

## Opens Big Fair

Mr. Cyrus Eaton (above) of Cleveland, Ohio is shown as he officially opened the Provincial Exhibition last night. Barter's Film Lab.

# Provincial Exhibition Opened Here Under Favorable Auspices

## COUNCIL VOTES DOWN PROPOSAL FOR FLUORIDATION OF CITY WATER SUPPLY

A motion to recommend to the Water Commissioners that fluoridation of the city water be adopted was lost in City Council yesterday when it was opposed by several of the councillors after being introduced by Councillor Gordon Hutcheson.

Coun. P. R. McCormac said he was still against the move as he felt that medical opinion of its value was still divided. He thought the population of this city was so small that only a relatively few would benefit from it, and those in the younger age groups.

In support of the motion, which was seconded by Coun. Arthur Gormley, Coun. Elmer MacDonald said he had talked to several local dentists and they were all in favor of the move. Coun. A. W. Gaudet expressed agreement with Coun. McCormac and some discussion was carried on between the latter and Coun. Hutcheson regarding natural and artificial fluoridation. Coun. McCormac maintained that though it might help children's teeth there was no assurance it would not prove harmful to other parts of the body.

The resolution was lost when Councillors McCormac, Gaudet, Johnstone and Keefe opposed it on a standing vote. Councillor George Rogers was absent from the city.

## Join Forces In Battle Against Army Worms

MILLVILLE, N.B. (CP)—Dominion and provincial agriculture officials have joined forces with New Brunswick farmers in battling a crawling plague of army worms that is threatening the province's most valuable grain growing sector.

### Avenue Extension

A 60-foot wide extension of Goodwill Avenue-Landsdown Avenue together with a widening of the entry from Sidmount Avenue will be undertaken. The Council yesterday accepted the offer to convey this land to the city by Mr. George Johnston and Mrs. Johnston.

It was moved that the City Surveyor submit a plan for their approval following which the Recorder will prepare a deed for execution.

Wednesday, August 11, was proclaimed a Civic half-holiday following the custom of recent years. This is usually done Old Home Week to give employees an opportunity of attending the big fair.

The City Clerk was authorized to issue a cheque for \$1,000 as requested for by the chairman and manager of the Centennial Committee.

## Oddfellows Open Sessions At Amherst

AMHERST, N.S. (CP)—A bevy of high-ranking officers spoke Monday before the opening session of Oddfellows Grand Lodge of the Maritime provinces.

By noon Monday, 200 Oddfellows and 400 Rebekahs had registered for the biggest gathering in their history. Three buildings have been set aside for the meetings.

D. Keenan of Charlottetown, grand master, and Nina Anderson of Grand Falls, Nfld., president of the Rebekah assembly, were among those who spoke following addresses of welcome by Amherst Mayor M. J. Kaufman and Rev. M. S. Richardson, president of the Amherst ministerial association.

Later, addresses were delivered by Mrs. Blanche Dever of Montreal, vice-chairman of the national lodge youth movements, and A. W. Foster, grand lodge committee chairman.

Expected earlier but unavoidably absent from these initial meetings were sovereign grand master James R. French of Cheyenne, Wyo., and C. R. Murray of Springfield, N.S., grand patriarch of the grand encampment.

## Strikes Threaten West Germany

FRANKFURT (Reuters)—West Germany faced her worst industrial crisis Monday since the end of the Second World War with 300,000 workers already on strike in a country-wide campaign for higher wages that threatens to involve 4,000,000 workers.

Police were prepared for possible violence in many areas as German labor unions pushed demands for wage increases ranging from six to 50 per cent.

Hamburg's 14,000 transport, gas, water and electricity workers have been on strike since the middle of last week and have rejected a com-

promise pay offer from the city. They have threatened to take "fighting measures" unless they receive satisfaction in their request to the Federal government for new negotiations.

**METAL WORKERS OUT**

In southern Germany, 200,000 Bavarian metal workers stayed off their jobs Monday causing an estimated daily production loss of 8,000,000 marks (about \$1,600,000). Their employers said they would dismiss anyone not back at work by Thursday. Police leave has been cancelled in Munich as a result of the potentially explosive situation.

"Fellow farmers and horse lovers" was the term used by Mr. Cyrus Eaton, noted American industrialist and breeder of purebred Shorthorn cattle, in officially opening the 65th Annual Provincial Fair at the Charlottetown Exhibition Grounds last night.

Speaking before an enthusiastic audience Mr. Eaton declared: "I have always felt that Prince Edward Island is one of Nature's masterpieces, with its fertility of soil, its beauty of landscape and its wealth of the sea."

Magnificent weather greeted the opening of the 1964 Fair which was attended by His Honor Lieutenant Governor T. W. L. Prowse, Hon. A. W. Matheson, Premier, and Mayor J. D. Stewart. Also seated on the main platform were Mr. H. J. Kennedy, general manager of the Exhibition Association and Dr. J. P. Lantz who presided and introduced the speakers.

"There is no greater joy," said Mr. Eaton, "than for a person, no matter what his walk of life, to own a piece of land and work it. When I was a boy, I used to hear the saying, 'the farmer has a hard row to hoe,' but," he continued, "the greatest requirement for a hard row is hard work and if ever we get lazy, the Communists will come and take us over. There is great reward for those who are willing to put the effort into it," said Mr. Eaton as he concluded his remarks and officially declared the Exhibition open.

Lieutenant Governor Prowse spoke briefly at the opening ceremonies. He welcomed the visitors from other parts of Canada and from the United States. He noted that the Exhibition has been thriving and growing each year, until it is now one of the most outstanding events in the Dominion of Canada.

Mayor Stewart extended the welcome of the City of Charlottetown to all visitors and especially to the distinguished guest, Mr. Eaton, who he observed was a native of Pugwash, N.S. "Since Pugwash is a suburb of Charlottetown, we hope that Mr. Eaton will continue to

## PRESENTED WITH MERITED AWARD FROM THE ROYAL HUMANE SOCIETY

The City Council Chamber yesterday was crowded with citizens attending the presentation to Police Detective Sgt. A. J. (Tony) Lund of the Royal Humane Society Medal for Bravery for his daring feat in saving many lives.

His Worship Mayor J. Stewart read the formal address to Sgt. Lund and His Honor Lieutenant Governor Prowse pinned the medal on the sergeant who was in civilian dress.

The presentation came in the afternoon as the regular monthly of the City Council was interrupted for the ceremony. Present were large numbers of his fellow Police officers, headed by Police Chief Charles MacArthur, Fire Chief Herbert Jewell and several members of his brigade, representatives of the R.C.M.P., City Hall staff members and a large group of relatives and friends of the popular officer.

Something additional was added when just before the Council meeting was interrupted for the above purpose the members unanimously voted that following the presentation the City of Charlottetown also show its appreciation. After the medal was presented Councillor E. C. Johnstone, chairman of the Finance Committee, briefly congratulated Sgt. Lund and expressed the hope he would have many more years to carry on his faithful work. He then handed him a cheque from the City for \$100.

Lieutenant Governor Prowse was accompanied by his Naval Aide Captain J. J. Connolly, V.D. City Councillors and all present members of the city departments then offered their personal congratulations to Sgt. Lund on receiving the medal.

## Strange Object Seen Over N. B.

SAINT JOHN, N.B. (CP)—Hundreds of southern New Brunswick residents stopped in their tracks Monday night for a stiff-necked glance at a mysterious, round, white object flying high in the sky. The object was first sighted about 7 o'clock when a man phoned the Saint John Telegraph-Journal newsroom and said the "flying saucer" with a "v" marking on its face was floating over the city.

Sure enough when reporters and editors investigated the matter, there was the strange light glowing in the sky, southeast of Saint John. Two photographers successfully took a series of pictures, showing the object in varying sizes.

Weather officials were stumped. They discounted one theory that it may have been an observation balloon. A spokesman said a hydrogen filled balloon would rise until it was out of sight, instead of hovering over the city.

The object was also visible from as far away as St. Martins, 35 miles from Saint John. It changed from white to orange and then to bright red as the sun set. With darkness, the object disappeared from view.

## QUALITY IMPROVED IN EXHIBITION SPONSORED BY WOMEN'S INSTITUTES

Entries in the Exhibition sponsored by the Women's Institutes of P. E. I. at the Exhibition Grounds were approximately the same in number as last year, said Miss Mary Robin last evening. Miss Robin and Mrs. Maytie Manning, W. I. supervisors, are in charge of the entries, which total more than 1500.

Judging the competitions this year were: rugs, Mrs. Dolor Richard, Summerside and Miss Eleanor Clapp, Provincial Sanatorium; handicrafts, Mrs. Allison MacLean, Summerside; Mrs. Davis Lidstone, Summerside; Miss Betty MacMurdo, Summerside; and Miss Heather MacLean, Charlottetown.

## Coming Events

- \*\*Dance at Gordon Lodge every Friday night.
- \*\*Dance, Fortune Hall, every Tuesday night.
- \*\*Regular Dance Crapaud Rink, Wednesday night.
- \*\*Dance Kozy Hall, Georgetown, Tuesday, August 10th.
- \*\*Dance, Gowan Brae School, Friday, August 13th.
- \*\*St. Peter's Bay annual Bazaar, August 24th and 25th.
- \*\*Complete line of School Books now in stock. W. I. Bowman.
- \*\*Dance, Lorne Valley Hall, Tuesday night. Webster's Orchestra.
- \*\*New Zealand picnic Tuesday, Aug. 10. Meals served from 4 to 8. Dance after.
- \*\*For Custom Combining Grain list your name now. E. J. MacDougall, Vernon.
- \*\*Weekly Dance, Hunter River Hall, every Wednesday. Dolron Bros. Orchestra. Canteen.
- \*\*Our stores will close every night this week only except Saturday. Parker Canfield and Waddell Bros.
- \*\*In stock, Dithane, and all kinds potato sprays, fly sprays and binder twine. Dillon & Spillet.
- \*\*Dance South Rustico Hall every Thursday night, music Rolie MacKenzie's Orchestra.
- \*\*Remember Provincial Flower Show, Baptist Hall, Summerside, August 24th and 25th.
- \*\*Chicken Supper, Games, etc. Wednesday, August 25th, Tracdie Hall. Dance after.
- \*\*Owing to Old Home Week there will be no Dance in Winslow Station Hall on Tuesday, August 10th. Next week dancing as usual.
- \*\*Regular Dance, Stanley Bridge Rink Hall every Tuesday night. Music, Rolie MacKenzie's Orchestra.
- \*\*Attention Morell and Vicinity. Until further notice there will be no Saturday show at Morell. Watch this column for announcement. Show coming Friday only.
- \*\*In person, the Four Knights, Tuesday, August 10th, at 8:00 p. m. at the Rollaway Club. Admission \$1.00. Full 4 hours dancing after from 10:15 p. m. until 2:15 a. m. Admission \$1.50.

photographs, Mr. Herbert Baxter. Entries included articles ranging from a beautiful hooked rug, in tones of beige, made by Mrs. E. Boswell of Marshfield, to a large masterful schooner, hand-carved by W. J. Harris of Murray Harbour.

The quality of home sewing, smocking, knitting and rug hooking was considerably improved in quality this year. Some new interest came from new Canadians settled on the island and one such example was a hand-knit sweater, made by a woman from Germany. Another outstanding article was a quilt, made by Mrs. R. L. Cairns, Freetown; she calls the design "Barefoot Boy", and in tones of blue, she has depicted a young boy cheerily walking with a fishing pole.

Entries in the painting class were down and in the photography class they were about the same. With the addition of color pictures for the first time. The following are winners of handicrafts and art work:—

**CLASS 31**  
Chenille Bedspread: 1 Mrs. Frank MacRae, Milton Station; 2 Mrs. Fred Froude, New Wilshire; Mrs. E. C. Evans, 38 Victoria Ave., Charlottetown.  
Bedspread Crocheted: 1 Mrs. R. (Continued on page 5, col. 3)

## Wonder If Flying Saucer Detected By Instruments

OTTAWA (CP)—Is Canada the first country in the world to record a flying saucer with instruments? That question is being debated here after the transport department's firing saucer sighting station reported that it had detected an unexplainable object in the atmosphere over Ottawa Sunday.

Wilbert B. Smith, engineer in charge of the broadcast and measurement section of the transport department, said the saucer and gravimeter was tripped at 3:01 p.m.

Mr. Smith said he is convinced that the deflection on the gravimeter was not caused by an aircraft. It was either something scientists did not know about or an instrument failure.

"We now are attempting to find out if there was a failure somewhere in the instrument," he said. "If it turns out that there was no failure then I don't know what it was that passed overhead."

**FIRST NOT EXPLAINED**

Mr. Smith, who built and operated the sighting station, said the deflection on the gravimeter was the first that could not be explained since the instrument was installed last October. The gravimeter is designed to detect and record gamma rays, magnetic fluctuations, radio noises and gravity and mass changes in the atmosphere.

Mr. Smith was on duty at the station when a set of alarm bells—tripped by the deflection on the gravimeter—rang.

"I ran outside to see what might be in the sky. The overcast was down to 1,000 feet, so whatever was up there was concealed behind low clouds. We must now ask ourselves what it could have been."

## Unidentified Jet Planes Open Fire On Yorkshire Town; No One Injured

BRIDLINGTON, England (AP)—Unidentified jet planes swooped in from the north sea Monday and sent a burst of cannon fire into this Yorkshire town. Two houses were damaged, but no one was hurt.

The British air ministry at first said a Royal Air Force plane was involved, but later withdrew the statement. A U.S. air force spokesman said none of its planes had been in the area all day.

An air ministry official said: "The latest position is that we have not yet sufficient proof, as it now turns out, to say definitely that it was an RAF aircraft."

There was no indication as to the number of planes or their markings.

A Bridlington farmer said a jet plane dived and fired. Shells struck the ground near him and he threw himself on his face.

### TO MAKE DONATION

The Premier announced that Mr. Eaton has informed him of his intention to make a donation in the way of a prize for some outstanding achievement of an agricultural nature. Said the Premier, "It is through agriculture that this pro-

(Continued on page 5, col. 5)

## Blame Job Agents

DELHI, Ont. (CP)—Job agents who collect \$20 a head for bringing in harvesters have been blamed for the influx of 10,000 transient harvest workers who cannot find work.

Spokesman for the workers, who gather annually to harvest the tobacco crops in this southwestern Ontario area, said Monday there were no jobs, no accommodations and no municipal relief for the men.

"The job agents promised us jobs on arrival and collected \$20 for bringing us here," they said.

## Funeral Monday Of Emilie Dionne

CORBEIL, Ont. (CP)—In a quiet corner of a farmer's field, Emilie Dionne was buried Monday.

Her sorrowing quietest sisters, Marie, Annette, Cecile and Yvonne were among the last to leave the graveside.

Great crowds that had thronged the village throughout Monday morning cleared away. Only a small group of black-clad priests and nuns remained by gentle Emilie's shallow grave in the northern bushland cemetery. They prayed silently, with bowed heads, as rain fell from sombre skies.

And men, for the first time since the birth of the Dionne quintuplets in the family's humble farmhouse May 28, 1934, caught the sympathy and interest of the world, Emilie was left alone.

Rev. J. S. Bonnell, D. D.

### BACK TO BELOVED NATIVE PROVINCE FROM 8,000 MILE TOUR OF EUROPE

A tremendous improvement in living conditions and in the morale of the British people compared with the situation prevailing when he visited the British Isles six years ago is noted by Rev. Dr. J. Sutherland Bonnell, pastor of Fifth Avenue Presbyterian Church, New York, who arrived yesterday by plane from the Old Country for his annual vacation in his native Province.

Accompanied by Mrs. Bonnell, Dr. Bonnell has just completed a tour of Europe which carried him on a journey of approximately 8,000 miles. He flew from New York, Pan-American, to Rome on June 14, stopping at Lisbon, Barcelona, and Nice. This was his sixth visit to Europe and the second he had paid since World War Two, the last one being in 1948. It was Mrs. Bonnell's first visit to the Continent.

Shortly before leaving the United States, Dr. Bonnell was appointed co-chairman of the Religious Committee, National Conference of Christians and Jews in America. He represents the Protestants of the United States and presides with representatives of the Roman Catholic and Jewish faiths. He will report back to the committee on religious conditions in Europe.

"There is a greater freedom of religion in Italy than I had expected; a marked advance on the situation in Spain, where minority religious groups are merely tolerated," Dr. Bonnell said. In Milan, Italy, he addressed a congregation of the Waldensians, the oldest

### Regional forecasts

Regional forecasts:  
Lower St. John river valleys Overcast; intermittent rain beginning before dawn and ending Tuesday afternoon; cooler Tuesday; light winds; low-high at Fredericton and Saint John 55 and 70.
