 EXTRA! NEWS OF THE DAY

**Here's the floor that's full of new IDEAS**

**Plan your extra room by starting with Armstrong's Asphalt Tile**

Armstrong's Asphalt Tile makes it easy to exchange drab and dusty basement space for a bright, clean, comfortable extra room.

Unlike most flooring materials, Armstrong's Asphalt Tile is not harmed by alkaline moisture that comes up through the concrete subfloor.

You can create your own floor design because Armstrong's Asphalt Tile comes in a wide choice of beautiful plain and marbled colors and is laid one block at a time. It's durable and easy to keep clean.

Yet, with all these advantages, an Armstrong's Asphalt Tile floor costs surprisingly little. Ask your flooring contractor or dealer to show you Armstrong's tile colors and suggestions for floor designs. Or write for FREE eight-page folder illustrated in full colour.

Their many friends will be pleased to learn that Mrs. Charles Vickerson and Mrs. H. L. MacGregor, who are patients in the King's County Hospital, are convalescing satisfactorily following hospital treatment.

Mr. Rufus Stewart, St. Stephen, N. B., and Mr. Jack Stewart, Vancouver, B. C., spent the past week in Montague, the guests of their brother and sister-in-law, Mr. and Mrs. Ethan Stewart. This is Jack's first trip home in twenty-two years, and he has taken the opportunity of renewing many old acquaintances. He has also noted many improvements and developments in the town, particularly in the business life of the community, and the large growth in residential development since that time. His many friends hope that his next visit will not be too far distant.

**Georgetown and Vicinity**

Friends of Mr. Francis Howlett are sorry to hear that he is confined to his home due to illness and all hope to see him about soon again.

Mr. Peter Walker of Launching was in Georgetown on Friday the 14th, having made the crossing on the Carigan River ice from New Port by horse and sleigh. Such late crossings are rare of recent years.

Friends in Georgetown, will learn with regret of the passing in Antigonish, N. S., of Mrs. Leonard MacDonald, formerly Margaret MacLean of Georgetown, on Saturday, April 15. Mr. Angus MacLean and Mr. Frank MacLean are brothers.

Activity is daily increasing along our waterfront as anxious fishermen, with an eye on the fast approaching date for the opening of the lobster fishing season, are scraping, painting and generally overhauling their fishing boats. Weather conditions have been anything but ideal for this work and it is hoped that the latter half of the month will produce much better weather, as the men have a lot of work to do to be in readiness for the opening date. Ice conditions in the harbour are causing growing concern and a recent press dispatch on the possibility of the S. S. Saurel being sent to open some of our provincial harbours, was welcomed news to those engaged in the fish packing industry.

On Saturday, the oil-burning stoves, pipe, sound system and electric bulbs were taken out of the Rink and stored away. The skating and hockey season is now closed and it will be sometime before the ice will have all melted and the summer activities in the Rink started. Plans for the summer are at present not finalized, but a meeting of the Town Council and the Building Committee is scheduled for an early date. The winter season's activities were very successful, both from an entertainment and a financial point of view. Hockey including, senior, second team, girls' and school teams enjoyed a very successful season in the new Rink. Teams from many provincial centres made the journey here and all were high in their praise of the new Rink, which many say is the finest natural ice Rink in the Province. Without a doubt next season's winter activities will be on an even larger scale. During the season just closed the Rink was capably and efficiently managed by Mr. Richard Lavers.

Catechism was taught by the members. The retiring president Mrs. Wm. Aylward gave a splendid address in which she thanked the members for their cooperation and kindness to her term in office; she said it was a pleasure to work with them.

A vote of thanks was given Mrs. Aylward by the meeting for her untiring efforts in behalf of the league. Mrs. McInnis and Mrs. Rossiter past presidents, asked the members to stand behind their new president and in this way make her work easier and more pleasant.

A delicious lunch was served by Junch committee, and the meeting closed with prayer.

The Sacrament of Holy Communion was observed in the Murray Harbour North Presbyterian Church on Sunday, April 9th. In spite of the condition of the roads and the unfavourable weather, a good representation was present. At the Preparatory Service held on the previous Friday evening, four young people entered the membership of the church by profession of Faith. All the services were conducted by the Minister. The Easter service was held in the evening at which time the choir rendered music appropriate to the occasion, namely, "He Ransomed Me" and "Christ Arose."
