THE FRIEND OF ALL! HOLLOWAY'S PILLS. Nervous Disorders. What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one—drink but little wine, beer or spirits of far better, none; take no coffee, weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of strong and spicy condiments; be followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters. If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and unwholesome secretions. Universally adapted as the one grand remedy for all complaints, they never fail, never weaken the system, and always bring about what is required.

Sick Headaches and want of Appetite. These feelings which so sadden us most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unwholesome for us, thus distending the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as natural consequences, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

How to be Strong. Never let the bowels be either confined or unduly acted upon. It may appear singular that Holloway's Pills should be recommended for a regular bowels, many persons supposing that they would increase relaxation. This is a great mistake however, for these Pills will immediately correct the liver, and stop every kind of bowel complaint. The use of these Pills, in all cases gives tone and vigor to the whole organic system, however deranged—health and strength following as a matter of course. The Pills, combined with the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing acid, fermented, or other impure humours from the liver, stomach or bowels, the cause of jaundice, dyspepsia, and other bowels complaints is expelled. The result is, that the disturbance is arrested, and the action of the bowels becomes regular. Nothing will stop the relaxation of the bowels so quickly as this fine correcting medicine.

Disorders of Kidneys. In all diseases affecting these organs, whether they secrete too much or too little urine; or whether they are affected with stone and gravel, or with acids and pains settled in the loins, over the region of the kidney, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity and restore the temperature of these Pills; they reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasms,—in fact they never fail in curing all disorders of the liver and stomach.

Holloway's Pills are the best remedy known in the world for the following diseases:—Ague, Dysentery, Liver complaints, Lumbago, Rheumatism, Dropsy, Bilious Complaints, Female Irregularities, Retention of Urine, Dropsy, Bowls on Skin, Erysipelas, or King's Evil, Constipation of the Bowels, Head-ache, Consumption, Indigestion, Stone and Gravel, Dropsy, Jaundice.

Sold at the Establishments of Professor Holloway, 244, Strand, (near Temple Bar) London; also at all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s 1/2, 2s 9d, 4s 6d, 11s, 22s, and 35s each box. There is a considerable saving by taking the larger sized Box. N. B.—Directions for the guidance of patients in every disorder are affixed to each Box. April 3, 1860.

THE GREAT CURE ALL! KNOWN THROUGHOUT THE WORLD. Bad Legs, Bad Breasts, Sores and Ulcers. All descriptions of Sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with fresh force in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighbouring parts by rubbing in plenty of the Ointment as salt is forced into meat. This will cause the malignant humours to be drawn out and the softening, and greatly assist the cure. There is a description of ulcer, sore, and swelling which need not be named here, attendant upon the follicles of youth, and for which this Ointment is urgently recommended as a sovereign remedy. In curing such poisonous sores it never fails to restore the system to a healthy state if the Pills be taken according to the printed instructions.

Diphtheria, Ulcerated Sore Throat, and Scarlet and other Fevers. Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the chest. This Ointment can be felt in any local part, whereas the Ointment will do its work at once. Whoever tries the unguent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved at a cheap rate. All sufferers from these complaints should envelop the throat at bed time in a large band and water poured over the Ointment has been well rubbed in, and if the soles of the feet are likewise rubbed with the Ointment every night, it will greatly assist the cure of the throat and chest. To allay the fever and inflammation, in addition, eight or ten Pills should be taken night and morning. The Ointment will produce perspiration, the grand essential in all cases of fevers, sore throats, or where there might be an oppression of the chest either from asthma or other causes.

Piles, Fistulas, Strictures. The above class of complaints is surely remedied by nightly fermenting the parts with warm water, and then to effectually rubbing in the Ointment in arresting their progress. It should be understood that it is not to be well rubbed in for a considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There will also be water poultices, after the rubbing in of the Ointment, will do great service. This is the only cure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

Impurities of Youth;—Sores and Ulcers. Blisters, as well as caustics, and with certainty be radically cured if the Ointment be used freely; and the Pills be taken according to the directions as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another, whereas this Ointment will remove the humour from the system, and leave the patient vigorous and healthy being the only cure treatment for females, the use of the Pills to ensure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints. Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases of such diseases will yield, in a comparatively short space of time, when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following cases:—Bad Legs, Ulcers, Sores, Bad Breasts, Chills, Gout, Rheumatism, Dropsy, Bilious Complaints, Female Irregularities, Retention of Urine, Dropsy, Bowls on Skin, Erysipelas, or King's Evil, Constipation of the Bowels, Head-ache, Consumption, Indigestion, Stone and Gravel, Dropsy, Jaundice.

Sold at the Establishment of Professor Holloway, 244, Strand (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s 1/2, 2s 9d, 4s 6d, 11s, 22s, and 35s each Box. There is a considerable saving by taking the larger sizes. N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. April 3, 1860.

Rats! Rats! Rats! They Pollute your food! They devour your substance! They tear you by night! And impoverish you by day! WHY suffer you thus, when a 1s 6d Box of Parson & Co.'s RAT EXTERMINATOR will ensure permanent breathe where it is, and they never return to the place where it has been used. None genuine unless signed Parson & Co. on the wrapper. For sale by WILLIAM R. WATSON, City Drug Store, March 20, 1860.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously manifested by mercurial disease, long living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to parents, from third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or vitiated matter, which, in the lungs, liver, and internal organs, is termed tubercles, in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have for less powerful and more destructive diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERYSIPELAS and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, RASHES, PIMPLES, PUSTULES, BLOTCHES, BRUISES AND BOILS, TUMORS, TETTER AND SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC AND MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DERILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "purity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitality. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and even dangerous diseases. The agents below named are pleased to furnish gratis by American Almanac, containing certificates of their cures and directions for their use in the following complaints:—Constipation, Headache, Pain in and Morbid Inaction of the Bowels, Flatulence, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral, FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Infant Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored to health, and whose recovery is a source of gratification to many. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Doctor Evans' Pain Killer. NO medicine has been discovered that is so happily adapted to use internally as drops to be taken, and yet perform such wonders when applied externally as a wash, bath, or friction.

USE IT IN THIS MANNER: For sudden colds and hard coughs, (to cure immediately) put one teaspoonful in four of molasses, and take three teaspoonfuls of the mixture as often as you cough. Bathe the neck, breast and sides with it to cure soreness of a cough.

For common Headache, simple bathing will answer. For sudden colds and hard coughs, (to cure immediately) put one teaspoonful in four of molasses, and take three teaspoonfuls of the mixture as often as you cough. Bathe the neck, breast and sides with it to cure soreness of a cough.
