What Is Dr. Chase's Nerve Food?

In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In the condensed form it contains all of nature's most strengthening and invigorating tonic and restorative and for this reason it is unsurpassed as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and children strong and healthy. 50 cents a box.

Ambition is a small boy's desire to chop with a big axe.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. Dr. E. W. Grove's signature is on each box.

Doubt your own ability if you must, but never let anybody know it.

A Good Stomach

Is essential to health and happiness, but don't blame the stomach for biliousness. It is deranged, and causes poisonous bile to remain in the blood causing indigestion, headache and irregular action of the bowels. Dr. Chase's Kidney-Liver Pills regulate the liver, kidneys and bowels and by their direct action on these organs effect prompt and lasting cures of biliousness, dyspepsia, headache and all kidney ailments. One pill a dose, 25 cents a box, at all dealers.

We could all pursue our opportunities more successfully if the road was not so wide.

DR. A. W. CHASE'S CATARRH CURE ... 25c.
Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

When It Hurts to Cough.

The cough that hurts, the cough that gets tight in the chest, is daily getting deeper and deeper into the bronchial tubes and is making directly for the lungs, to become pneumonia, inflammation of the lungs or consumption. Such coughs yield only to the wonderful efficiency of Dr. Chase's Syrup of Linseed and Turpentine which loosens the tightness and cures cough and cold together. 25 cents a bottle. Family size 60 cents, sold everywhere.

One phase of culture is getting so you can say mean things in a polite and scholarly way.

The copy of an old photograph taken a generation ago, of the north side of Queen Square, which forms the frontispiece of the June P. E. Island Magazine is quite interesting. The signboards, sidewalk, fences, etc., appear decidedly antique to the young folks of to-day. There are a lot of other interesting things in this month's magazine. At all the bookstores. Five cents a copy.

SOME INTERESTING FACTS ABOUT CHINA.

China and its dependencies have a total area of 4,218,401 square miles, and a population of 402,680,000. In area it includes nearly one-twelfth of the total area of the globe, while its population includes nearly one-third of all the people in the world. As compared with the United States, the latter's island possessions being excluded, China has 800,000 more square miles of territory and more than five times as many inhabitants. The population of China proper per square mile is 292; that of the State of Rhode Island is 254, and that of Texas six.

China is the land where everything is upside down. Thus in Canton the women act as sailors and boatmen, while the men are employed as chambermaids, laundresses and seamstresses. In salutation the Chinaman shakes his own hand instead of that of his visitor. As a mark of respect he puts his hat on instead of taking it off. Their signboards are perpendicular instead of horizontal. In reading Chinese print it is necessary to begin at the right hand side at the bottom and read to the left and up. The Chinese raise the toe of the shoe and depress the heel instead of raising the heel, so that they sometimes appear to be in danger of falling over backwards.

The Tartars, who overthrew the native Chinese dynasty of China in 1644, are the ruling class in China. There are in the neighborhood of 10,000,000 Tartars in the empire. The "Chinese pigtail" dates from the Tartar invasion, when the Tartars forced the Chinese to grow cues after the Tartar custom as a mark of subjection. Thousands of Chinese were killed for refusing to plait their hair, and even now the New China party has as one of its objects the abolition of the old rule. There are, or were until recently, less than 12,000 foreigners permanently resident in China. Of this number 5,000 are British, 1,600 Americans and 1,200 Japanese.

Most Christian ministers wear black clothes. The Chinese priests stick to bright yellow. People on this side the world signify their sorrow at the death of a relative or friend by putting on black garments. In China the mourning colour is white. In the United States most people believe that the living have the first call upon their charity and care. In China more precautions are taken for the preservation of the body after death than before, and a Chinaman will lie down suppleless on his mat rather than neglect to light the evening joss candle in honour of his dead relatives. In most countries the deathbed is surrounded by weeping relatives, and often a minister and a doctor are present. In China the dying are carried out of the house and left alone in some vacant space to die.

There are three principal religions in China—Buddhism, Taoism, and Confucianism. The latter is almost without forms and ceremonies, consisting chiefly in study and contemplation of the teachings works of the ancients. Buddhism and Taoism both have elaborate and splendid ceremonies. Taoism is the older, Buddhism having made its appearance in China about 1,800 years ago. It is now the religion of almost eight-tenths of the people. In the north-east add south-west there are 30,000,000 Mohammedans. The Roman Catholics have more than 1,000,000 adherents and support twenty-nine bishoprics. The converts of all the protestant churches are estimated to number not more than 50,000. Back in the remote interior of the kingdom the hill tribes are still nature worshippers or heathen.

If the Chinese themselves are to be believed, the Chinese Empire has been in existence for more than 100,000 years. Other students say that it was founded 2,500 years before Christ; and by some Fohi, supposed to be the Noah of the Bible, is considered the founder. The great wall of China, portions of which are still in evidence, was completed 211 B. C. Printing is said to have been known in 208 B. C. In 1517 A. D., the first European arrived in China. In 1575 Jesuit missionaries were sent to China from Rome. In 1662 a general earthquake shook the empire, and more than 300,000 people were killed at Peking alone. Tea was first brought to England in 1660. Commercial relations between China and Russia began in 1719.

The commencement of the establishment of the so-called "sphere of influence" in China was in 1897, when the Germans seized the Port of Kiau-

Chau, on the east coast of Shantung, and during the next month secured from the Chinese a lease for 99 years of the town, harbour and district. Two months later Russia got possession of Port Arthur and Talienwan, with their adjacent waters, on a lease for 25 years, with the privilege of renewal. Within the boundaries of the leased territory which are as yet undefined, Russia has supreme control. Port Arthur harbour and the largest portion of the harbour of Talienwan are therefore closed to all except the war vessels of Russia and China. In June, 1898, Great Britain took possession of Wei-Hai-Wei, and is to hold the port as long as Russia holds Port Arthur. Finally, the French, in April, 1898, secured a "lease" of Kwang-Chau-Wan bay, on the east coast of the Tien-Chau peninsula.

During the year 1898 China imported from all foreign nations goods valued at \$146,000,000. During the same year the exports of China amounted to \$118,000,000. As an evidence of which nation has most interest in China so far as trade and commerce go it, may be stated that of the total of Chinese imports Great Britain and its colonies supply goods to the amount of \$111,000,000, while of the exports it buys about \$60,000,000, or more than one half. Most of the English trade with China is transacted through the British Crown Colony of Hong Kong, which was ceded to Great Britain by China in 1841. During the same year the United States imported goods from China to the value of \$13,000,000 and sent back in return American goods valued at a little more than \$9,000,000.

Bleeding Piles

A Prominent Business Man Testifies to His Cure by Using Dr. Chase's Ointment.

Not a day passes but many people volunteer recommendations of Dr. Chase's Ointment as an absolute cure for every form of piles.

Mr. Jas. Jackson, of the Laurie Spool Company, St. Alexis des Monts, Que., writes:—"You may put my name to any praise you can give to Dr. Chase's Ointment, for it has done me more good than any medicine I ever used."

"I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment, I can say I am entirely rid of it. It is a treasure to all suffering from piles." Dr. Chase's Ointment is guaranteed to positively cure any case of itching, bleeding, or protruding piles. It has never yet been known to fail, and certainly will not fail in your case.

Dr. Chase's Syrup of Linseed and Turpentine has by far the largest sale of any remedy for throat and lung troubles. 25 cents a bottle.
