Official Opening Of New O'Leary Hospital Yesterday

The official opening of community hospital O'Leary yesterday afternoon was favored with beautiful weather and a large assemblage of interested persons from many parts of the province. By kind permission of the commanding officer, the R. C. A. F. Station Summerside band was in attendance and opened the program with "The Queen."

Erol Stetson, chairman of the board of trustees, presided, welcoming all who were present and introducing the guest speakers. Seated with him on the platform were Seantor Elsie Inman, Senator George Barbour, Mrs. A.A. McLeod, Rev. C.O. Howlett, Dr. Bruvels, Dr Charles Dewar, Hon. Dr. M.L. Bonnell, Judge Walter Darby, FC Ramsay, M.L.A J. Campbell

Hon Dr. Bonnell, Minister of Health and Welfare expressed his pleasure at being privileged to lay the cornerstone for another hospital in this province and congratulated the community of O'Leary and surrounding districts the board of trustees and medical staff on this result of their efforts. He expressed the opinion that this hospital will be an assurance of medical service for the community in the future for he believes that when health insurance comes into effect all medical graduates will want to go to larger centres. He said there are advantages and disadvantages to be gained by this building. It gives to the community the assurance of medical men to operate the hospital, the assurance of a hospital bed in case of emergency, and a shorter distance for friends to travel to visit those who are ill. On the other hand, it costs money to operate a hospital this size and people will be called upon for asssistance without which it cannot continue to function.

GIVES ASSISTANCE

The Department of Health gives capital assistance to hospitals through federal and provincial grants, and by supplying equipment such as incubators, resuscitators, microscopes, etc. The governnment has trained and will pay the salary of a Laboratory technician for O'Leary hospital. He is Thane McNeill, a local boy. The government also gives a maintanence grant of one dollar per day for every patient during his stay in hospital.

Dr. Bonnell conveyed the regrets and congratulations of Premier A.W. Matheson who was unable to be present because of a previous engagement.

When the cornerstone had been laid by Dr. Bonnell, Rev. C.O. Howlett offered the inovation prayer.

Dr. L.G. Dewar, speaking on behalf of the medical staff called this the greatest day in the medical history of O'Leary. He made reference to the great advances in medicine in recent years and paid tribute to the nursing profession. On behalf of the medical staff and nurses he expressed appreciation to the people of the community who have made this provision for better medical services.

NEW DOCTOR

Dr. C.M. Dewart introduced Dr Nicholas Bruvels, who will come to reside in O'Learyy in mid-July as staff surgeon. Born in Latvia, Dr. Bruvels was graduated in medicine in 1939 and in 1944 received a Latvian fellowship. Going to Hamburg, Germany, he served as consulting surgeon with U.N..R.R.A. Moving again to England he was hospital surgeon in the northern part of the country before entering the British Colonial service in 1952 and going to Malaya where he resided for four years. Since coming to Canada he has been resident surgeon in Camp Hill Hospital, Halifax.

Responding to the introduction, Dr. Bruvels expressed the hope that the people of O'Leary will like him as well aas he already likes O'Leary.

In the absence of the architect, Keith Pickard, the keys to the hospital were presented to Mr. Stetson by Mr. Harold MacLennan, the builder, who expressed his thanks to the building committee and other committees for their co-operation during the period of construction.

..Judge Darby, chairman of the board of trustees of Prince County Hospital, briefly extended congratulations and good wishes.

On behalf of the board of trustees, Mr. Stetson expressed thanks to the nurses who worked tirelessly in furnishing this hospital, to the Ladies' Aid who have done a remarkable job, to the women's Institutes in many districts who have acted as local aids, to the Sisters of the Western Hospital who have given much helpful information, to special committees who have carried out their duties in a commendable manner, to those who have contributed and endowed rooms, to all who assisted in any way, tothose who constructed the building and all associated with them, and to Mr. and Mrs. Garth Harrison who have cared for the books during the past six months without charge

Mrs. (Dr.) Stewart, representing the twenty-one communities that from the Ladies' Aid, brought greetings from the Stewart Memorial Health Centre at Tyne Valley.

Mrs. Donald McKenzie, president of O'Leary Hospital Aid, thanked all who had given assistance through the aid.

REPRESENTS MINISTER

Dr. O.H. Phillips, M. P., representing the Federal Minister of Health, congratulated the people of O'Leary district on this fine hospital which is a tribute to their ability and perseverance. It is also an example of co-operation, and he expressed the hope that this spirit will continue. Tracing the origin of the word hospital' to the Latin' hospes' or 'guest' he made reference to the fact that rest houses for pilgrims to the Holy Land came to be known as hospitals. Thus, those who come here for treatment are to be considered as guests of the hospital and the comunity and to be treated as such. Dr. Phillips then cut the ribbon and declared the hospital officially open.

Rev. Father Dooley of Brae expressed congratulations and the program came to a close with "O Canada." played by the R.C. A.F. Band.

..The large gathering took opportunity to inspect the new hospital building and many expressions of appreciation were heard as men, women and young people viewed the attractive rooms and convenient facilities.

Bountiful provisions was made by the ladies who served a delicius turkey supper. There were booths and a swing, and in the evening a concert was given by the R.C.A.F. Band.

Five In Hospital After Two Trucks Collide At No. Tryon

The condition of the five persons, who are patients in the Prince County Hospital following a highway accident at North Tryon about 1:00 o'clock yesterday morning, was reported by hospital authorities last night as being satisfactory.

The cause of the two-truck accident has not been ascertained as yet as the accident victims were not in any condition yesterday to be questioned.

Involved were Miss Eileen O'Holloran, Carleton, who suffered a broken neck; Elaine Noonan, Carleton, shock; Gerald O'Holloran, Carleton; George Cannon, Hampton; Derwyn Huestis, Albany. All suffeed various neck, chest and facial injuries

As far as could be ascertained Miss Noonan and Miss O'Holloran were in a half-ton truck driven by Gerald O'Holloran when their vehicle was struck from the rear by another half-ton truck driven by George Cannon with Derwyn Huestis as passenger.

Both trucks were badly damaged.

Dr. Peter MacDonald of Crapaud was called to the scene and after first aid had been administered they were rushed to the Prince County Hospital by ambulance where emergency treatment was given by Dr. Kenneth Beer.

Homemaking Art

(Continued from page 1)

province was also suggested. The Provincial Department of Agriculture has an attractive display of Island processed foods at the back of the auditorium.

Keep alive the old handicrafts and learn new ones, emphasized Miss MacLeod who noted that twenty - three centers had courses in their local areas. Sewing, weaving, glove making, stencelling and leather tooling were among the subjects taught. This year there will be a handicrafts exhibit at the Maritime Winter Fair.

PRESIDENT'S REPORT

Mrs. MacGowan in her report as president noted among other things that the executive had presented a brief to the government asking for an independent commission composed of rural and urban leaders in education, with full authority to make a complete study of existing conditions in education and to bring in recommendations to the government aimed at prompt improvement in the educational standards in the province. Assisting Mrs. MacGowan in the presentation had been Mrs. Allison MacMillan, Mrs. Michael Doyle and Mrs. Leslie Ramsay.

The executive also joined with the historical society in asking the government to provide space for a provincial museum.

Reference was made to the course for district convention officers by Mrs. MacGowan who stressed the importance of proper leadership at such conventions and the usefulness of the courses. Twenty - eight district conventions were held during the month of June, she reported.

Referring particularly to citizenship, the convention theme, she said "as Candians we enjoy the rights of freedom unknown in many parts of the world—the clamor of thousands of people to come to our country bear witness of this. We have the right to work as we wish, to vote as we see fit, and to worship in the manner of our faith. These are priceless privileges. Our forefathers worked and often suffered for many rights that we of today take for granted."

DR. DORIS BOYLE

Citizenship is a social relationship, it is governed by the social virtues of justice and charity, Dr. Doris Boyle, professor of economics and sociology at St. Francis Xavier University, told the meeting. "Citizenship" she said, is a very important virtue, particularly in a democratic country, The virtue of citizenship consists 'in the firm resolve to subordinate one's personal interests—or any other special interests—to the common good of society? Citizenship is derived from the virtue of justice. Its function is to direct the practice of all the other virtues toward the common good.

"Citizenship is born of charity because it is concerned with the good of one's neighbour. Christians for whom the great commandment is that of charity, must be outstanding among men by the quality of their citizenship, whether they exercise it as governors or as those governed. It carries with it certain privileges and certain responsibilities. Basic responsibilities listed were to obey the laws of the country, to vote and to educate one's children."

The delegates were urged to take a more active part in the Federation of Agricultue activities by J. Lincoln Dewar, the federation secretary. "We should have at least two thousand active women members because wives of men who are members automatically achieve membership in the Federation," he explained. He also stressed the importance of Farm Forum programs.

HEALTH AND WELFARE

Reporting as Health and Welfare convener, Mrs. J. Phillip Matheson of Oyster Bed Bridge noted with appreciation the work being done by Garth Crockett, who has a Master of Science degree and majored in Health Education. He is doing the community organizational work preparing for the tuberculin tests. She also paid tribute to the memory of Dr. P.A. Creelmen and referred in glowing terms to the fine work he did towards the eradication of tuberculosis during his lifetime. She warned though, that the disease is still a threat although a cure is almost certain when treatment is started in the early stages.

Mrs. James O'Brien, Elmsdale, Mrs. Anthony Gaudet, St. Nicholas; Mrs David Mutch, Mt. Herbert; Mrs. W.A. Bruce, Valleyfield; Mrs. Fred Robertson, Kingsboro and Mrs. Lincoln Dewar, New Perth, were named to the nominating committee.

Mrs. John Hickox, Springfield; Mrs. Fred Taylor, Bunbury and Mrs. Vincent Shea, Central Royalty were named to the resolutions committee.

Resolutions adopted yesterday, included one to authorize an increase in individual membership fees to thirty-five cents and one stressing the importance of having the words correct when singing the National Anthem.

Contract Is Let For Church At Seven Mile Bay

Rev. R.F. MacDonald, pastor at Seven Mile Bay, announced over the week-end that the contract for the construction of the new Catholic Church has been awarded to the firm of M.F. Schurman Co., Ltd. The amount of the contract is $104,000 and with the additional cost of the altar, pews and other furnishings it is estimated to reach $121,000.

Located approximately on the site of the old church, which was destroyed during an electrical storm in 1955, the new edifice will have a seating capacity of about 500 people.

Construction will begin immediately, it is understoood.
