Toronto Stocks

TORONTO (CP) — The stock market was pounded heavily Wednesday as junior base metals and copper led the mining section to its heaviest single-session setback of the year.

A 61-4-point drop pushed the base metal index to a new low for the year. Western Oils, which managed to remain fixed for most of the session, finally wilted and closed with a 1/2-point index loss.

Copper losses ranged to 95 cents led by Coast Copper. Copper Hand dropped 50 cents, Copper Chibougamau, 35, and Irish, 26. Consolidated Halliwell was the most active stock of the day, trading nearly 350,000 shares, and losing 39 cents at \$1.10.

United Asbestos with a 55-cent drop was the sharpest loss among junior base metals. Eastern Mining and Coniagas fell 40 cents while Maritimes, Hoyle, Con West Consolidated Sudbury and Beaucauge lost 35 cents at \$1.10.

Senior base metals were lower with Sherritt - Gordon down 60 cents and International Nickel off two points. Hudson Bay lost 1/4 and Labrador a point. Normetal, trading ex-dividend, lost 70 cents.

There was the odd sizeable gain among western oils but losses held a wide majority in the day's trading and ranged to 40 cents. Heavier losers included Calvan, Canadian Devonian, Central Explorations Consolidated West Pets and Canadian Export Gas. Bailey-Selburn added a point and North Canadian 20 cents.

Index losses: golds .72 to 73.31; base metals 6.22 to 207.98; western oils 1.55 to 144.98.
