ATTENTION POTATO GROWERS! STARCH ASSISTANCE PROGRAM

Effective today Starch Factories at Hunter River and Baltic are open to receive potatoes. Grade—No. 1 grade but up to 25% small may be included.

Both starch manufacturers are acting as agents of the Board and farmers should contact their nearest plant for bookings.

Both plants ready to accept potatoes immediately. Payment—22c per bushel will be paid by the starch manufacturer on delivery—A further payment of up to 22c per bushel will be paid by the Board on starch factory receipts. (Further details available at plant or this office).

Growers with any quantity to move, especially carlots, are urged to take advantage of the opportunity to move them to the factory now before the full flow by truck begins.

Inman, Provincial President of the Women's Liberal Association will be present. Hon. A. W. Matheson will be guest speaker. Signed: Mrs. L. H. Pole, president and Mrs. Walter L. Beer, secretary.

St. Andrew's W.M.S. Meets At Montague

The Women's Missionary Society of St. Andrew's Presbyterian Church, Montague, was held at the Manse, Tuesday evening, April 10th. The president, Mrs. F. N. Young presided.

The meeting opened with a call to worship, followed by the hymn "What A Friend We Have In Jesus." The Scripture was read by Mrs. Malcolm MacKenzie. Mrs. Young gave a brief meditation on the theme "Follow me and I will make you fishers of men," after which Matthew 4:12-25, was read in unison. This part of the meeting closed with a circle of prayer, and the Lord's Prayer, in unison.

A number of the members reported having made sick calls during the month.

Mrs. A. C. MacKay, read an interesting paper on the work of the Presbyterian Church in Canada had done in Korea, concluding with a chapter from the study book, "The Dawn Of A New Japan."

The minutes of the previous meeting were read and approved. Roll call was answered with a verse of Scripture containing the word "Rejoice." The correspondence was read by the secretary, Mrs. W. R. Garrick. The financial report was given by the treasurer, Mrs. H. E. Nelson.

The closing hymn "Breathe On Me Breath of God," was especially sung for Mrs. A. J. MacLeod, a life member of the W. M. S. of the 86th birthday was celebrated on April 10th. On behalf of the Society, Mrs. Young extended felicitations on the happy occasion.

The members repeated the benediction in unison.

Death Yesterday Of Mr. Percy Graham

The death occurred at the Provincial Sanatorium, Charlottetown, on April 11th, of Mr. Percy Graham of Gasperieux, in his 60th year.

He entered the sanatorium last fall, and although all possible care given him, he passed away yesterday morning.

He leaves to mourn one sister, Mary, (Mrs. Sencabaugh) of St. John's, and one brother, Jerome, St. John's.

The funeral is to be held from the home of Mr. Alex Campbell, Lower Montague.

PREDICTS LARGE

Attempts to become established in the trucking industry, he noted that the C.A.T.A. had defeated the C.P.R. in their efforts to gain a stranglehold on the industry in Western Canada.

He also stated that last year's announcement of Premier Jones to the effect that the Provincial Government could neither accept nor reject the C.N.R. proposals until provincial autonomy over all highway traffic had been established unquestionably, "was no defeat for the C.A.T.A."

In opening his remarks Mr. Magee praised the work of Messrs. W. E. Darby, Attorney-General, J. O. C. Campbell, Deputy Attorney General, and B. Graham Rogers, Director of Transportation, in submitting their recent report to the Turgeon Royal Commission on Transportation. He stated that more material was accepted from the P.E.I. brief than from any other provincial report.

The 20,000,000 tons of freight moved by truck in 1950 was an all-time record, he said, as he noted that last year was the greatest in the history of Canada's trucking industry.

He stated the central control of trucking would never come about if the C.A.T.A. has its way. "We will fight any attempt to bring any part of the trucking industry under federal control and we expect to win."

Mr. Magee reviewed the achievements of the trucking industry in Ontario during war time and stressed the essentiality of the industry to defense production. He also outlined the importance of truck transportation in civil defense and peace-time disaster.

He noted that the truck industry developed as the result of the need of frequent and speedy freight service was required.

An Air Force veteran who was born in Oakville, Ontario, Mr. Magee, was introduced by Mr. Keith MacKinnon. The Board of Trade president, Lt.-Col. Frank Storey thanked the speaker for his address.

Mr. B. Graham Rogers, speaking briefly on Charlottetown's coming Festive Week, stated that judging from the interest shown on the mainland there was a good chance that the largest crowd ever to assemble in the Province might be on hand for the big week.

He paid tribute to Mr. R. E. Mutch for inaugurating the Woodlands Ferry service and warmly complimented Mr. Magee for his talk.

Mr. Gordon Clarke, chairman of the float committee in connection with Festive Week, outlined plans to make the float parade one of the biggest ever staged in the Maritimes and asked for action on it by the members.

Guests at the meeting were Messrs. J. VanMarion, Urban MacQuaid, Louis Saddler, Edward Gallant and Mr. Vatcher.

Following the meeting the Board of Trade Council met with Mr. Magee in an hotel room and discussed transportation problems.

MacArthur

cluded that General of the army Douglas MacArthur is unable to give his wholehearted support to the policies of the United States Government and of the United Nations...

Then reporters were given the text of an order to MacArthur which said: "I deeply regret that it becomes my duty as President and commander in chief of the United States military forces to replace you..."

Ridgway To Command

In 124 words MacArthur was fired from his jobs as leader of the Japanese occupation, commander of the United Nations forces in Korea, and commander of all American forces in the Far East. Lt.-Gen. Matthew B. Ridgway, U. S. Eighth Army commander, was named to succeed him.

This news exploded like a thunderclap and the storm grew throughout the day. Congress virtually laid aside all other business to make MacArthur the great issue of the day.

Ridgway will be succeeded by Lt.-Gen. James A. Van Fleet—a veteran of the First and Second World Wars, and a protégé of Defense Secretary George Marshall.

As yet, MacArthur has given no hint of what he intends to do except to voice a willingness to Republican leaders to address Congress.

When—and if—the General does come home it will be the first time he has returned to this country in 14 years. Several times congressional leaders have invited him to return and appear before Congress. But each time before he refused.

Montague Ladies Aid Meeting

Mrs. A. D. MacLure presided at the April meeting of the Ladies Aid Society of St. Andrew's Presbyterian Church, Montague, which was held at the manse with a large attendance.

Business of the meeting included election of officers which had been postponed from a previous meeting.

The following new slate of officers were elected for the ensuing term: President, Mrs. Malcolm MacKenzie; vice-president, Mrs. Percy Myers; secretary, Mrs. A. D. MacLure; treasurer, Mrs. A. C. MacKay (re-elected).

Plans were made for holding a pantry sale at the store of Mrs. A. F. Campbell, on April 21st, and a committee was appointed to solicit for donations.

At the close of the meeting lunch was served by the hostess assisted by several of the ladies.

ATTORNEY GENERAL

(Continued from page 5)

tion of submissions to the Federal Government, outlining the needs and requirements of Prince Edward Island. Eventually the Federal Government indicated the terms under which it was prepared to renew the agreement for a further period of five years, that is, from April 1, 1952.

Under these proposals, this Province was guaranteed a minimum annual payment of \$2,911,000 with an upward revision as the amount of gross national production bears to the base year of 1948. According to present figures we will receive during the first year \$3,280,000 for these tax rentals. Negotiations are still pending and we are pressing for an upward revision of the amounts to be paid.

"I would suggest to you with a Liberal Government in power at Ottawa, and pending the conclusion of these negotiations that it is in your own best interests to return to power here a Liberal administration with full prospects of sympathetic consideration from that Liberal Government at Ottawa, rather than to place in control a Government hostile in nature and policy to the Federal Government."

"It is because of the importance of this matter that your Liberal Government felt it should seek a renewed mandate before committing the Province to the terms of any financial arrangement which can so vitally affect your interests over the succeeding years. We think we were right in doing so and we have every confidence that good Island common sense will see the wisdom of re-electing the present Administration to finish this task."

Cites Budget Debate

"That is the main reason for an early election, as these negotiations will shortly be renewed. That it was called prior to the first of May was out of consideration for our farmers and fishermen before their season's work begins. Our Conservative friends suggest they will not have sufficient time to place their issues before the people, but my indication that when a full and comprehensive review of the work of all departments of government, as well as the expenditures for the past year and the proposed expenditures for the now current year, was laid before the Legislature, in my Budget speech of March 26 last, they found so little to criticize or condemn that only one of them had anything to say at all; and that one the leader of the opposition, and he, presumably only because it was his official duty to do so.

"With regard to local matters, I think it can be said and very properly so, that the Jones Government has given this Province not only careful and prudent administration, but also when the need arose, determined, forward looking and courageous action. It is quite possible that some errors have been committed, for after all governments are only composed of human beings. Such slight errors as may have occurred can not in any way detract from the overall picture of achievement and progress.

"In the short space of time that is available in one evening, it is not possible to deal with all phases of government administration, but I would like directly to call your attention to some of these and particularly as they affect us in our every day life. In the Department of Agriculture every effort has been made to expand the services on behalf of our farming population. The outlay for field supervision will be increased to nearly \$40,000 in the present year as compared to \$28,000 spent last year. The establishment of the Agricultural Pathological Laboratory cost nearly \$15,000 and this free service will be expanded in the coming year.

Other Services

"We propose to spend \$12,000 on Veterinary Service and that will be provided as soon as qualified persons are available.

"The grants to Women's Institutes will be increased from \$11,000 to \$13,000.

"Land clearing and drainage services are being rapidly expanded and although they come under the Department of Industry and Natural Resources they form part of the general plan intended to aid the farm industry.

"Each year the work of the department under the capable direction of the Hon. C. C. Baker, is being extended and this year we propose to expend \$228,000 as compared with \$189,000 last year and by far the most comprehensive program ever designed to assist the farmer.

Education

"In the sphere of education our policy has been to train and develop better teachers; to improve school buildings and premises; to increase teachers' salaries and to provide for vocational instruction. Within the last few years salaries have been very substantially augmented; grants for rural school improvements have involved expenditures exceeding \$150,000 and an amount of \$80,000 has been provided for further assistance this year.

"Student loans and grants have also been made available for teacher training and this Government built and equipped the Vocational School and courses are now being conducted in carpentry, bricklaying, plumbing, plastering, electrical work, domestic science and agriculture. For those who left school at an early age these courses provide instruction of incalculable value in the learning of profitable trades. A visit to this institution would be an eye opener and we feel certain that no criticism can be offered for our expenditures in this direction.

"Altogether \$939,000 was spent on education for the year ended March 31, 1951, while for this year our efforts in this regard will involve an expenditure of over \$1,150,000, the highest proportionate cost borne by any Government in Canada.

"Later this week you will have an opportunity of hearing the Hon. Alex Matheson, Minister of Health and Welfare deal with the work of this Department, but I should like to take a few minutes to outline some of the services inaugurated by this Government to look after the poor and needy, the afflicted in mind and body; and the measures instituted towards the prevention and cure of disease.

"The degree by which these social security measures have been expanded may be gauged by the comparative expenditures made during recent years. In 1948, we spent \$1,400,000, in 1949 \$2,347,000. Last year \$2,471,000, while for this year the estimated expenditures will reach \$2,578,000. When you consider that only ten years ago, in 1941, the whole Provincial expenditure was slightly under \$2,000,000, you will realize the extent of the program which has been undertaken.

Health Services

"The mental hospital at Falconwood cost us over \$300,000 per year. Beach Grove has been built, staffed and equipped for the care of the aged and infirm. The Tuberculosis Sanatorium has been enlarged, and highly qualified personnel engaged. While a few years ago there were dozens of cases requiring treatment held on a waiting list; today all those needing hospitalization can be accommodated.

Budgetary Surpluses

"In the earlier part of this address I referred to the current revenue reaching the extremely high total of \$6,969,000 with an anticipated surplus on current account of \$63,000. Last year we had a surplus on ordinary account of \$140,000; the year before \$253,500 and the previous year \$708,000.

"It is true that capital expenditures during those years have added to the public debt at the rate of about \$1,250,000 per year. The Opposition refer to these debt increases as deficits. This is a complete misnomer and only intended to deceive the electorate.

"During the same period capital assets have been increased by the acquisition and erection of per-

Budget Comparisons

LONDON, April 11—(CP)—New British income-tax rates announced yesterday indicate these comparative figures for income taxes in Britain, Canada and the United States:

British Income Tax Rates

Earned Income	Single Person	Married Childless	Married Two Children
\$ 1,200	\$ 154	\$ 88	\$ —
\$ 2,000	\$ 434	\$ 321	\$ 149
\$ 4,000	\$ 1,195	\$ 1,081	\$ 881
\$10,000	\$3,473	\$ 3,361	\$3,161

Canadian Income Tax Rates

Earned Income	Single Person	Married Childless	Married Two Children
\$ 1,200	\$ 33	\$ —	\$ —
\$ 2,000	\$ 165	\$ —	\$ —
\$ 4,000	\$ 561	\$ 352	\$ 296
\$10,000	\$2,156	\$ 1,826	\$ 1,740

(Gives figures in new Budget)

United States Income Tax Rates

Salary	Single	Married Childless	Married Two Children
\$ 1,200	\$ 98	\$ —	\$ —
\$ 2,000	\$ 242	\$ 122	\$ —
\$ 4,000	\$ 625	\$ 485	\$ 245
\$10,000	\$2,096	\$ 1,636	\$ 1,372

"That this policy is bringing good results is evident when statistics reveal that the death rate has been reduced from over 90 per hundred thousand to 23 in the short space of less than 10 years. Public Health Clinics have been established at various centres throughout the Province and a close check is kept on infectious and contagious disease. The Provincial Laboratory set up in the new Public Health Building in Charlottetown is providing a service unequalled anywhere.

"Mothers' Allowances were instituted by this Government and assistance granted each year runs well over \$50,000. Social assistance for the aged not qualifying for Old Age Pensions, and for the infirm and unemployable cost us \$60,000 more. As to Old Age Pensions the expenditure this year will be approximately \$1,250,000, three-fourth of which is paid by Ottawa.

"May I say here that at the Dominion Provincial Conference a new proposal for Old Age security was formulated.

"The Federal plan calls for a contributory Old Age pension system of \$40.00 per month at age 70, the entire cost of which to be borne by the Dominion.

"It also proposed Old Age assistance between 65 and 69 on a means test basis to be borne equally by Federal and Provincial Governments.

"To these proposals we have agreed and when the necessary constitutional amendment is obtained this system will come into effect on January 1, 1952. It is anticipated that the overall cost to the Province will not be increased under the new proposals on behalf of the old.

"While the whole expenditures in Health and Welfare are high, we think they are justified by the results and the benefits in the long run may prove incalculable.
