Becancour Seen Site Of Quebec Steel Mill

By GERRY McNEIL

QUEBEC (CP) — Construction of Sidergrie-Quebec is expected to begin in the latter half of 1965.

Resources Minister Rene Levesque said this week it is 90-per-cent certain Becancour will be the site. Gerard Pillion, a director of Sidbec, as the new company is known, also backs it.

The Liberals, campaigning for election in 1959, not only promised Quebec a steel industry, but also promised to decentralize industry. They feel Sidbec could meet both commitments.

Becancour, it is felt, would create another pole of development, one at the centre of an arc that swings from Montreal through Sherbrooke to Quebec City.

Trois-Rivieres is just across the St Lawrence from the proposed site 90 miles northeast of Montreal. Planners feel that as the steel company attracts other industries, prosperity would radiate from Becancour to all these areas.

HAS ADVANTAGES

Becancour has a deep-water bay suitable for iron ore carriers and isn't far from the Trans-Canada Highway or the main CNR line. The south end of a $35,000,000 St. Lawrence bridge to be built by 1967 will place Trois-Rivieres within commuting distance.

It is also mentioned that Manicouagan's 735 - kilovolt power lines will pass through the Becancour area. A natural gas pipeline that now terminates just east of Montreal could be extended there.

The $225,000,000 industry, to employ 2,000 men and produce 600,000 tons of steel annually, possibly by 1969, alone would generate manufacturing growth it is felt. And Becancour would provide the elbow room for such growth.

Hardly a month old, Sidbec is still little more than a name and an address—La Prevoyance building on historic Place d'Armes in Montreal.

Answering the telephone is Cyrille Dufresne, 45, the company's first and, so far, only executive. A metallurgical engineer who pioneered in Ungava's iron ore developments, he has spent the last two years as liaison between the Quebec government and private steel consultants.

REPORTS UNDER STUDY

The sheafs of reports these consultants handed the government now are in the hands of the directors, and will be the primary guide in the making of such decisions as location in the next few months.

Mr. Dufresne is confident that ground will be broken for construction in the latter half of 1965, with a bond issue of from $125,000,000 to $175,000,000 to follow.

Touting power "at irresistible cost," top Canadian growth rate and alluring tax incentives, Provincial cabinet members in recent months have aroused European interest in Quebec.

Premier Jean Lesage and Revenue Minister Eric Kierans made Parisian front pages and talked to top investment, financial and industrial figures who came from Edinburgh to Milan to meet them.

The way Quebec's message has been getting across, cabinet sources expect a wave of European representatives to visit here in coming months to get a closer look at what the province offers.

They say British, French and Belgian firms are outbidding one another to offer Sidbec good repayment terms on $15,000,000 to $20,000,000 worth of equipment.

Canadian firms, however should supply much of the remainder, or about $130,000,000 worth, they add.

DARKNESS NO HAZARD

HALIFAX (CP) — Competitors in the Halifax Sports Car club rally had no problems trying to read maps in the dark. All the navigators in the 20 competing cars were blind. They were youths drawn from the Nova Scotia school for the blind here, and their instruction sheets were in braille. One rally official described the navigators as "amazing." He said: "They can figure a mathematical equation in braille faster than most people can on paper."

RIPLEY'S BELIEVE IT OR NOT

Use Of Coal Shows Increase

OTTAWA (CP)—Consumption of coal in Canada rose 4.7 per cent during 1963 to 22,918,000 tons from 21,888,000 in the previous year, the bureau of statistics reported today.

Consumption of domestic coal was down 0.1 per cent to 9,305,000 tons from 1962, while use of imported coal was up 5.9 per cent to 13,106,000 tons.

The drop in use of domestic coal continued the trend since 1951 when record high consumption of 18,225,000 tons was set.

Domestic production of all grades of coal rose 2.8 per cent in volume in 1963 to 10,576,000 tons from 10,285,000 a year earlier and 3.8 per cent in value to $71,757,000 from $69,160,000.

The number of coal mines operating in Canada during the year dropped to 97 from 109 and employees to 8,903 from 9,170. Salaries and wages in 1963 rose to $35,624,000 from $34,385,000.

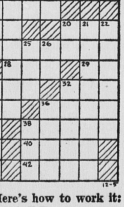
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X B
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

N T X A O H F F D C S W K F Q C H X I F D C O X X E Y W F W - J C A N K C F D X H C X I I X K F W F Q E C N A E V N F W C A Y C. —Y X L L C F F

Yesterday's Cryptoquote: IT MAY BE THE LOT OF A BRAVE MAN TO FALL, HE CANNOT YIELD.—PROVERBS.

CONTRACT BRIDGE

By B. JAY BECKER

North dealer.
Both sides vulnerable.

NORTH
♠ 73
♥ AJ64
♦ J109
♣ K1072

WEST
♠ AQ109
♥ 753
♦ 7
♣ Q984

EAST
♠ 64
♥ KQ1092
♦ AK86
♣ 53

SOUTH
♠ KJ85
♥ 8
♦ Q5432
♣ AJ6

Experts don't always bid alike, as is evident from this hand played during the 1962 trials to select the American international team. Here is how the bidding went at the first of the seven tables at which the deal was played:

North	East	South	West
Pass	1♥	Dble	2♥
3 NT	Pass	Pass	Dble

East led the king of hearts, which held, and shifted to a spade. The result was that North wound up with only four tricks and went down 1,400. South's light double, compounded by North's somewhat aggressive three notrump bid, worked out very poorly.

The North-South pair at the second table also got into hot water when the bidding went:

North	East	South	West
Pass	1♥	Dble	Pass
1 NT	Pass	Pass	2♥
Dble	Pass	2♠	Dble
3♣	Pass	Pass	Dble

North-South failed to find their diamond fit and went down three—800 points.

The bidding at the third table went:

North	East	South	West
Pass	1♥	1♠	Dble
Pass	Pass	Redble	Pass
1 NT	Pass	Pass	Dble
Pass	Pass	2♦	Pass
Pass	Dble		

Two diamonds could have been defeated, but the defense was not good and South wound up making an over-trick for the only North- South plus score — 300 points.

At the fourth table, North - South went minus 200 at two notrump when the bidding went:

North	East	South	West
Pass	1♥	Dble	Pass
2 NT			

At the fifth table, East made two tricks at hearts for a score of 140 points after this bidding:

North	East	South	West
Pass	1♥	Dble	Pass
1 NT	Pass	Pass	Dble
Pass	2♦	Pass	2♥

At the other two tables, both Souths passed the opening heart bid and the outcome was that East-West played uneventfully at a part score in hearts and made it for an under - average result.
