EASY MIXING... DITHANE mixes in a hurry for spraying. SAFE TO SPRAY-RISKS... DITHANE protects your equipment—no corrosion of sprayer or nozzles. EXPERT ADVICE... Rohm & Haas representatives are glad to give you suggestions on using DITHANE—right in the field.

LICK POTATO BLIGHT FROM THE START... with DITHANE

"I'll say this, getting off to a good start with DITHANE helped me have a prize-winning potato yield last year. I also got plenty of No. 1's." Reports like this come from champion potato growers everywhere. No wonder! Test after test has shown that yields are substantially increased when DITHANE is used instead of Bordeaux. That's because DITHANE licks blight from the start and doesn't stunt the vines. In addition, DITHANE-protected potatoes don't suffer loss in specific gravity or dry solids content. Numerous tests have shown that they are at least equal in flavor and cooking and chipping qualities to those sprayed with copper fungicides. See your DITHANE dealer now.

Build it Yourself!

with Johns-Manville ASBESTOS FLEXBOARD. It's fireproof! It saves and nails like wood! It's rotproof! It's rodent proof! It wears like stone! It comes in 4x8 sheets! It's light in weight! It hasies easily! It never needs paint to preserve it!
