farm equipment"
Mr. Bell referred to the Veterans' Land Act operated under the Dominion Government which enabled war veterans to acquire farms on payment of a small deposit, and under which they were advanced outright loans. "I say that we need a scheme such as this for our farmer citizens if we hope to keep them on the land," he said.

He noted during the past six months especially a large exodus of young people from the Province, going to Ontario and Quebec for employment. If conditions go on as at present, over 90 per cent of the proposed five billion Dominion defense programme will be spent in the Central Provinces. "We are losing our share of this money and losing our population as well," Mr. Bell said.
