

Oddfellows And Rebekahs Hold Memorial Service

On Sunday afternoon, Oddfellows and Rebekahs of Charlottetown and vicinity gathered in Zion Church Hall in Annual Memorial Service to pay tribute to those of their members who during the last year have passed into the Great Beyond. Opening remarks were made by Mr. Menton Whitlock, D.D.G.M., who presided as Chairman.

A solemn and impressive Memorial Ceremony arranged by Mrs. J.G. Dennis, Warden of the Maritime Rebekah Assembly, was presented by a staff from Alpha Rebekah Lodge, with Mrs. Dennis and Mrs. Robert MacKinnon as Readers.

Others taking part were: Mrs. Claudia Acorn, V.G., Mrs. John Turner, P.N.G., Mrs. Gordon MacPherson, Mrs. Wm. Warren, Mrs. Edward Garn, Mrs. Lois Brown, P.N.G., Mrs. Donald Messer, Mrs. Clayton Shaw. This was most beautifully portrayed, and at the close, the presiding Officers of the three Charlottetown Lodges, Mrs. Howard Ross, Mrs. Forrest E. Clow, and Mr. J.A. MacLeod, placed flowers and a moment's silence was observed in memory of departed members.

The deceased members so lovingly remembered were: Mrs. C. W. Patterson, P.N.G., and Mrs. Florence MacKee of Alpha Lodge; Mr. C.W. Patterson and Mr. J.P. Gordon of St. Lawrence Lodge.

Mrs. Ruby Houle, Past President of Maritime Rebekah Assembly and Mr. Peter Sharma, Chaplain of Wilsey Lodge led in prayers.

Rev. W.H. Forsythe, former Grand Lodge Chaplain, was the special speaker, and took as subject for meditation, Second Corinthians, Chapter Three, "Ye are our epistle, written in our hearts, known and read of all men."

Listeners were exhorted to remember that this unsettled world with all its imperfections and frustrations needs the teachings of our Lord and the practice of the principles of the I.O.O.F. Fraternity now, more than, perhaps at any time in our history. Character is measured today as in days of old, and Oddfellowship teaches the basic fundamentals now as it did a century ago.

During this service, a mixed quartette composed of Mrs. James L. Enman, Mrs. J.G. Dennis, Mr. J.A. MacLeod, and Mr. Paul Hansen sang the appropriate selection, "Beyond the Sunset". The well loved "Abide with Me" was sung as a closing hymn.

Arrangements for this Annual Service was under the direction of the following Committee: Mrs. Paul Hansen, Mrs. Mae Adams, Mrs. Fred Smith from Alpha Lodge; Mr. Forrest E. Clow, Mr. Arnon Burt from Wilsey Lodge; Mr. J.A. MacLeod from St. Lawrence Lodge.

Music was under the direction of Mrs. Ralph Crockett.

Good Progress In Constructing New School At Georgetown

Good progress is being made on the construction of the new high school at Georgetown. Since the above picture was taken the roof has been all boarded in, as well as the walls. Excavation was started on June 15th, with actual construction getting underway on June 25th.

The new building will contain ten rooms, each being 22 ft by 31 ft. Built in the form of an "L", fronting on Kent Street, it runs 130 feet north and South and 118 feet, 6 inches east and west. A corridor runs through the center of each leg of the "L". The main entrance is recessed and faces Kent Street at the south-east corner. There are entrances at the north end of the north-south corridor and at the west end of the east-west corridor. The janitor's entrance, which leads to the basement, which contains the furnace room and water supply machinery, is situated at the back of the school at the inside corner of the "L". Besides the 10 classrooms, there are a teachers' room and a library, both located at the south-east corner, just to the left of the main entrance. Centrally located where the two corridors meet, are the lavatories.

The classroom ceilings will be of 2 inch fiber glass insulation and acoustic tile. No definite decision has as yet been made as to the type of material to cover the walls and floors. Each classroom will have two large windows, each 11 feet by 7 feet and each containing 9 lights. The windows are of the double glass type, which eliminates the necessity of putting on and taking off storm sashes. Two transom openings are installed in each window, one at the top and one at the bottom.

The flat roof, which drains down the centre, is a 20 year bonded building products roof. In the roof there are 10 steel I-beams, one over the center of each room. Heating will be by an automatic oil furnace, but whether it will be hot water, steam or hot air, is presently under consideration. The side walls are diagonally boarded and covered with asbestos shingles.

Mr. Adrian Bradley of Peakes is the foreman in charge. The foundation was installed by County Construction.

The erection and the purchasing of materials is under the supervision of the following seven-member committee, Dr. A. Kennedy, School Board Chairman; H.S. MacLean; Mayor Raymond Solomon, James MacConnell Jr., Walter Solomon, J.W. Lavers and A.H. Stewart. Mr. Stewart has been placed permanently on the job to assist the foreman and to represent the building Committee. It is hoped to have the building ready to occupy before the present school term is completed.
