NEWLY INTRODUCED.

Sensation Caused in Barnaby River, N. B., by Dodd's Kidney Pills.

Barnaby River, N. B., May 14.—Quite a sensation has been caused here lately by the introduction of a new medicine—Dodd's Kidney Pills. Although there had been many deaths in this village and surrounding district from Bright's Disease and other kidney troubles, yet strange to say Dodd's Kidney Pills had never been tested. Our people had little faith in patent medicines.

Now, however, Dodd's Kidney Pills are creating a sensation. A large number of people are using them and expressing surprise and delight at the result. "From the first week I began to improve," says Cornelius Crotte, of Barnaby River, who had been given up by the doctors. The fact seems to have surprised him, but it is always true where Dodd's Kidney Pills are used.

Galt has sent \$800 and about eight tons of clothing and merchandise to the Ottawa and Hull fire sufferers.

How Kaffirs Bank Their Money.

The natives of that part of South Africa which to a great extent is inhabited by bushmen and Hottentots have a peculiar system of banks and banking.

These Kaffirs among whom this curious system of banking obtains live near Kaffraria, in the south of the Colony country. The natives come down south from their country to trade in the several villages and towns in large numbers and then return to Kaffraria.

From those who trade of their own number they select one who for the occasion is to be their banker. He is converted into a bank of deposit by putting all the money of those whose banker he is into a bag, and then they sally forth to the stores to buy whatever they want.

When an article is purchased by any of those who are in this banking arrangement, the price of the article is taken by the banker from this deposit money bag, counted several times and then paid to the seller of the article, after which all the bank depositors cry out to the banker in the presence of the two witnesses selected:

"You owe me so much!" This is then repeated by the witnesses. The general accounting comes between the banker and his several depositors when all desired purchases have been made, after which all the natives depart for their northern wilds.

"Take off your hat. Never address a strange lady at her door without removing your hat."

"Yes'm. Now, ma'am, in calling your attention to this valuable"—

"Wait. Put that dirty handkerchief out of sight and use less grease on your hair in the future. Now you look a bit decent. You have a book on 'Etiquette and Deportment.' Very well. I don't want it. I am only the servant girl. Go up the steps to the front door and talk with the lady of the house. She called me a downright, outright, no-doubt-about-it idiot this morning, and I think the book you're selling is just what she requires."

Two Answers.

Not long ago a Boston clergyman received an evening call from an elderly man and woman who expressed a wish to be joined in the bonds of matrimony then and there.

"Have you ever been married before?" asked the clergyman of the man, an honest eyed, weather beaten person of seafaring aspect.

"Never, and never wanted to be before," was the prompt reply.

"And have you ever been married before?" the question came to the woman.

"No, sir," she replied with equal promptness, and with a touch of humor that appealed to the clergyman at once she added, "I never had a chance!"

The marriage ceremony was speedily performed, and the clergyman refused to take any fee, telling the bride with a twinkle in his eye that it had been a privilege to officiate which he would have been sorry to miss.—Youth's Companion.
