THE GOSPEL ARMY.—On arrival of train this morning Major Frearson was met at the depot by Capt. Mallory and a number of the soldiers, and escorted to the barracks where half an hour was spent in prayer. The Major addressed the soldiers very briefly, and spoke of the wonderful work which is going on all over the land by the Gospel Army and Salvation Army. He said a true soldier of the Gospel Army will at all times exhibit a loving charitable spirit—the spirit of Christ. Major Frearson has had nine years experience in army work and appears to be peculiarly well fitted for the position he holds. DOMINION PARLIAMENT

Division on Landry's Motion.

GOVERNMENT MAJORITY 94.

OTTAWA, March 24. In answer to a question, Hon. Mr. White, Minister of the Interior, said it was not true that any person had lost his land and home through the existence of any colonization company, and further that no man could have lost his farm and home without the consent of the Minister of the Interior.

The House passed to the consideration of Landry's censure resolution. Mr. Girouard said he was agitating for personal liberty in Canada. Riel was a lunatic who would not have been convicted in any other part of the Dominion.

Desaulniers said he would vote against the Government on this question, believing Riel insane. Mr. Massue, in a few words, said he had made up his mind that Riel was insane, and had seen no reason to change his opinion.

Hon. Mr. Chapleau rose to speak, but six o'clock was called and the House took usual recess. After recess, several bills were read a second time, among them a bill to incorporate Nova Scotia and Western Railway Company.

Hon. Mr. Chapleau then spoke at some length, defending his position on the Riel Question. Bergeron followed, declaring that the Government were to be censured because of their bad Government of the Northwest.

The Government's majority on Landry's motion was ninety-four. Seventeen members voted against the Government. Eleven members were away.

BRITISH NEWS.

THE QUEEN IN PUBLIC.

Receives an Enthusiastic Reception.

Sensation Created by a Crank.

LONDON, March 24.

The Queen this afternoon went to the opening ceremony of laying the foundation of the new Examination Hall of the College of Surgeons on the Thames embankment. She was accompanied by the Prince and Princess of Wales. The royal party was everywhere received with hearty enthusiasm. The Queen appeared to be surprised at the general exhibition of affection, and many times bowed to the crowds with evident pleasure. After her return she left Buckingham Palace for a drive, accompanied by Princess Beatrice in an open carriage along Constitution Hill road. Near Palace Park a man in shabby clothes threw some thing into the carriage. Great excitement followed the man's action but it was subsequently learned that the article was nothing but a piece of paper. The man is believed to be a discharged soldier, it is thought of unsound mind.

ELLSWORTH, Me., March 24. F. D. Hodgkins & Sons recently shipped 70 men in Nova Scotia for the Grand Bank fisheries, with an understanding that their vessels would call at a Nova Scotia port and take men on board. They telegraphed the Consul General at Halifax and received the following reply:

"A despatch from Ottawa says that American fishing vessels have no right whatever to enter Canadian bays or harbor, except to obtain wood or water. Instructions to that effect issued."
