The SUN staff wishes Hutch the best of luck this Saturday as it is her 26th Birthday.

Many U.P.E.I. students, faculty and guests spent a starried eyed few hours Wednesday evening, as the New York theatre "trippers" held a reunion.

Everyone relived the great (sometimes strange) times they had duming t their week long stay in New York City duming the March break. Slides, photos, and stories were traded, and experiences in the (shudder) Times Square Motor Hotel were compared.

The "trippers" presented Rebecca Smith, the trip organizer for the second year, with a very official, but hysterical plaque, complete with U.P.E.I.'s official seal, as well as a hand made tray with greating of thanks carved into it.

The staff of CIMN would like to wish our manager Cheryl Cannon, a very happy Birthday, and the best of luck in coming years.

Currently there is a petition circulation about campus. The topic is the unity of our country, Canada. A referendium determining Quebecs future is fast approaching. What can we do at UPEI? Well most of us will vent our concerns in the presence of coffee and feel as though we have contributed to the solution, have we really? Which brings me to the point of this memo. A signature on a petiton may a first seem un-sufficient, but it is a concrete step. At times such as the crises we face in our country, a combination of small jestures may ulimately make the difference, as part of an overall move within Canada to accomodate the Francophone population. So in your travel about the campus stop a moment and read one of the petitions and support it.
