwest side and 275 demonstrators moved into the southwest side Bogart area.

Liberal Meeting Claimed Success

By JOHN SHORT

SASKATOON (CP) — Liberal party leaders and officials in the four western provinces agreed Saturday the western Liberal conference ended in success.

About 400 participants gathered here to formulate a western viewpoint for submission to a national Liberal conference in Ottawa in October, heard the leaders tell a closing session most of the objectives had been reached.

Manitoba party leader, Gil Moizal, felt the conference should become the start of a series and suggested the next one probably in 1968, be held in Winnipeg.

There was some talk before the conference of a slight possibility that Saskatchewan Premier Ross Thatcher would attempt to lead a separate western party if there was any indication Ottawa would not heed western wishes.

Mr. Thatcher, who left immediately after the closing banquet for a holiday in Europe, said no discussion of the possibility arose at the sessions.

Only a few issues caused heated debate during open sessions Saturday.

APPROVE FREE TRADE

Delegates approved a plea for establishment of a free trade area in North America after turning down a simple submission that the conference should go on record as supporting freer trade.

A suggestion by Mr. Thatcher that the free trade area should be based upon the European Common Market was turned down.

Senator A. H. MacDonald of Regina explained one of the main aims of members of the

ried on throughout the week that is sure to please the tastes of all those who are young at heart is the vaudeville show. This year eight acts will take part, featuring everything from clowns to high pedestal bicycle riders.

The show will be presented every evening, Monday to Friday, at 7:00 p.m. and Tuesday to Friday at 1:00 o'clock in the afternoon.

The judging of handicrafts will

4 Escape In Crash

Four persons escaped serious injury Saturday afternoon when a light twin-engine plane crashed among trees at the end of a private airstrip as it came in for a landing at St. Edouard, about five miles east of this eastern New Brunswick village in Kent County.

The passengers were trapped in the damaged plane for some time while the pilot, who managed to free himself, went for help.

The passengers were Mrs. K. C. Irving, wife of the Saint John, N.B. industrialist, and Mr. and Mrs. Frank J. Lang, also of Saint John. Mrs. Irving entered St. Joseph's Hospital at Saint John for x-rays. Mr. and Mrs. Lang were admitted to Moncton City Hospital for treatment for injuries. All were reported in satisfactory condition Sunday night.

The pilot, S. Logan of Saint John, was shaken up and suffered bruises.

The aircraft, an Aero Commander 60-S owned by Irving Transport, was described as a total loss.

Pair In Boat Receive Food From Tanker

LONDON (Reuters) — Two British paratroopers who have been rowing across the Atlantic for 10 weeks took on food and water from a tanker Saturday. It was the first sighting of them since July 1.

The British tanker Haustellum radioed that the rowers, Capt. John Ridgeway and Sgt. Chay Blyth, were in good health. Lloyd's shipping intelligence reported.

They were 740 miles from the Seville Isles, at the southwest tip of England.

Ridgeway and Blyth left Falmouth, Mass., in their open boat, English Rose, early in June.

Another pair of Britons trying to row the Atlantic, reported David Johnstone and John Hoare, who left Virginia Beach, Va., in a boat called the Puffin May 21, were last spotted July 27. Ships have been asked to keep a lookout for them.

N. B. Couple Dies In Crash

REGINA (CP) — The death toll from a two-car collision near Regina Saturday night climbed to three Sunday with the death of a New Brunswick man in hospital. His wife died earlier of injuries suffered in the accident and a Regina man was also killed.

Police had not released the names of the Maritime province residents but it was reported they were on a holiday trip from Moncton.

The Regina man killed in the crash was Joseph Kuzmic, 29. The accident occurred when one of the cars Sunday with the death of a New Brunswick man in hospital. His wife died earlier of injuries suffered in the accident and a Regina man was also killed.

Storms Lash At Scotland

GLASGOW (AP) — Storms lashing southwest Scotland derailed an express train Sunday, swept an automobile into a swollen river, blocked roads and stranded motorists.

A landslide set off by the storms derailed the first five cars of the London-Glasgow express in the county of Dumfrireshire, but no casualties were reported.

A girl motorist was rescued after her car was swept into a river in the same area. Fallen trees blocked roads and many cars were stalled by water-logged engines. Several bridges were reported washed out.

A feature of today's show is the sale of registered steers which follows the judging of these animals at 8:30 in the evening. This is one of the feature events of any livestock show, and many livestock fanciers are looking forward to this event.

Tuesday's cattle show gets underway with the Holsteins and Ayrshires holding the spotlight. The swine and poultry judging is also scheduled for Tuesday.

London Sees Manhunt

LONDON (AP) — Hundreds of armed police Saturday fanned out in the biggest manhunt in London's history looking for the killers who gunned down three unarmed policemen.

As the dragnet widened throughout the metropolis, the order went out from Scotland Yard to all police officers: "These men must be taught at all costs."

The plainclothes policemen were shot as they approached a parked car in the shadow of Wormwood Scrubs, London's biggest prison.

Children playing on an adjacent field witnessed the shootings. Motive for the murders remained a mystery but the three men who were gunned down were planning a jail break.

Two Nova Scotia residents were killed and two visitors from West Berlin, Germany, are in satisfactory condition in hospital here following a collision Sunday involving at least three vehicles at Alton, 10 miles from here.

Dorothy Marie MacDonald, 36, driver of one car, and a passenger, Helga Heidemann were both killed. The two women are from Manganese Mines in Colchester County.

The two other occupants of the MacDonald car, Mr. and Mrs. Frederick Hoff of West Berlin, were reported in satisfactory condition in Colchester County Hospital here.

Mr. Hoff is stepfather of both dead women and he and his wife, Elisabeth were on vacation in Canada.

The driver of a truck involved in the accident, Robert Simpson Francis of 52 St. Peter's Road, Charlottetown, was released from hospital after treatment for minor injuries.

RCMP investigating the crash were unable to give details of a third car involved. They are searching for a fourth car believed to have been at the scene. They described this car as a 1964 maroon Chevrolet with New Brunswick license plates.

The truck was reported owned by Keith MacKinnon Transport Ltd., Charlottetown.

Traffic Violators In France Forced To Hitchhike Home

PARIS (AP) — With radar and summary roadside justice, French authorities lifted drivers' licences from dozens of traffic violators during the weekend, leaving them to hitchhike or take the train.

It was too early to tell whether the hard-nosed methods would hold down the slaughter during the usually murderous four-day Aug. 15 weekend. But the prefect of Allier department (county), who initiated the campaign, is happy.

The careless drivers in my county are beginning to wise up," said Jacques Bruneau, who handed out justice from a roadside card table. Bruneau had over his head a sign which read "Attention: The committee for the immediate suspension of driver's licences is in action."

Bruneau's department, around Vichy in the centre of France, began getting tough last week. By this weekend, virtually all of the cars were making a left turn from the Trans-Canada Highway bypass around Regina.

The accident occurred when one of the cars Sunday with the death of a New Brunswick man in hospital. His wife died earlier of injuries suffered in the accident and a Regina man was also killed.

Police had not released the names of the Maritime province residents but it was reported they were on a holiday trip from Moncton.

Sailing Anniversary Is Marked By Battery

Former members of the 8th Siege Battery (Happy Eight) of the First World War celebrated Saturday the 50th anniversary of their sailing overseas in the afternoon. 32 of the surviving members took part in the artillery parade to lay a wreath in tribute to their fallen comrades.

LBj's Views Given Newsmen

JOHNSON CITY, Tex. (CP) — President Johnson closed a conference with his Vietnamese war commander Gen. William C. Westmoreland Sunday and said a Communist takeover of South Viet Nam now is impossible.

As long as United States and allied forces are in the field, Johnson said, a Communist takeover "is no longer just improbable... it is impossible."

The president told a press conference on the front lawn of his ranch that he and Westmoreland ranged over more than three dozen subjects in discussions that went into the early morning hours Sunday.

As to when the fighting will end or the Communist will seek a peaceful settlement, Johnson said:

"No one can say when this will be or how many men will be needed or how long we must persevere. The American people must know there will be no quick victory, but the world must know that we will not quit."

Westmoreland, who arrived here Saturday, said additional troops will be needed for the war in Viet Nam before the end of the year but there is no way saying at this point to what extent U.S. strength is destined to increase.

He noted that North Vietnamese regular army troops have been streaming down from the North in great numbers since the first of the year—a total of 40,000 or perhaps 50,000 of them.

And he indicated that about half of the Communist fighting forces are made up of North Vietnamese regulars.

ANSWERS QUESTIONS Under a flurry of questions from reporters, Westmoreland made these points:

—Plane losses have been regrettably high in Viet Nam in the last week, but they are low in other weeks and "the average is not out of line."

—There is no indication that the resolve of the leaders in Hanoi has been reduced.

—Bombings in the North have achieved considerable success in interrupting land movements.

On the question of mistreatment of prisoners, he said this is not happening in the South. Those taken by U.S. and its allied forces, he said, are turned over to South Vietnamese authorities after they are questioned and are handled in accordance with the Geneva convention for prisoners of war.

Strike Threat Over In B.C. VANCOUVER (CP) — Threat of a longshore strike which could have tied up shipping at all of British Columbia's seven major ports appeared to have vanished Saturday.

The International Longshoremen's and Warehousemen's Union (ILO) and the British Columbia Maritime Employers Association, announced a new agreement subject to approval of their respective memberships, giving the province's 3,400 longshoremen substantially what they asked for.

Shark Is Found 6,000 Feet Deep LAKE ARROWHEAD, Calif. (AP) — Unmanned sea cameras have discovered a huge shark-like fish at a depth of 6,000 feet off San Clemente Island, oceanographers said Saturday.

Scientists of the Scripps Institution of Oceanography, La Jolla, Calif., said they could not determine the species of the fish because the 2.5-by-12-foot field of the camera photographed only its gills and pectoral fin.

"It is probably a shark but a shark the like of which we have never seen before," said Dr. John D. Isaacs, director of marine life research for the institute.

Isaacs estimated the length of the fish at 15 to 20 feet and the width as three to six feet at the thickest part.

Yanks Put Spacecraft In Orbit Around Moon PASADENA, Calif. (AP) — The U.S. lunar orbiter spacecraft swung into an egg-shaped orbit around the moon Sunday, as it passed behind the moon.

Scientists confirmed they added: "It looks good, mighty good."

Spokesmen at the Jet Propulsion Laboratory said the photographic satellite's initial orbit was 119 miles by 1,160 miles, figured on the basis of preliminary tracking data.

The planned orbit was 124 miles above the lunar surface at its lowest point, and 1,150 miles at the high point.

Putting the craft into its elliptical orbit around the moon was the first successful U.S. mission of this type after seven failures. It was not the first spacecraft to orbit the moon, however, because Russia's Luna X attained lunar orbit last April. Luna has not been heard from since the last part of May.

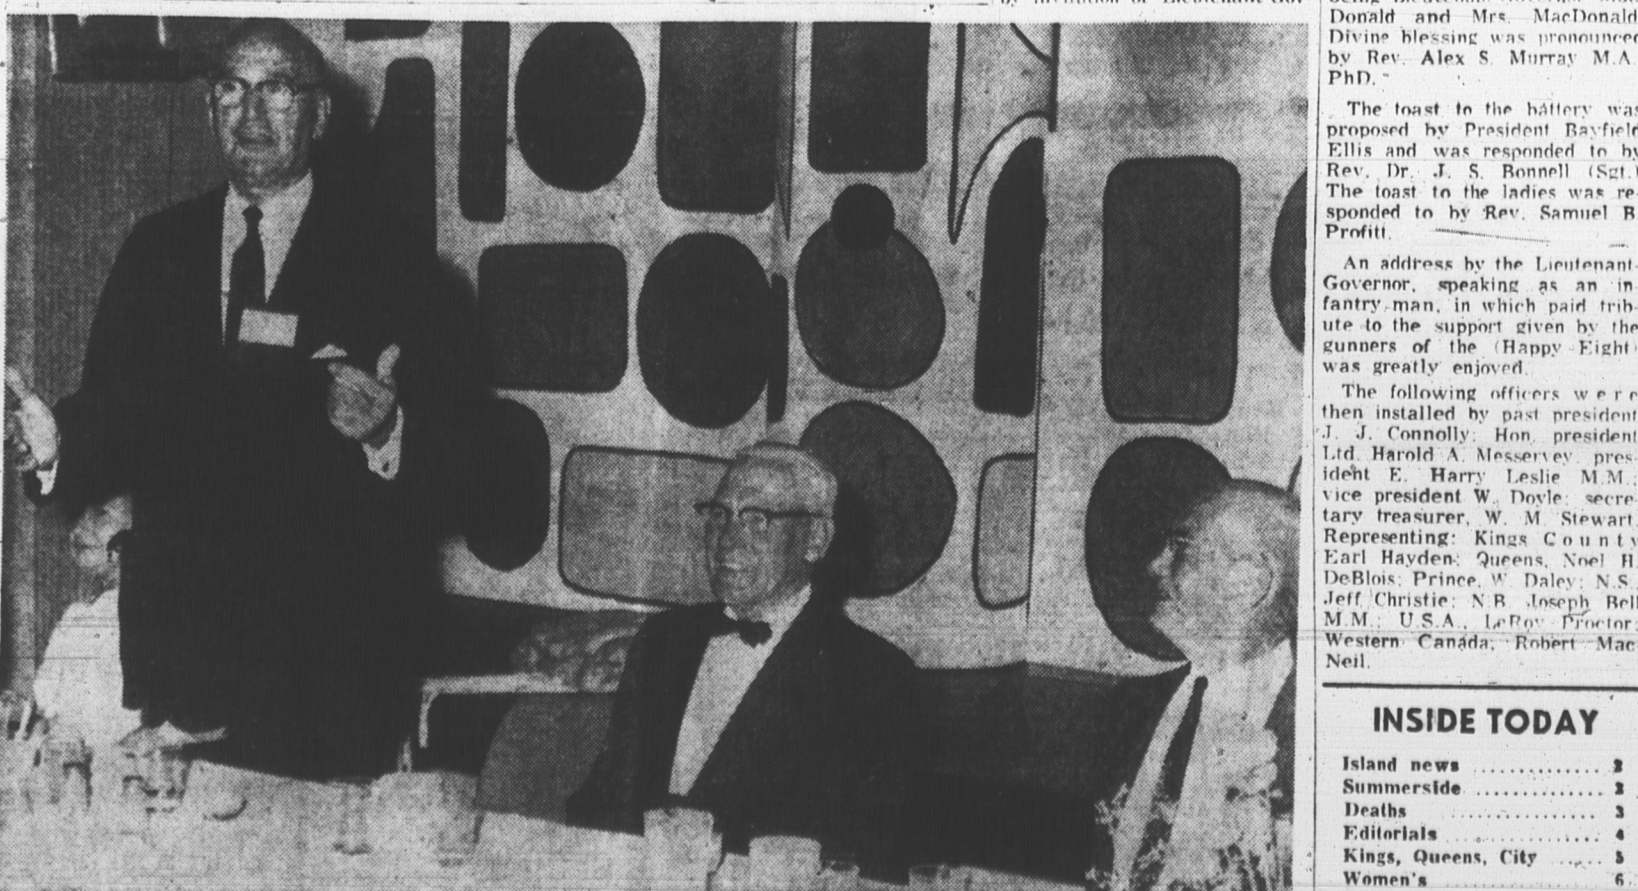

The 850-pound orbiter is designed to take pictures of possible landing sites for astronauts.

Next Saturday the vehicle will be brought into tighter orbit according to plan, and thereafter will begin recording observations use in the Apollo project.

About 350 photos will be used for the mapping of landing sites.
