

You've heard a lot about our foreign policies...

How about a good domestic policy?

A limited free offer exclusively for our North American customers

You may have reservations about dealing with a large, impersonal company. We know how you feel. Well sure the buffalo are gone! But it's no use crying over spilt blood. After all, the times they are a'changing and American Empire is the company that changes with the times. We know that in a modern world it's hard to keep the old customs, hard to raise the kids to respect

them. That's why AE's domestic policy No. HOW-3387 is what you need. We'll subsidize you in retaining your culture and having some land you can call your own. Your land is our land, and it's in good hands with American Empire. How well we know the value of human dignity.

This offer subject to change without notice at the discretion of the management.
