AND YOU'LL AGREE  
OUR SPRING SALON  
IS SOMETHING TO SEE!**

**GENERAL MOTORS  
DEALER**

Treat yourself to an exciting new experience! We're conducting "Open House" in conjunction with our Spring Salon—and this is your invitation to come in and get acquainted.

In our showroom, you'll see an eye-catching display of Canada's most distinguished motor cars in a gay Springtime setting. We believe you'll like their glowing colors, harmoniously styled interiors, advanced features and all the other extra values which have again made them the favorites.

Spend a few minutes visiting our various departments, too, and we are sure you'll find plenty to interest you. And, of course, if you have any problems with the car you're now driving, please feel free, without any obligation whatsoever, to consult with us. You are most welcome to the experience and advice of our technical staff.

For your convenience, our name and address are listed to the right of this page—We'll be mighty glad to see you.
