

Neighbors Honor Hampton Couple

A family party for Mr. and Mrs. John H. Myers, honoring their Golden Wedding, on December 4, developed into a surprise party attended by residents from all the nearby districts. The spacious Myers Homestead at Hampton, now occupied by Mr. and Mrs. William Myers was the scene of the event, which included an address and presentation from the family of a trillium lamp and a mantle radio. The gifts were presented by a daughter, Lulu, (Mrs. Norman Nicholson) and a son, William, while another son, Frank, M. L. A. voiced good wishes and congratulations on behalf of the family.

With Mr. Robert Dawson presiding, an address was read by Mrs. Frank MacDonald and the celebrants were presented with a Bazaar Wrist Watch for each, and a Kenwood blanket. Officiating were Mr. Joseph Trowsdale representing Crapaud, Mr. Donald Hart for Victoria and Mr. John Rogerson, Hampton. Mr. Kent Boswell added his good wishes and congratulations in a few suitable remarks.

Although completely taken by surprise, Mr. Myers adequately responded on behalf of both.

Lunch was served, and dancing was enjoyed for the remainder of the evening to music furnished by Messrs. Allison Story and Hillard Francis.—Bur.

O'Leary

Mrs. Joseph Gallant O'Leary, has been visiting with her sister, Mrs. Hubert Arsenault in Wellington.

The many friends of Mrs. Moodie Lockhart are glad to hear that she is convalescing at the home of her daughter, Mrs. Preston McCaull in Ellerslie, after her recent operation in the Prince County Hospital.

Mrs. Sanford Phillips, O'Leary has had as her recent guest her sister, Mrs. Don MacLean of Tyne Valley.

Mr. and Mrs. Neill MacKay and little daughter, Neila of Coleman, were visitors to Wilmot Valley recently guests of Miss Lillian Sobey and Mr. Edgar Sobey.

The Brae Y.P.U. members held their meeting at the home of Mr. and Mrs. Lorne MacNeven on Friday evening. There was a good attendance. The next meeting will be held at the home of Mr. and Mrs. Robert Cullen.

Mrs. Aubin Wedge, O'Leary, is a patient in the Prince County Hospital, in Summerside. All hope for a speedy get well.

The Ladies of the Baptist Congregation held their Bazaar and Tea at the home of Mrs. L. G. Dewar, and although the day was stormy a good crowd attended. Delicious refreshments were served by the Ladies. The Bazaar articles found ready sale and a nice sum was realized for church purposes.

Messrs. Stanley Dumville, Edzel Dumville and Alfred Palmer, O'Leary, motored to Charlottetown on Thursday.

Mr. and Mrs. Edgar Harris of Springfield West, were visiting in O'Leary on Tuesday afternoon.

Mr. Gerald Murphy of Campbellton was in O'Leary, on Tuesday afternoon.

The many friends of Mr. Glendon MacKindrick of Campbellton, are very glad to hear that he has improved enough to be able to return to his home from the Prince County Hospital in Summerside.

A miscellaneous shower was held in the Legion Hall in O'Leary on Tuesday night in honor of Miss Elma Ellis whose marriage takes place in the near future.

Mr. and Mrs. James Burleigh and children of Ellerslie, were Sunday visitors to O'Leary recently.

Miss Blanche Matthews spent the week-end with her parents, Mr. and Mrs. Jack Matthews in O'Leary.

Mr. Therin Hills was in Summerside on business on Tuesday.

Mr. Bernard Shea, O'Leary was a business visitor to Charlottetown on Wednesday afternoon.

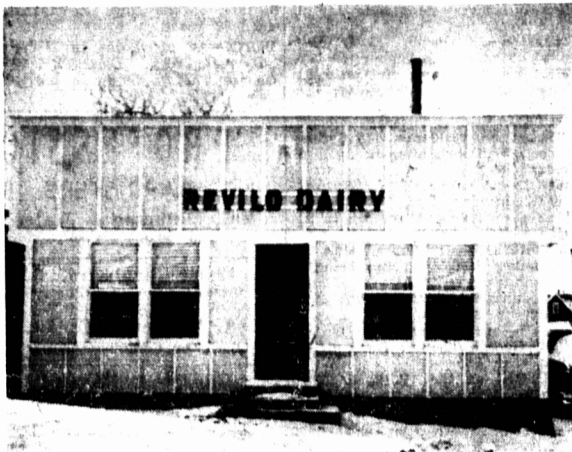

Mr. Elmo Crozier of Carleton, Lot 6, motored to Summerside on Thursday.

Mr. and Mrs. Huzkie MacPhee and daughter Audrey of Coleman, were visitors to the home of Mr. Edgar Sobey and Lillian Sobey. They also visited with Mr. and Mrs. John Sobey on Chelton. CP

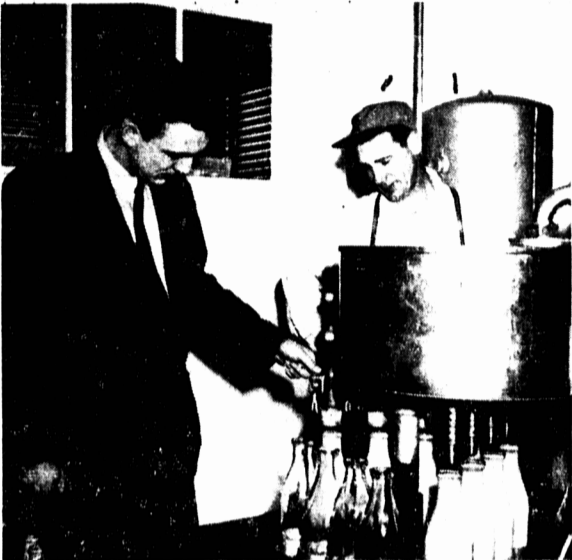

OPEN FORESTRY MEET

NEW DELHI, India (Reuters)—Nearly 300 delegates from 48 nations will meet in Dehra Dun, at the edge of the Himalayan foothills, today for the fourth world forestry convention. Indian President Rajendra Prasad will open the 11-day conference, sponsored by the United Nations Food and Agricultural Organization. Canadian delegates are Dr. D. A. MacDonaid and Col. H. H. Jenkins.

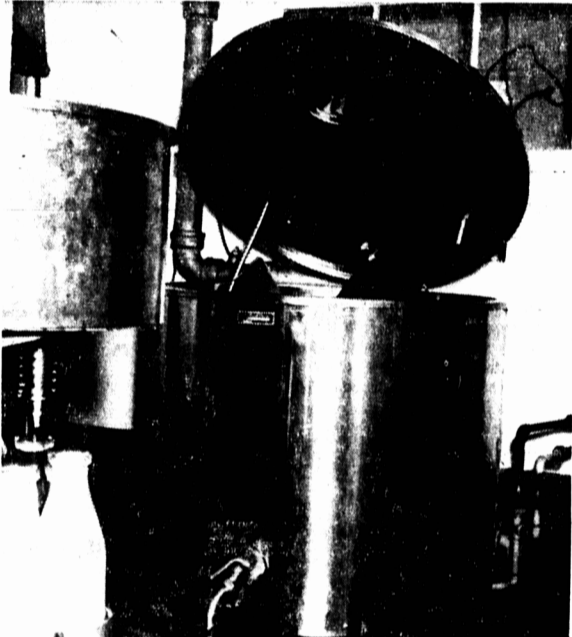

Alberton Pasteurization Plant

This modern pasteurization plant was constructed by Mr. John Oliver and contains the necessary equipment to render milk safe by pasteurization. There is a large sales-room in front as well as an office.

The above photograph shows Mr. Balem (left) and Mr. Oliver, Mr. Balem, Sanitary Inspector with the Department of Health and Welfare, is examining the filling and capping machine.

The large vat in this photograph is the pasteurizer which is the heart of the plant. Here the milk is heated to 143 degrees for 30 minutes. The milk then passes over a cooler where it is cooled rapidly to about 50 degree before being bottled.

POLICE ACCUSED

NEW ORLEANS, La. (AP)—A citizens investigating committee in a final report made public Monday accused New Orleans police of condoning and sharing in the profits of widespread vice operations. The committee charged executive laxity on the part of Mayor deLesseps Morrison and acting superintendent of police Joseph L. Scheuring.

Burgess Bedtime

water was cold. Paddy didn't mind it the least bit, because he was used to it. He had on a thick fur coat, and over this, a waterproof coat. It was different with Old Man Coyote. That water chilled him right through and through. But he hung on. Yes sir, he hung on. He wasn't going to lose that beaver dinner now that he had caught it. What was a cold wetting compared to such a good dinner as Paddy the Beaver could make?

GREAT LAWYER

Insanity as a defence in British criminal law was established in 1843 by Sir Alexander Cockburn, later lord chief justice of England.

PROUD RIDERS

TWICKENHAM, England (CP)—Pennants were given to 1,000 children who passed bicycle-safety tests in this Middlesex community.

Hampton

Relatives and friends have learned of the illness of Mrs. Catherine A. MacPhail, of Bonshaw, and are extending best wishes for her early recovery.

Following a prolonged period of illness, relatives and friends of Mr. Mark Cameron are much pleased to learn that considerable progress has recently been made towards recovery.

Sympathy of relatives and friends is extended to Mr. and Mrs. Lorne Coles on the death of his brother Leigh, at Grand Rapids, Michigan, on Nov. 16. In response to the wire advising the illness of his brother, Lorne was present at his brother's bedside previous to Leigh's death.

A very enjoyable supper in Tyrone Hall on Nov. 10, was participated in by a large gathering of friends from far and near.

Mr. and Mrs. Kenneth Paynter are receiving a welcome to Crapaud, as Mr. Paynter resumes work at Crapaud Creamery, following a period of time during which he was manager of the factory at Hazelbrook.

Included among return visitors to the city, from this district, on Nov. 19 were: Misses Margaret Cannon, Mary Taylor and Mrs. Gordon Villert.

Miss Margaret Shaw has been a week-end visitor at Hampton, guest of Miss Barbara Dunsford.

It is pleasing to friends of Mrs. R. H. Baxter, and Mrs. A. E. Priest, to learn that they are gradually improving from the prevailing illness.

Mr. Leith Ferguson has been busily engaged in moving the farmers' cash crop—potatoes, to the New Brunswick markets, returning with loads of coal to keep the home fires burning.

Mr. C. MacVittie, Westmoreland, was a recent business visitor at Hampton. Having sold his property at Westmoreland, Mr. MacVittie contemplates an enjoyable visit among relatives and friends in the United States.

Mrs. John H. B. Dixon has returned to her home in Desable following an enjoyable visit among relatives and friends in the city. —C.E.

AUGUSTINE COVE W. I.

The monthly meeting of Augustine Cove W. I. met Thursday evening, Dec. 2, at the home of Mrs. Priscilla MacFadyen. Meeting opened by singing the Institute Ode followed by repeating the Creed in unison. Roll call was responded to by 15 members; two new members joined and two visitors were present.

Bills amounting to \$36.19 were paid. The birthday box was opened and the sum of \$10.34 was realized. It was decided to have the projector at the school next week and have a sale of lunches and candy.

Plans were made about packing Christmas boxes for the shut-ins and the secretary was asked to buy a small gift for each child enrolled in the school.

Reports of the committees were then heard and new ones appointed. Sick and program, Mrs. Priscilla MacFadyen, Mrs. Harry MacFarlane; lunch, Mrs. Wendell MacFadyen, Mrs. Kenneth Dawson, Mrs. Austin Cameron, Mrs. Alban Gaudet.

Mrs. Vernie Webster kindly invited members to her home for the next meeting. Roll call to be answered with money towards quilting material.

Meeting closed by singing the "Queen". A delicious lunch was then served by the hostess assisted by committee in charge. Collection amount to \$1.15.

STARTED IN CHOIR
John Coates, famed English tenor who died in 1941, began his singing career as a choirboy.

Milk Pasteurization Plant Constructed At Alberton

Mr. John Oliver, who for the past number of years has been the raw milk vendor in the Alberton area, has recently constructed a new and modern pasteurization plant in the town of Alberton. The construction of this plant is of great public health significance because the process of rendering raw milk safe by pasteurization was one of the major discoveries made by Pasteur who laid the foundation of modern preventive medicine. Bacteria causing diseases such as diphtheria, tuberculosis, septic sore throat, scarlet fever, undulant fever, typhoid and the fatal diarrhoea of infancy may be in raw milk. These bacteria may come from people who handle the milk or may originate in the cow. The Pasteur discovered that all these harmful bacteria are killed by pasteurization.

The plans for the new pasteurization plant at Alberton were approved by the Department of Health and Welfare who have welcomed the construction of the plant. The Department has always been very concerned that pasteurized milk was not economically available in Western Prince County and therefore gave Mr. Oliver technical assistance and much encouragement in the undertaking. Also Sanitary Inspectors from the Department as well as Public Health Nurses did a great deal of educational work in drawing to the attention of the public the advantages of consuming pasteurized milk.

All pasteurization plants on the Island are supervised by the Sanitary Engineering Division of the Department of Health and Welfare. This insures that the milk is adequately pasteurized. Samples of milk are examined regularly to check on the bacteria counts, butyric acid content and other tests that indicate the quality of milk. Also the producers that supply the plant with raw milk are under inspection of the Sanitary Engineering Division. A Public Health veterinarian will regularly examine the cattle for disease, inspect the equipment used on the farms, as well as check on the general sanitation of the stables and premises of the producers. Inspections like this bring cleaner, fresher, and better milk to the pasteurization plants but cannot guarantee that the milk is completely free of dangerous bacteria. Pasteurization of the milk in the plant kills any harmful bacteria which may accidentally be in the milk.

Pasteurization is performed in a large stainless steel vat which is heated by steam. The milk is heated to a temperature of 143 degrees and held at that temperature for 30

minutes. This kills the bacteria which maybe in the milk without affecting the flavor or harming the milk in any way. Following this the milk is cooled rapidly to below 50 degrees by a specially designed cooler. From the cooler the milk is piped to the bottling machine which bottles and puts caps on the bottles in one operation. The milk is then stored in a refrigeration room until it is ready for delivery. Mr. Oliver reserves to be congratulated for the splendid plant that he has built and also for choosing a business in which he can be of real service to the communities in Western Prince. His plant is the only one west of Summerside and will be able to provide pasteurized milk to the larger communities of Alberton, O'Leary and Tignish as well as many smaller communities in the district. Mr. Clarence MacKinnon and Mrs. Velda MacNeill raw milk vendors in O'Leary will be shipping their milk to the plant to be pasteurized and then it will be distributed in the O'Leary area. A similar arrangement is under consideration for Tignish. The people in Western Prince will be able to show their appreciation of this enterprise by drinking pasteurized milk and by doing this, support the Health motto, "Pasteurized Milk is Safe Milk."
