OUR NEWS BUDGET for OUR SATURDAY SUBSCRIBERS

MONDAY

—Summerside firemen yesterday at noon responded to a call at the home of George Hogg, secretary of the Summerside Fire Department.

Mr. Hogg discovered the blaze on the roof of his house on Myrtle Street and turned in the alarm.

Considerable damage was done to the roof, and some damage by water was caused to part of the interior of the house.

The origin of the fire is unknown.—S.

In observance of Nurses' National Memorial Sunday the Protestant nurses of the city gathered in the Kirk of S. James last evening presenting a very impressive appearance in their crisp, white uniforms and caps, the symbols of their compassionate and healing ministry. They gathered for a two-fold purpose—to commemorate their great-hearted foundress, Florence Nightingale, who was born on May 10th, 1820, and all those who, across the years, have upheld the Nightingale traditions; and to re-dedicate themselves to the work of their profession.

A large congregation gathered with the nurses and joined heartily in the singing of appropriate hymns "The Day Thou Gavest, Lord is Ended," "Praise, My Soul, the King of Heaven", "From Thee all Skill and Science Flow" and "Forth in Thy Name, O Lord, I Go."

Mr. Kenneth Weston, financial adviser to the United Kingdom High Commissioner and an assistant secretary of the Brritish Treasury, is presently paying a visit to this Province. While here he is being shown around by Mr. B. Graham Rogers of the Department of Industry and Natural Resources. Over the week-end he visited the Summerside airport, Borden and Montague and also inspected Premier Jones Prize Holsteins at Bunbury.

Today Mr. Weston will pay courtesy calls on His Honor Lieutenant Governor T. W. L. Prowse, Acting Premier Hon. A. W. Matheson, Mayor J. D. Stewart the President of the Board of Trade and heads of various business firms of the city. He will also appear as guest speaker at the regular weekly luncheon of the Rotary Club at the Charlottetown.

Representatives from many parts of the Province attended the annual spring meeting of the Swimming and Water Safety Committee held recently at Red Cross headquarters.

Rev. M. D. Dunbar, chairman of the committee presided.

Lt. Col. Leo McDonald, president of the Red Cross welcomed the members and voiced appreciation of the work done by the chairmen of the many district S.W.S. committees.

Mrs. J. J. Rooney, Morell, Mrs. E. T. Ramsay, Conway, Mrs. J. F. Gallant, Tignish, Major J. A. MacDonald, Cardigan, Mrs. H. Wood, Bunbury, Mrs. Frank McNutt, Malpeque, and Mrs. Hambley, Stanhope, each reported on the S.W.S. program as carried out in their respective districts, and several cited instances of lives actually saved as the result of training received. Mrs. Charles Nicholson spoke of the need for this service in Flat River.

The latter part of the meeting was devoted to a panel discussion led by Dr. L. W. Shaw, Director of Education. The panel members were Major J. A. Macdonald, Cardigan, Mr. Fred Bingham, Summerside, Mr. James Coyle and Mr. Ivan Robinson, Charlottetown. Dr. Shaw introduced the topic for discussion, "The Future of the Swimming and Water Safety Service."

Mr. Harold Rodd, president of the Summerside Y's Men's Club, moved a hearty vote of thanks to the ladies who had provided the luncheon.

TUESDAY

An imaginery trip through Coronation London and a preview of some of the highlights of the historic ceremony were presented by Dr. George Fisher last night as he addressed the many men and boys gathered for the Baptist Men's annual Father and Son Supper. The widely travelled Dr. Fisher, Director of Veterinary Service for the province and District Commissioner of the Boy Scouts, held the interest of all with his timely and detailed account. He was introduced and thanked by the president, Mr. Vic Runtz.

The Debt Retirement Campaign of the Y.M.C.A. received a cheque yesterday from T. Eaton Co. (Maritimes) Ltd. for $2,000 enclosed in a letter commending the work of the "Y", which they have been supporting each year with a contribution to the Maintenance Fund. The Campaign Committee were greatly pleased to receive this splendid gift.

Mr. and Mrs. J. Frank Arnett leave today to attend the International Rotary convention in Paris, France, and they will be in London for the coronation. They will be joined in New York by Mrs. Arnett's sister, Mrs. E. C. Blundell of Hudson, Wisconsin.

They will sail from New York on the liner Italia on May 8 and plan to spend ten days in London before going to France. After the convention they will return to London just in time for the coronation and following this memorable occasion will spend some time visiting in England, Scotland and Northern Ireland.

They will sail from Southampton for home on June 24 and will arrive here during the first week in July.—S

One of the last links with the early days of railroading in this Province was broken through the death yesterday of Mr. George A. Hughes, 148 Prince Street, in his 97th year. Mr. Hughes had been a patient in the Prince Edward Island Hospital for the past three weeks.

A native of Georgetown, where he was born June 26, 1856, the late Mr. Hughes attended school there before coming to the city to take a course in the Commercial College. While he was only 15 he took up the study of the work of a telegraph operator. He was Island operator of the first submarine telegraph cable ever laid in North America across the Northumberland Strait to what is now Cape Traverse. That was in 1872 and the other end of the cable was in Cape Tormentine in New Brunswick.

Dr. G. D. Steel, president of the Prince Edward Island Musical Festival Association, in speaking at the official opening last evening at Prince of Wales College Auditorium of the eighth annual festival, commented that "music has become an integral part of the daily program in many of our schools," and went on to say that he felt the time had come to have a director or supervisor of music for the schools of the Province. He pointed out that other provinces employ such directors, and said that he thought if the practice were followed here, regional festivals might be considered.

The construction of a Composite Junior High School, with auditorium-gymnasium and vocational facilities and costing approximately $475,000, to be ready for use by September, 1954, also a similar school less the auditorium-gymnasium and vocational facilities costing approximately $315,000, to be staffed with Catholic teachers, is recommended in a report submitted by the City School Board to the City Council last week.

The report, which recommends that the monies required to finance the whole program be obtained by a general educational levy, and which gives details of construction and operational costs, reads as follows:

At a meeting of City Council held on the 8th of January, 1953, the School Board was asked to provide the answers to three questions (a) The exact cost of the projected High School, (b) An estimate of the amount required annually to operate it, (c) What, if any, help might be expected from Provincial Government funds.

WEDNESDAY

Six soldiers who returned recently from Korea were officially welcomed home at a reception in their honour last evening at the Summerside branch of the Canadian Legion.

The six veterans were: Basil Campbell, Everett Gallant, Clifford Richards, Roy Perry, Cecil Gallant, all Summerside, and Benny Gallant, St. Chrysostome.

—At a regular meeting of the board of trustees of the Summerside High School held last evening, considerable discussion took place regarding the need for extension of classroom facilities at the High School.

Serious consideration was given to the possibility of extending the section of the building in which the auditorium is located. The plan that appeared most adequate for the immediate need would provide eight new classrooms.

A committee was appointed to meet with the Summerside Town Council in connection with the need for more classroom facilities at the High School.—S.

In addition to the wide powers of suspending drivers' licenses possessed by the Court and by the Provincial Secretary under the Criminal Code and the Highway Traffic Act Magistrate Joseph W. MacDonald yesterday drew attention to the following amendment to the Provincial Act passed in 1952 and further amended in 1953. Sec. 85 (3) reads: "The license of a person who is convicted of driving a motor vehicle while his ability to drive is impaired by alcohol or any drug shall, forthwith upon and automatically with such conviction, be suspended for three months, and for a second subsequent conviction be suspended for a term of twelve months."

Potato movement from Prince Edward Island was very heavy all during the month of April with 1,342 carloads moving by rail, and during the last week substantial quantities have been moving by truck and boat as well, reports Mr. D. A. MacDonald, manager of the Potato Marketing Board. According to shipping records available over 9,500 carloads of 750 bushels each have left this Province since last August. While it is difficult to accurately appraise what stock is left to be shipped it is generally believed that if present volume of movement can be continued for another month supplies will be pretty well cleaned up.

Coronation day in Charlottetown will see the City bedecked with flags and bunting and will be accompanied by two large celebrations.

At a meeting of the Civic Coronation Committee held last night in the City Council Chambers, progress was reported by the various committees and details were partially completed for the large afternoon and evening programs. The general plan for these programs was adopted by the meeting and appears below.

In the afternoon a large parade involving hundreds of Army and Navy personnel, Cadets, Boy Scouts, Girl Guides and Bands will form up in the City and proceed to the Exhibition grounds where a short program will be held climaxing with Her Majesty's address at 4 p.m. Space on the grand stands will be alotted the younger school children, mothers, societies, etc. The address of Her Majesty will be broadcast by radio to the large audience.

In the evening there will be horse races with a band concert and fireworks at the Exhibition grounds. With the kind consent of the Exhibition Association, women and children will not be charged for entry to the races and all those who do not wish to sit on the grand stands may watch the fire works, etc., from the main grounds and surrounding area.

THURSDAY

A 30 per cent increase in the number of tourist inquiries during the month of April weighed down the incoming mail at the Prince Edward Island Travel Bureau and indicates a bumper tourist season for 1953.

The number of persons who stated definitely they would be spending a holiday on the Island this summer was four times higher in letters received last month than in April 1952.

The fourth annual Prince Edward Island Breeders Sale which will be held here on Friday afternoon will feature the largest number of females that have yet been offered to the prospective buyers since the sale was first organized four years ago.

At least 18 females will be entered in the sale. Tthe Sale secretary, Mr. A. H. Mutch, of Cherry Valley expects that about 42 males and females will parade into the sale ring at the Exhibition Grounds on Friday.

The sale is sponsored by the Prince Edward Island Shorthorn Breeders Association. Both Shorthorns and Herefords will be auctioned off.

"I can see no reason why this development will not prove to be a valuable piece of land", said Mr. Fred Brown, Ottawa senior horticulturist for co-operative experiments, after examining the project of Marshland rehabilitation now going on at Johnston's River.

Mr. Brown made a special trip from Ottawa to verify the organic soil on location, and to advise the local officials of both the Federal and Provincial Governments on his findings, and give such advice as his experience warrants.

The Johnston's River project began about two years ago and is being advanced through the co-operation of both Governments and the Marshlands Rehabilitation Administration.

The Jersey cow, Gem's Jester Joyce, bred and owned by Mr. George MacMillan of Cornwall, has been awarded both gold and silver seal certificates by the Canadian Jersey Cattle Club, according to a press statement released by the Club this week.

Joyce went on test as a junior 3 year old and in 305 days produced 8,514 lb. of milk, 612 lbs. of butterfat, with a high test of 7.19%. Her sire, River North Jester's Gem, was bred by Mrs. Edison B. Mutch of North River, and her dam is Jester's Standard Jessie, a daughter of the famous Jersey aristocrat, Brampton Jester's Standard 2nd.

Spring work is nicely under way at the Experimental Farm, and much of the land has been worked, the whole Farm area showing activity in keeping with the early season. The young cattle at Upton are out to pasture but still have access to the loose pen barns. They all show unusual vigor.

Mr. W. N. Black, Supervisor of Illustration Stations, is now in the Magdalene Islands on his first trip of the season to the two Illustration Stations established on the Islands. The new stations come under the jurisdiction of the Charlottetown Experimental Farm and Mr. Black is presently engaged in laying out a number of pasture experiments and also several full crop tests for the coming season.

FRIDAY

President J. E. Cullen, Russell St. John and Mrs. Aubrey Ward were appointed delegates from the Home and School Association of Rochford Square School to attend the annual meeting of the Provincial Association to be held in Charlottetown on July 10. The appointments were made at the final meeting of the Association which was held on Wednesday evening and largely attended.

The V-E Day Memorial Church Parade by the members of the Charlottetown Branch, Canadian Legion, B.E.S.L. will take place on Sunday morning to St. Paul's Anglican Church and St. Dunstan's Basilica, to attend the 11 o'clock services. Rev. Justin MacDonald will preach the sermon at St. Dunstan's Basilica and Rev. Canon J. T. Ibbott at St. Paul's.

Mr. R. T. (Dick) Matheson was inducted as president of the Alpha Y's Men's Club last evening at their annual meeting held in the banquet room of the Y.M.C.A. Dr. Ray Barrett acting as inducting officer also installed Dr. W. R. (Bill) Carson as vice president, Clarence Walker as secretary, Bill MacLeod as treasury and the following as executive members: Charles Williams, Jock Lawson, Loren McLellan, Bud McMurtry and Bill Agnew.

"Effective as of today, every applicant for a motor vehicle operator's license must be passed upon by a qualified Provincial examiner before the same is granted," said Hon. Walter E. Darby, Attorney General, in speaking to the members of the Junior Chamber of Commerce at their monthly dinner meeting at the Rendezvous Restaurant last evening.

The examiner will also give instructions by appointment, and in his work will use a dual control auto, Mr. Darby stated. A beginner's licence will be granted on application and the whole routine of tests, signals and the recognized safety precautions dealt with in detail. The applicant's ability to drive safely will be determined before an operator's licence is granted.

The solid co-operation of all citizens of this city was asked last night by Councillor F. J. Storey in the matter of parking and beautification when the Council met in special session with the Community Planning Association.

He agreed with Councillors T. Roy Cudmore and Edwin Johnstone that improvements could be made in the parking of cars between the sidewalk and the curb. Mr. Storey also said it was discouraging to the Council to clean the streets only to find that on a Saturday morning people cleaning their front and back yards would leave bottles and tin cans out on the street.

Mr. S. C. Wright of the Provincial Department of Agriculture, has been informed by telegram, that a further contingent of German farm workers is due to arrive in Halifax on or about the fifteenth of May.

All of the German workers brought to the Island come here through the co-operation of the Provincial Government and the Canadian Department of Labor.

Some of the Germans arriving on the fifteenth will be available for Island farmers. A number of farmers have had orders on file at the National Employment Office for some time, and these will be given preference, when the latest batch of immigrants are alloted.

—At a meeting of the School Board of the Summerside High School this week five new teachers were appointed to fill vacancies caused by a similar number of resignations.

The five newly appointed teachers are: Miss Dolly Matthew of Summerside and Toronto; Miss Doreen Bowness, Alberton; Miss Evelyn Underhay, Montague; Miss Jean Flynn, Florida; and Johnny Carrol, of Boston, Mass. Mr. Carrol was the popular coach of junior baseball at Summerside last summer.

The five who have resigned their positions from the teaching staff are: Miss Estelle Bowness, Mrs. Joseph Wood, Miss Winnifred Cairns, Miss Barbara Matheson, and Mr. Thomas Hall.—S

BIRTHS

BERNARD—At the Prince County Hospital on Saturday, May 2nd, to Mr. and Mrs. Harold Bernard, French River, a daughter (Elva Edna).

VAN OUWERKERK—At the P. E. I. Hospital on May 5, 1953, to Mr. and Mrs. Hank van Ouwerkerk, a son, Gerald Hendrik, 6 lbs., 1 oz.

WILLIAMS—At the P. E. I. Hospital May 4th, to Mr. and Mrs. Ralph William (nee Violet Lewis) Parkdale, a daughter, Barbara Lynn (5 lbs., 11 ozs.)

O'SHEA — At Holy Cross Hospital, Calgary, Alta., on May 2nd, 1953, to Mr. and Mrs. Henry J. O'Shea (nee Kathleen McNeely) a son.

BREHAUT — At the Guysborough Memorial Hospital, May 3rd, 1953, to Mr. and Mrs. J. W. Brehaut, Lower Whitehead, N. S., a daughter, Laurie Beth, 8 lbs. 8 ozs.
