Hallowe'en Play Presented By Clyde River Group

The Cornwall Mission Band under the leadership of Mrs. Herbert Scott and Mrs. George Macmillan held a successful social in the hall on Friday evening. The highlight of the evening was the Hallowe'en play presented by the Clyde River children. This play was directed by Mrs. Reg. Mackinnon and several of the players were in the Provincial Festival winning play. The Cornwall Mission Band are very grateful to those members of Clyde River, Elmer Mackinnon acted the part of the janitor in the "Goblin Parade" and Keith Mackinnon was the boy. Donna McGinnis was Harry, and Jack was Claude MacPhee. George Gillespie acted the part of the scare-crow, quite a difficult performance. Annie Boyle, Edie Belman, and Gail Hyde as a cat, bat, and witch added to the enjoyment of the play.

The following small girls and boys were Goblins and acted and looked the part to perfection: Carol Ann Gillespie, Elizabeth Cameron, Byron Murray, Andrew Mackinnon and Leith Mackinnon.

Several contests were enjoyed and the prize winners were as follows: Blair Frizell and Ania Young in the "apple and doughnut"; Violet Frizell and Roy Crosby in "walking the dotted line"; filling the radiator, Gath Scott and Harry Hyde; a noisy relay ended in a tie after the contestants were exhausted. Captains were Mrs. J. C. MacPhail and Alice Wilson, Vivian Drake and Billy MacPhail won the small children's relay, the captains of their teams.

Muriel Godfrey and Angus MacRae won in the Date Relay race and the level headed contest was

won by the Clyde River team. Lunch was served by the Mission Band members and the evening's social closed by singing "The King."

Evening Auxiliary Trinity W.M.S.

The November meeting of the Mary Miller Auxiliary of the W. M. S., Trinity United Church, met in Hertz Hall on Monday of this week, under the leadership of the President Mrs. S. C. Thompson.

Report was made of the forwarding of generous parcel to the Port Worker in Halifax, to be used in connection with her work among the immigrants arriving in Halifax. A valuable parcel of clothing was sent to the Central Office in Toronto for distribution by Mission workers in Korea and other centres of work.

During the month many visits were made to the Hospitals, the Sanatorium and to homes.

The devotional period was under the leadership of Mrs. John Simpson. It was opened with the singing of the hymn "Rise Up Oh Men of God", followed by scripture reading by Mrs. Simpson and prayer by Mrs. Thompson.

The Mission studies for the coming year are centered on Japan and the work of the United Church in the country. The opening chapters of the books for discussion, "The United Church Enters Japan" and "Japan Begins Again", were reviewed by Mrs. Simpson assisted by Miss Enid Morson. Reference was made to the wonderful spirit displayed by the Japanese Christians.

The singing of the hymn "Creation's Lord We Give Thee Thanks," and the repetition in unison of the Mizpah Benediction brought the meeting to a close.

Lunch was served by the Mission Band members and the evening's social closed by singing "The King."

IN MEMORIAM

WILLIAM EVERTON MACQUARRIE

William Everton MacQuarrie, the elder son of Mr. and Mrs. Boyd E. MacQuarrie, was born April 14th, 1920 at Hampton, where he received his early education. He later attended P. W. C. from which he graduated, to then enter Dalhousie University, where he decided on Geology as his life work. After leaving Dalhousie, he was appointed one of the Company known as "The Geological Survey of Canada", with Yellowknife on the Great Slave Lake N. W. T. their base of operations, to survey the surrounding country. "Young ambitious and eager for adventure, but with a reluctant to leave his loved ones and the home where he was so beloved, Bill set out for Yellowknife in June 1940, joining the other members of the party enroute. In the far north he made many a traverse, and tasted in full the fascination of that strange land, the surpassing beauty of its sunsets, its myriads of lakes and waterfalls, and the fresh scenery of a virgin spot.

After the summer spent in survey, he came back to Yellowknife and received from the Department at Ottawa the appointment of Regional Geologist of that place. While there he met and married Myrtle Anderson-Thomson of Yellowknife. Shortly after his marriage he resigned his position with the Government and became interested in mining. It was his intention to come east next summer to resume his course in Science at Dalhousie and afterwards to continue his studies towards a Doctor's degree in the same, at the University of Manitoba.

But it was not to be. On Oct. 1st, a telegram was received by his parents to the effect that he had been fatally injured in a mine accident there. Sympathetic relatives and neighbors gathered to share the sorrow of the grief-stricken family, to help and to offer words of consolation in the interval of waiting that was to bring their loved one home. On Saturday Oct. 7th, Bill returned to the home of his childhood where he rested amid beautiful offerings of flowers and surrounded by those he had loved best. Hosts of friends from far and near came to pay their respects, to look once more on his dear face, for Bill had a winning smile and a considerate way and an innate sweetness of character which attracted people to him, young and older to make of them lasting friends.

The funeral service on Thanksgiving Day Oct. 9th was conducted by his uncle Dr. W. A. MacQuarrie, of Hopewell N. S. assisted by Rev. L. S. Wolfrey of Hampton and Rev. J. R. Skinner of Winsloe. The music was in charge of Mr. Peter MacDonald of Bonshaw, Bill's friend and college chum. "Crossing Bar" was played at the beginning of the service and the Bonshaw Male Quartette sang very feelingly "The Old Rugged Cross," one of Bill's favorite selections. To close the service Greigg's "The Lord's Prayer" was beautifully played by the organist in charge.

A very large cortege followed the remains to its last resting place, in the People's Cemetery at Crapaud, a spot overlooking the waters of the Strait, which he knew and loved so well. The Bearers were his cousins, Ralph Monkley, George Yeo, Lawrence Yeo, Lyman Wood, Charles Dunstford and James Morrison. Left to mourn are his sorrowing young wife, his parents, a brother Ray at home and four sisters: Annie R. N. Charlottetown, Margaret student at Acadia Wolfville, Muriel, teacher at Hampton and Sarah at home. Also sadly bereaved are his Aunt, Mrs. A. D. Inman, Birchwood, Hampton with whom he was always a favorite, his aged grandparents Mr. and Mrs. W. A. MacQuarrie, Hampton besides numerous relatives and friends. So, quietly and suddenly with "No sadness of farewell" he has "crossed the bar" to that fair city not made with hands, where there is "no night" and "wherein there is no need of the sun, neither of the moon to shine in it; for the Glory of God doth lighten it and the Lamb is the Light thereof."

From friends in every Province of Canada and from the United States messages of sympathy and condolence were received by the bereaved family.

Card Of Thanks

Mr. and Mrs. Boyd E. MacQuarrie and family acknowledge with deep gratitude the many messages of sympathy and the floral tributes, and the kindness of their neighbours and friends in their bereavement.

Card Of Thanks

I wish to thank the Priest at St. Anthony's, the Doctors and the Nurses of the Provincial Sanatorium for the medical care shown my brother Henry Gallant while a patient there and the friends and relatives for their many acts of kindness shown me during my recent sad bereavement.

Amelia Arsenault, Summerside.

Great Stuff, Nickel!

Yes, Nickel is a wonderful help in keeping food pure. In hotels, hospitals, restaurants and ships, equipment used in handling food is generally made of "Monel" or Stainless Steel. These metals are glass-smooth, non-porous, rust-proof and sanitary. They last for years and years.

Range tops today are being made of Ni-Resist—a cast iron containing Nickel. Ni-Resist range tops and lids do not sag or warp. They last longer.

Gleaming surfaces around the soda bar are "Monel" too. They're bright, sanitary, easy to keep clean.
