PRINCE EDWARD ISLAND,

Information for Tourists and Other Time Tables, etc.

Prince Edward Island has many attractions for tourists, and it is expected that this season the influx of visitors will be very large.

HOW TO GET TO CHARLOTTETOWN

The steamer Halifax leaves Boston for Charlottetown every Saturday at noon and will be due at Charlottetown on Monday night. On the following Tuesday at one she will leave on return to Boston. Halifax and Port Hawkesbury are called at every trip. Passengers may take the steamer at any of the ports mentioned. The Halifax has been supplemented by the Grand Duchess.

The steamer City of Ghent plys between Halifax and Charlottetown each week, calling at several ports en route. She is due here every Thursday.

The steamers Coban, Bonavista, Campana, Tiber and Polino, of Montreal, also make Charlottetown a port of call.

Passengers for this Province coming by way of Pictou are brought to Charlottetown by the steamer Princess. Those coming by way of Point Du Chene connect with the steamer Northumberland, and may come through to Charlottetown by the mail special which leaves Summerside each evening immediately after the steamer reaches that port.

HOTEL AND OTHER ACCOMODATION.

Glovemaking Animals.

Among the more popular materials used in modern glovemaking are kid, lamb, buck, doe and dog skins. The kids are specially reared for the use of their hides. They are all kept in pens, and thus are prevented from injuring their skins against hedges, palings or rocks. They are fed only with milk, so as to preserve the quality of the hide, which becomes very delicate, and, naturally, more valuable. At one time Senator Mackay of Nevada conceived the idea of buying up all the goats in the world, so as to obtain a monopoly of kid leather, but the scheme did not flourish. Following closely upon this was a plan projected by several French capitalists to catch all the rats in Chicago and establish a preserve which would supply the French glovemakers with ratskins to be converted into "kid" gloves.—Frank H. Vizetelly in Woman's Home Companion.

Misplaced Sympathy.

A widow went to the office of the insurance company where her late husband had insured himself in order to receive payment of her claim.

During the conversation which ensued the clerk remarked sympathetically that he was very sorry to hear of her husband's death.

Whereupon she fairly staggered him by remarking, "You men are all the same—always sorry when a poor woman gets the chance of a little money."—Liverpool Mercury.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose, Small Price.

Substitution

Artificial Teeth on Metal Plates

A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate.

Prof. Melville B. Buckley,
Instructor Boston Dental College,
Boston Mass

In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat, owing to the non conductibility of rubber, and as alumium is now so cheaply produced, and making as it does a rigid, light, cleanly, unobjectionable plate there seems no reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber.

L. P. Haskell D. D. S.
Chicago Ill Dental School

The above quotations are from hundreds by eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber.

Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, shrinkage of the gums, etc., finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate.

We recommend a metal plate either of Gold, Platinum, Aluminum.

It is a conductor of heat and cold, it is non-irritating, and is thinner, lighter, and stronger than any other plate.

We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day, fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work.

Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office.

See our artificial teeth without plates.
