Inquest In Death Of North Tryon Man Concludes

A coroner's jury in Summerside last evening heard final evidence in the adjourned inquest in the death of Ora Barrie Samuels, of North Tryon, and after deliberating for about 20 minutes brought in the following verdict:
"We, your jury empanelled to inquire into the death of Ora Barrie Samuels of North Tryon, find that the deceased came to his death at the Prince County Hospital, Summerside, P.E.I., on December 23rd, 1951, about 10 P.M., of acute ethylene-glycol poisoning.
"According to the evidence submitted, we believe the poison was unknowingly self-administered. We strongly recommend that manufacturers of these fluids be obliged to have their containers clearly marked poison." The members of the coroner's jury were: Eric W. Campbell, (foreman), Frederick A. Folland, A. Bruce Johnston, Fred W. Bingham, H. S. Cameron, Frank H. Daley, and Robert P. Hogg.
On January 10th five witnesses, including the wife of the deceased, gave evidence. At last evening's hearing a written statement was read from Dr. N.R. Bover, of Crapaud, to whom the first summons for medical assistance had been sent. Dr. Bover's statement described the condition of the deceased at the time of the doctor's visit, and indicated that he believed the patient to be beyond medical aid at that time.
The report of Dr. Harold Shaw, provincial pathologist at Charlottetown stated that the result of tests that had been made indicated the presence of ethylene glycol in the stomach of the deceased.
Glycol is the base used in the manufacture of Prestone and other permanent types of anti-freeze which are used in the cooling systems of the majority of automobiles.
Coroner Dr. Austin Delaney who presided at last night's inquest, said that glycol is a very potent poison for which, at present, no antidote is known. He said according to literature available, that even a very small dose would kill a man in from 12 to 24 hours, and according to U.S.P. it has been the cause of many deaths in the past in the U.S.A.-S.

O'Leary Downs Alberton 8-2 In League Opener

The first game in the West-Prince Hockey League played between the Alberton Regals and O'Leary Maroons in the O'Leary rink before the largest crowd of the season last night ended with the Maroons trimming Alberton by a score of 8-2.
The game was fast and clean, only three minor penalties being handed out to each team. The Maroons outskated the Regals especially in the first and second periods, and their passes were clicking better.
The game was handled by Lloyd Silliker and Red Turner.

Saint Mark's Annual Meeting

The annual meeting of Saint Mark's Anglican Church, Kensington, was held in the rectory on the evening of January 21st with an excellent attendance. The Rev. R. W. Coupland rector of the parish presided and said the opening Prayers.
Reports of the Church organizations-the Sunday School, the W. A. St. Mark's Guild, A. Y. P. A. and the Junior W. A. were presented and favorably received.
The report of the Guild was particularly noteworthy as this society with a small membership has only been functioning for a short time and the amount of money raised is almost incredible. The treasurer, Mr. William Thompson gave a detailed account of the Church's financial situation. All bills are paid with the Missionary Assessment being overpaid, and a substantial balance remaining on hand.
A committee was appointed to secure estimates on re-modelling Saint Mark's Hall which may be moved to the Rectory grounds.
Mr. John Moase and Mr. Ernest Mill were re-elected as Churchwardens and the members of the vestry were re-elected without change. Mr. W. G. Blakey was elected treasurer in place of Mr. William Thompson who resigned. The Vestry Clerk Cemetery Committee and the Rectory Committee were re-elected.
Mr. John Howard was appointed to be Synod Delegate with expenses to be paid by St. Mark's Church. Mr. John Moase and Mr. John Howard were appointed as delegates to D.C.S.
A standing vote of thanks was accorded to Mrs. James Sheen for her faithful services as Church organist during the past year. Rector's stipend was increased by vote to \$2900 per year. The rector presented an interesting historical sketch of the parish gleaned from the D.C.S. reports-1853-1897.
Following the Benediction, pronounced by the Rector refreshments were served by the ladies and a pleasant social time brought the evening to a happy conclusion.

long-debated step of appointing a Canadian governor-general. The controversial question has been discussed for decades both inside and outside of government circles as a possible step in Canada's constitutional development.
It already has raised comment in the country, with some asserting that it will bring politics into the vice-regal realm and others holding that it is a move in the right direction.
Broad Experience
Mr. Massey is perhaps best known to his fellow-Canadians as chancellor of the University of Toronto, chairman of the royal Commission on Arts, Letters and Sciences and Canadian high commissioner to Britain from 1935 to 1946.
However, he brings to his vice-regal post a broad experience in the industrial, cultural and educational life of this country. He also has a long record of government service.
Viscount Alexander a field marshal, and Viscountess Alexander came to Canada in April, 1946 and quickly won themselves a place in Canadian hearts as one of the most popular vice-regal couples to preside in this capital.
They brought with them to Canada their three children: Rowan, 19 and a student of McGill University in Montreal, Shane, 16, attending school at Harrow, Eng. and Brian, 12 who goes to Ashbury College here.
Three years ago, they adopted a daughter in England, six-month-old Susan Alexander.
Viscount and Viscountess Alexander plan to leave Canada Feb. 17.
Mr. Massey is bilingual, being almost as fluent in French as he is in English.
A lover of the arts a man of high academic attainments and an ardent Canadian, he headed for almost two years the royal commission which toured Canada studying the country's cultural progress and, in an exhaustive report, making recommendations for its further development.
He has long had close associations with universities and is one of the Commonwealth's most honored men so far as honorary degrees go.
He won distinction in the diplomatic field, serving in two of this country's most important posts abroad. Besides serving as high commissioner in London, he also was the first Canadian minister to Washington, from 1926 to 1930.
Mr. Massey is a widower. His

Group Of Navigators Receive Wings Today At S'side Air Station

A second group of R.A.F. and another group of R.C.A.F. student navigators graduate this morning at 10:30 at a wings parade at No. 1 Air Navigation School, Summerside.
Included among the Canadians who will receive their wings at this morning's ceremony is Frederick Doucette, of Ebsfleet, P.E.I., who is the only Islander in today's class of graduates.
The wings presentation will be made by the commanding officer of the station, Group Captain A.G. Kenyon, C.D., O.B.E., who has just returned from Training Command headquarters at Trenton, Ontario.
The R.A.F. class is the second group of R.A.F. students to graduate from the Summerside station since the last war, the first group having received their wings in December of last year.
Other students of the R.A.F. are also training here, together with groups of Belgian and Italian trainees, who will, in due course, also receive their wings, at which time a group of Canadian students will be graduated and receive their commissions.
The British students are commissioned when they arrive here but they have the same status as the Canadian flight cadets during their training.
Today's wings parade will be followed at 1 P.M. by a luncheon in the officers mess for the student graduates, and invited guests which includes members of the press.-S.

Bedeque United Annual Meeting

The annual meeting of the Bedeque United Church was held in the Vestry on Tuesday afternoon, January 15th.
The Pastor Rev. W. Burton Crowe B.A. opened the meeting with a short devotional period, and reviewed the work of the past year. He thanked all the leaders and workers of the different branches of the church work for their splendid assistance and co-operation. A fitting tribute was paid to the memory of the two Elders William Calbeck and Horace Wright who passed away during the year.
Reports were given by the leaders of the different societies and bands, all showing good work, with their finances well maintained.
This congregation has the unique position of being the largest contributors to Missions and Maintenance funds of any country circuit in the Maritimes.
The church and parsonage were painted during the year.
A unanimous vote of appreciation was given Mr. and Mrs. Crowe for their pastoral services during the year; and a substantial gift was presented to the Organist, Mrs. Walter Craig. Expressions of appreciation were also extended to Hammond Bowness for floral tributes, to the organist and choir, and all the leaders and officers in connection with the church work.
All former officers were re-elected with Ralph Calbeck added to the Board of Elders; and Herbert Craig, Kenneth Muttart, A. A. Mannis, Arthur Murray, George Mizuno, Douglas Affect, and Edward Pearson added to the Board of Stewards, and Wilfred Craig to the Board of Trustees.

Smith-Barnett Wedding

On Wednesday, January 2nd, 1952, the United Baptist parsonage at Moncton was the scene of a quiet but pretty wedding, when Rev. Judson Levy united in marriage Olive Anna, daughter of Mr. Ralph Barnett of Elmsdale, P. E. I. and William Clifford, son of Mr. and Mrs. Clifford C. Smith of Summerside, P.E.I.
The bride wore a suit of navy blue with pale blue accessories, and was attended by Miss Jean Godfrey and Mrs. Fernetta Levy of Moncton.
Following the ceremony the young couple left on a short wedding trip to P. E. I. On their return they will reside in Moncton where the groom is employed at the C. N. Express.

Mt. Pleasant Defeats S'side Muskrats 4-3

In a lively game of hockey in the Mt. Pleasant rink, located in a converted hangar on the old air port site, a crowd estimated between 250-300 persons turned out to cheer their home team to victory as they turned back the Summerside Muskrats by a score of 4-3 in a fast game played on a perfect sheet of ice.
The Mt. Pleasant Bombers was an all star team composed of players from the surrounding area. Another game has been arranged between these two teams for the latter part of next week.
The game was well handled by referees Elmer Phillips and Raymond Sark.

Sport Echoes From Prince County

Cape Traverse Rovers and Summerside High School played another of those high-scoring games Monday night. The Cape won 10-8, out-lasting the students, and taking the heat by a spirited stretch drive. Most of the South Shore League games are high-scoring. Their forward lines seem to have an edge on the defences, or perhaps it is because so many goals are comparatively inexperienced.
After seeing Vance Harris through another game, we've definitely decided the youngster is the best prospect Summerside has produced in some years. He's passing the puck a little better too, as his record in the game of two goals and three assists shows.
Now we've seen a lot of Morning Glories in this hockey game, and Harris may be another, but there's no way for the ordinary fellow to tell at this stage of his development. A pro scout might be able to tell whether he would continue to prove or not. Not we. All we know is, at the present time, he is the cat's pajamas when it comes to toting and shooting that disk.
The boys played according to the new rule Monday night. They couldn't shoot the puck in the corners from the centre zone, and barge in after it. It made for a lot of whistle that the fans, or most of them, could not understand, but it should work for the betterment of the game when players get the hang of it. For some reason the Major Maritimes League turned thumbs down on it, but the C.A.H.A. has rules that all other amateur leagues must follow it.

South Shore League has a rule that stipulates that once the playing rosters are in, you can't use any players but those on the lists. They are enforcing the rule to the letter, and there is something to be said for their stand. It means they avoid a lot of bickering as to who should or should not be allowed to play as the season progresses. It is rare, however, to place the deadline for obtaining new players so early in the season. After all, it takes two or three games, at least, for a coach to determine whether his charges are good enough to include on the team. Personally, we think it is wise to allow a little more lee-way in the matter of playing personnel. A clause might be inserted that a resident of the playing district might play as a replacement up to a certain date, before the play-offs begin. This league is apparently very open as regards residence. You can pick up a player from Timbuktu, if you get his name on the roster before that, oh, so early, deadline.

James Hogan, Jr., has all minor hockey divisions in Summerside, working out regularly in Summerside's Notre Dame Arena. Juniors, Magdets, Bantams, Peewees and Paperweights are all getting their practices, fairly regularly considering the weather.

USEFUL SAVING

VANCOUVER - (CP) - Mrs. George Churcher knew what she was doing when she stopped buying tailor-made cigarettes and started rolling her own. With a money saved, she paid for a Trans-Pacific telephone call to her soldier husband in hospital at Kure, Japan. "I think he was really cheered up," she said.

Potatoes

The United States Government estimates January 1st potato holdings at 97,050,000 bushels. This compares with 161,340,000 bushels on hand a year ago. It might be pointed out that these holdings of 97 million bushels are the first January holdings below 100 million bushels since January 1, 1937.
The estimated storage holdings of potatoes in Canada on January 1st were 11,813,000 bushels. This is in comparison with 19,720,000 at the same period a year ago.
The following are the prices at different centers in the Province as secured to-day:
Tishish: Tablestock-\$2.04 per bus. at the car delivered. No movement of seed.
O'Leary: Tablestock-\$2.00 per bus. at the farm ungraded. None moving. They are hard to sell. No seed moving since before Christmas.

During the past week Creamery butter prices remained unchanged in New Brunswick and Prince Edward Island, but have advanced one cent on the Halifax market.
Creamery butter prices are as follows: New Brunswick creameries to wholesalers, one and two pound prints, 69c, with local jobbing at 71c. Halifax wholesale 72c, local jobbing 71c.
On the Island prices remained unchanged, wholesale 68 1-2c with local jobbing at 70c. Production of butter for the week ending January 12, 43,903 lbs. in 1952, as compared with 43,920 lbs. in 1951.

Eggs And Poultry

It is said that one of the main reasons for the big drop in egg prices during the past few weeks was due to a heavy production of eggs throughout Canada, being some 15,000-20,000 cases over domestic or consumer requirements. The market was further aggravated by a drop in American egg prices, preventing Canadian eggs from moving to this market.
Prices on Prince Edward Island have reached the stage where thought will have to be given to the question of storing eggs under support prices. Quotation for Grade A Large eggs being presently equals support prices, however, it is difficult to understand in the case of Grade A Medium where price is some two or three cents a dozen less than might be expected under support prices.
It must be remembered that the support price of 86c so often quoted for Grade A Large is for the graded pack, oiled and stored in new cases and trays and delivered to the Government. October 1st Deducting the cost of these operations, a fair price to the producer in this Province for Grade A Large would be 31c or 32c per dozen with Grade A Medium being two cents less.

Funeral of Mr. Herbert Jelly

The funeral service for the late Mr. Herbert Jelly was held yesterday afternoon at the O'Leary United Church which was filled with sorrowing friends and neighbors. It was conducted by his minister, Rev. C. O. Howlett, assisted by Rev. W. G. Dickson and was a Masonic service as Mr. Jelly had been a faithful member of the O'Leary Masonic Lodge, and the Masons attended in a body.
Out of his forty-two years experience as a Mason Rev. Mr. Howlett brought a powerful message on the great attributes of the Masonic Order, which he said, was the hand maiden of the church. He mentioned specifically, education, democracy, good will and faith as exemplified in the Masonic Order and also as applying to the Christian life. He paid a tribute to Mr. Jelly as a good churchman and a fine Sunday School teacher. He was loved and esteemed by all who knew him.

The members of the Knutsford choir with Basil Watson, Silliker as organist, rendered the favorite hymns of the deceased. "The Lord's My Shepherd," "Abide With Me" and "Peace, Perfect Peace." There was also a special number, "There Is No Night There" by the choir.
Pallbearers were, Ralph Adams, Reginald MacAusland, Allie MacNeill, Earl Jelly, Ord Sharp, and Robert Woodside.

Interment was in the Springfield West Baptist Cemetery and was conducted by Rev. C. O. Howlett assisted by Rev. W. G. Dickson after which the Masons conducted their beautiful and solemn ritual.
Mr. Jelly's wife predeceased him several years ago and there were no children. A sister lives in Massachusetts.

S'side Y's Men's Club Meeting

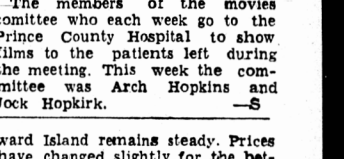

The regular weekly luncheon meeting of the Summerside Y's Men's Club was held last evening with William Currie presiding. There was one guest present, Mr. Herbert Straight, advertising manager of the Journal Publishing Co.
The guest speaker of the evening was Mr. Al Bestall, manager of radio station CJRW and his talk dealt with the matter of radio-oral advertising.
He traced oral advertising from early centuries at which time people were employed to sing or shout out merchandise which was offered for sale to the public.
He said that in the middle ages town criers were employed quite extensively and were a necessity because of the illiteracy of the people and this continued to be the vogue until newspapers appeared and more people were able to read.
Commercial radio, he said, was established in 1926. He told many amusing stories about announcers and mistakes they sometimes made before an open mike.
The members of the movies committee who each week go to the Prince County Hospital to show films to the patients left during the meeting. This week the committee was Arch Hopkins and Jock Hopkirk.

Feeds

During the past week the feed market has remained steady with the following quotations in carlot, bulk: No. 1 feed oats \$3.12 3-4; No. 2 feed oats \$3.10 3-4; No. 1 feed barley \$3.30 3-4; No. 2 feed barley \$3.30 3-4; No. 6 wheat \$3.00 1-2; bulk No. 1 feed screenings are quoted at \$2.85; and No. 2 feed screenings, ground, bagged, and delivered at \$3.00.
The protein situation has not eased any during the past week and linseed and fishmeal are very hard to obtain. Offerings of milk feed are also slowing up and bran is quoted by carlot at \$68.50; shorts \$69.50; and middlings \$70.50.
Delivery at the Lake Heads continue to lag and is from six to eight weeks behind in filling orders. Farmers would be well advised to keep ample supplies of feed on hand to take care of their needs.
