### Meat Packing Plant Destroyed

MAGOG, Que. (CP)—Fire of unknown origin gutted the inside of the one-storey meat packing plant of Gaudreau Freres Saturday, causing damage estimated by police authorities at about \$100,000.

No one was injured. Twenty-one firemen, hampered by congested traffic, onlookers and dense smoke, battled the blaze with four streams before bringing it under control in 1 1/2 hours.

The only person in the plant at the time was a clerk in the front office who noticed smoke and put in the alarm.

Dense smoke blotted out the sun and most of the downtown area of Magog, in the Eastern Townships 80 miles east of Montreal.

### Former Band Director Dies

LANCASTER, N.B. (CP)—Percy F. Belyea, well-known Maritime musician, retired army captain and director of the Prince's Fusiliers Military Band, died here Thursday after a year's illness. He was 51.

Mr. Belyea saw overseas service in the First World War with the 104th Regiment and played with the band of that unit in England, Belgium, France and Germany. In England he studied the bassoon under Wilfred James of Kneller Hall.

He returned to Canada in 1919 and lived in Saint John and Moncton. While in Moncton he organized the Moncton Symphony Orchestra, a musical aggregation of more than 100 pieces.

Later he lived in Toronto and Halifax. In Halifax he was a member of the CBC staff orchestra and acted as musical arranger. He also taught music on the faculty of the Maritime Conservatory of Music.

At the outbreak of the Second World War, he came to Saint John and organized the Band of the Saint John Fusiliers. The unit was transferred to the west coast and the band later went overseas. But Mr. Belyea was sent back to Saint John to organize the No. 4 Garrison Band in Saint John.

He died at the home of his parents, Mr. and Mrs. Frank Belyea here.

### Tuesday's Meeting To Decide On Support For CPR Firemen

MONTREAL (CP)—Canadian officials of the firemen's union and their international president, H. E. Gilbert of Cleveland, will attend next Tuesday's conference of major railway brotherhoods on the firemen's strike order against the Canadian Pacific Railway.

This was announced Saturday by W. E. Gamble of Montreal, Canadian vice-president of the Brotherhood of Locomotive Firemen and Engineers (CLC) which has told its 3,000 members working for the CPR to strike May 11 over the diesel firemen issue.

The other railway unions—about 19 groups representing the running trades and non-operating employees of the CPR—are to confer Tuesday with CLC President Claude Jodoin to decide the form of support, if any, for the firemen's strike.

Mr. Gilbert will fly to Montreal Tuesday for this gathering. He is to explain the outcome of his 95-minute meeting last Tuesday with CPR President N. R. Crump.

At the meeting, Mr. Crump turned down Mr. Gilbert's request for a delay in the CPR's announced plan to start removing diesel firemen from yard and freight engines May 11. The union countered May 1 with its strike call.

The CNR will not be affected by the firemen's strike against the CPR.

The company announced the May 11 date more than a month ago, saying it planned to implement the recommendations contained in the report of the Kellock royal commission which spent 10 months studying the diesel firemen question. The Kellock commission said last February firemen are not necessary on yard and freight diesels.

The company insists any new talks be within the framework of the Kellock report, while the union wants "free and unrestricted" discussions.

Not counting the problems which a strike would raise, the session's major issue may revolve around reported plans to create a new semi-judicial governing body for television and radio broadcasting.

Mr. Diefenbaker also has said he will carry out his long-standing proposal for a bill of rights.

The first order of sessional business is almost certain to be the problem of money.
