

Sweaters, Blouses, Coats Are Welcomed By Women

No matter what her age, you're sure to make a real hit with the Miss and the Missus on your gift list—if you give her something glamorous to wear!

Top sweaters and blouses. All the many virtues of the ladies love in fine sweaters are brought to the fore for Christmas! Yarns are softer, smoother, bulkier and lovelier than in seasons past.

Colors are truer, more diversified and flattering in the whitest whites to the deepest blacks. A wide range of exciting browns, blues and greens are being shown everywhere.

In styling, there are big rolled collars, big flat collars, tiny neckline bows and jewel necklines with yoke or shoulder trim.

Sweaters most often are longer than before in sport styles somewhat shorter in more dressy styles.

News in sweaters are the shaggy smoothies (shaggy to the eye, so-smooth to the touch); in eye-compelling solid colors, bold argyles, jacquards and novelty patterns.

For the sportswoman there are hooded sweaters, dramatic ski types and long, deep and cuddly coat styled sweaters.

BLouses BEAUTIFUL
Fashion's decided emphasis on the smart suit sharply brings into focus a wonderful line-up of blouses—especially "presentable" for Christmas.

Overblouses, tuck-in pretties, tailored shirts and shirtwaists are all fitted for the gals in your life.

Cottons, silks, orlons, and a host of magnificent blended fabrics take to rich colors, lavish embroideries, patterns, ruffles and laces with smart aplomb!

Old-fashioned in mood prints such as paisleys, tie-prints and provincials give a demure look to young-spirited blouses.

If you're in doubt as to whether to choose a "plain" or "fancy" blouse for her, then the right and happy compromise is a handsomely tailored pure silk shirt with short, elbow length or French-cuffed long sleeves.

AND—CAR COATS
Something extra-special for your "Christmas She" might well be a versatile car coat! In the few years since these coats leaped into fashion prominence, there has been an upsurge of exciting variations on the car coat theme.

Every Lady Likes Silver

The date on a lady's marriage license may be a strong clue to her Christmas yearnings for fine silver.

The close relationship of her marriage date with her Christmas wish was just revealed in a special gift survey completed by the Jewelry Industry Council.

Young home makers with the ink barely dry on their license, struggling with the high costs of setting up a home, stated that they want the kind of beautiful, decorative silver pieces their cramped budgets won't allow them to buy.

Silver serving bowls and silver serving trays of many different sizes and descriptions help the young hostess reflect the pride she feels in her new home. Such silver table accessories become tomorrow's heirlooms for the recently married woman.

The woman whose marriage date puts her in the category of "mother of teen-agers" has another special outlook on the desire for fine silver, the Council reports. Her entertainment schedule has been stepped up considerably by the demands of her

socially conscious children. This calls for "auxiliary" silver—of ten flat silver, silver serving pieces or special "sets" such as salad or meat serving pieces. Teen-agers are sharply sensitive to the prestige value of lovely things and their mothers reflect their awareness by putting fine silverware high on their Christmas gift lists.

Whatever the age, of either the gal or the licensee, silver Christmas gifts for the home always bring a lovely glow of pride and happiness!

ANCIENT REMAINS
KINGSTON, Eng. (CP)—Scores of human skeletons have been found only two feet underneath a main road that links this Kent village with the coast. Historians say the area was probably a Saxon burial ground 1,200 years ago.

Dress Shirts Prove A Sure-Fire Gift

One of the sure-fire gifts for Christmas that always will be appreciated by the men on your gift list is a shirt.

Whether the recipient is six or sixty he'll always be glad to add one or more dress shirts to his wardrobe. There are quite a few shirt ideas to choose from. There appears to be a collar and a fabric to go with all the variations in the clothing picture.

Some of the typical ideas range from wide spread collars to new tabs. It makes selecting a shirt a little bit more difficult, since no one particular type of shirt is top fashion. It should not be difficult, however, to find out what type of a shirt is preferred.

Big news in men's dress shirts was made by the revival of fancy fabrics, fancy patterns, fronts and cuffs. Stripes appear with broken dobby accents—bamboo and pinks have joined the color parade.

BATH, England (CP)—Gas and electricity authorities have been asked to put notices beside holes they dig in the road, to explain the work being done. This is to satisfy the curiosity of passers-by.

TINY BABY DIES

FOLLANSBEE, W.Va. (AP)—A baby born four months prematurely survived slightly less than one day. The baby, measuring nine inches long and weighing eight ounces more than a pound, was born to Mrs. Harold Toothman at 12:10 a.m. Monday. He died at 39 minutes before last midnight.
