CITY COUNCIL.

Jan. 5, 1867.

His Worship the Mayor in the Chair. This being the day for the annual appointment of City Assessors for the current year, the following gentlemen were appointed to that office, viz: J. S. Carvell, H. Haszard and W. Heard, Esquires.

Upon motion of Councillor Reddin, ordered, that a Tavern Licence be granted to Moses Gallant, Richmond Street, on the production of the necessary papers: also, that Tavern Licence be granted to Patrick Kelly, on his producing the papers required.

His Worship the Mayor laid before the Board a communication from Charles Desbrisay, Esq., Clerk of the Executive Council, dated 3d inst., containing the approval and sanction of the Lieut. Governor in Council to the By-Law in amendment to the Law relating to the City Wharfs.

Ordered, that said Law be published for general information.

The Annual Returns of Fire Companies Nos. 1 and 3 were laid before the Board:

Ordered, that the sum of £26 5s be allowed and paid to Fire Company No. 1, and the sum of £25 to Fire Company No. 3, for their services during the past year.

The Clerk submitted a Return shewing that under the Act to extend the criminal jurisdiction of the Police Court for the past year, 17 convictions were reported. A copy of the said return was forwarded to his Lordship the Chief Justice.

The following gentlemen were then appointed Fire Engineers for the current year.—Ward No 1, W R Watson, J Ings, W. G Wright, Esquires. Ward No 2—J. H. Gates, O. Connolly, H J Callbeck, Esquires. Ward No 3—J Reddin, T Dodd, Wm Heard, Esquires. Ward No 4—Hon G Beer, S Davies, John Brecken, Esquires. Ward No 5, G L Dogherty, D Laird, G Douglass, Esquires.

Councillor Morris, Chairman of City Accounts, submitted sundry accounts, which were ordered to be paid.

Adjourned Meeting of City Council,
January 9, 1867.

His Worship the Mayor presiding—The Clerk read a communication from Wm Heard, Esq. declining to act in the capacity of City Assessor.

Upon motion, it was ordered that Ambrose Brown, Esq. be appointed to that office, in the room of Mr. Heard.

The Bye-Law in amendment of the Law relating to the City Wharfs was then read, and the consideration of the subject of leasing said Wharfs was resumed. J. S. Carvell, Esq. as Agent for the Boston and Colonial Steamboat Company, proposed to the Board the surrender of the present lease of Queen's Wharf, and offered to pay the City, on behalf of the said Steamboat Company, the sum of £250, annually, under a new lease, for ten years. After some deliberation on the subject, it was moved by Councillor Hutcher, and seconded by Councillor Brecken, that the offer of J. S. Carvell, Esq., as Agent for the Boston and Colonial Steamboat Company, of £250 currency, per annum, for Queen's Wharf, for ten years, be accepted, upon the surrender of the present lease.

It was then moved, in amendment to the above, by Councillor Mitchell, and seconded by Councillor Morris, as follows, viz.

"That this Board is of opinion that it would be for the interest of the City to allow the existing lease of the City Wharfs to expire, and therefore that the offer of J. S. Carvell, Esq., on behalf of the Boston and Colonial Steamboat Company should not be accepted."

On the motion being put, the Council divided as follows:

For Councillor Mitchell's amendment—Councillors Mitchell, Morris, Desbrisay, G. R. Beer, Yates, 5.

Against it—Councillors Butcher, Brecken, Reddin, Brown, 4.

The amendment was carried accordingly.

Adjourned, sine die.

THE FENIANS CLOSING UP.

It is evident from the lull in the Fenian excitement that the Fenians are closing up, not in order of battle, but in business. For some time past the news from Europe has contained nothing but indefinate rumors concerning the expected insurrection in Ireland, and they do not point to action. More arrests of Fenian leaders, seizures of arms, increased vigilance of the government authorities, more troops for Ireland, and so forth, form the burden of the news; but no word of armed insurrection. There are many who believe there is no intention of an outbreak on the part of the leaders, and a great many who think that Stephens, the head of the "head centres," whose where abouts in Europe has been variously stated, is, in fact, still in this country, and that, having obtained all the money he wanted, is neither going to fight in Ireland nor to disburse the funds for any more revolutionary purposes than changing his nomadic life into one of quiet comfort in a nice brown stone house of his own. Certain it is that the year which he so repeatedly promised was to see Ireland in arms has but a few days longer of life, and not a hostile gun has been fired on that soil.

As for the Fenian movement in this country, since it became a public question it never was much more than a noisy mystery and money-gathering operation. We have been treated to mock republics, senates, houses of representatives, bombastic proclamations, by "presidents," and all the other paraphernalia which could make a cause ridiculous by a few selfish men, laboring for their own ends, and, with the exception of one or two, not possessing a spark of patriotism. We do not regret to observe, then, that with the close of the year the Fenian business is likely to be closed up, for sake of the poor Irish laborers and chambermaids, who, we trust, will in future keep their little savings for their own use, instead of giving them to rapacious head-centres, "presidents" and other vampires. If any good is to be done for Ireland it will be by the energetic and really sincere movement of John Bright, which embraces the whole British Empire, and is, in fact, at the present moment, a far more serious cause of alarm to the government than Fenianism is, either side of the Atlantic.—*N. Y. Herald.*

CHARLOTTETOWN DEBATING CLUB.—The adjourned annual meeting of the Charlottetown Debating Club will be held in the lower Temperance Hall, on Friday evening, the 25th inst., at 8 o'clock. The meeting to be opened with an address from the President.

An opportunity will be offered at the close of the address to any wishing to become members of the Club.

Having occasion a few days since to visit one of the principal drug stores of this city, I noticed with surprise several cases of Dr. Larookah's Sarsaparilla Compound, a remedy well known in New England and highly appreciated by many who have tested its virtues. I learn that here where so large a proportion of the people are hereditarily scrofulous, it is considered a sovereign remedy for all impurities of the blood, and has an immense sale.—*Para Correspondent of the Boston Atlas.*

The medical journals treat of the evils of lying too much in bed. The habit of lying out of bed seems to us the greater evil. This world, however, is giving to lying anyhow.

By taking Parsons' Purgative Pills the body is invigorated with new life, health, and regularity, the liver and heart will be assisted and strengthened to discharge their functions and the bowels regulated.

It is a fact patent to all, that there are medicines which remove diseases only by substituting others worse even than the first. This is not the case however with Blood's Rheumatic Compound, which was thoroughly tested before being offered for sale.

Mr. Seward seems to be what is known to traders as "bad pay." A New York paper says that the telegraphic charges on a long despatch which he sent to the American minister in Paris a month ago have not yet been fully paid. They amounted to $25,000 in gold, and of this sum Mr. Seward has been able to raize only $5,000. United States finances must be in a bad way.

The famine in Orissa is reported to be declining, the officials averring that in the district of Cuttack, the deaths from starvation did not in November *exceed two thousand per week.* Cuttack contains a million-and-a-half of people.

DAYS OF CHILDHOOD.

Oh! the happy days of childhood!
Like the sunshine down the lawn,
Seem the treasure, joy, and pleasure
Of the childish bliss that's gone.
Happy days that like the sunshine,
Faded at the touch of night,
We have parted sorrow hearted,
And but dimly see your light.

Oh! the pleasant days of childhood!
Gone forever from our eyes
Are the dearest and the nearest
To our earthly paradise;
And their light we love and cherish,
Like the sunshine on our track,
For to me, mother, sister, brother,
They will bring the heart thoughts back.

Oh! the darling days of childhood!
Dearest days of all our years,
When no sorrow we could borrow,
Left us any bitter tears;
Days of happiness and pleasure,
We will surely meet once more,
With the Giver o'er the river,
On that bright immortal shore.

An English book of reminiscences of famous members of Parliament in the last century gives the following story of the elder Pitt:—"When the inquiry came on, he got up from his gouty chair and came down to the House to act, and over-act that always favorite part of his—the sick man, racked by pain, coming at the call of his unfortunate country. It was a broiling day, but he was wrapped up in an old beaver coat and waistcoat and a scarlet requelaure lined with fur, with his gouty arm out of the sleeve and hung in a crape sling. Over his legs were drawn huge stockings. But it was noticed that in his excitement of speaking he forgot the ostentatious debility of his helpless arm, and at glowing passages it was withdrawn from the sling and flourished with all the ease of the sound one."

"My friend, how long have you been married?" said a Yankee to a young German. "Vel, dis is a ting vot I seldom dont't like to talk about, but ven I does, it seems long as never was."

WELL TO-DAY, SICK TO-MORROW.

Such is the experience of thousands. Few enjoy continuous health. To what does the occasional invalid attribute his uncertain condition? Not to himself, of course. He lays the blame on the climate, perhaps. It is too hot, or too cold, or too damp, or too dry, or too variable. But does he take the proper course to fortify his constitution and bodily organs against the extremes or changes of which he complains? No. He says, perhaps, that only an iron man could bear such great heat, or such violent cold, or such sudden vicissitudes. Why then does he not resort to the great Tonic and Preventive, which, if it will not make him an iron man, will at least quadruple the capacity of his system to repel all external agencies that tend to produce disease? HOSTETTER'S CELEBRATED STOMACH BITTERS, taken faithfully according to directions, will so strengthen the stomach, brace the nerves, tone the liver, and regulate and invigorate the whole animal machinery, that the system, instead of being at the mercy of the weather, and liable to be prostrated by every change of temperature, will become case-hardened, as it were, and almost impervious to climate influences. It is to this preventive principle that HOSTETTER'S BITTERS owe their great popularity in the West Indies, British America and Australia. [Jan. 14. 2i

Holloway's Ointment and Pills.—Complication of Distempers — Ulcerations, abscesses, swollen glands, and other disorders arising from unseen and unsuspected causes, may be cured by the use of this excellent Ointment, aided by Holloways purifying Pills. The printed instructions, in which the remedies are wrapped, are sufficiently explicit for the guidance of any invalid with moderate intelligence. Holloway's medicaments can always be used with advantage and without danger. For more than a quarter of a century they have proved themselves to be a treasure to the poor afflicted with disease. Both the Ointment and Pills are especially adapted for military and naval men, colonists and travellers who cannot everywhere obtain medical assistance, but may always successfully doctor themselves with Holloways remedies.

When last seen was steering for Bermuda.

Bark Honduras, Capt. Mendos, from St. John, N. B., 12th ult., with lumber and deals for Swansea, England, when three days out experienced a terrific gale from S. S. W. during which the vessel sprung a leak, and although the crew made every effort with the pumps to free the ship, the water continued to gain on them, and after the tenth day the vessel became waterlogged, and they were obliged to take to the tops for safety, where they remained three days longer, when they were kindly taken off by the ship Abbie Rverson, Capt Dennis, on the 15th ult., lat. 40 40 lon 57 20, who after providing them with food, clothing, and such other comforts as his ship afforded, brought them safely to New York, where they arrived on the 4th inst. The cook, William Miller, of Portsmouth, England, refused to go to the tops with the rest of the crew, and was drowned on deck. The Honduras was owned in Southampton, England, she was 386 tons burthen, and about thirty years old—*Boston Post.*

A telegram received from Guysboro states that the Schr. *J. M. McGuire,* from P. E. I., with a cargo of oats, bound to Halifax, put into Canso on the 1st inst., with loss of sails and cargo damaged.

The bark *Bismark,* of P. E. Island, recently reported as having struck on Cape Porcupine, at the north entrance of the Strait of Canso, was sold at auction last Saturday for the benefit of all concerned. The ship being quite new, there was a good deal of competition. The Hull and spars, including standing rigging, chains and anchors, was finally knocked down for $4,640. The running gear, boats, &c., were sold in various lots at fair prices. The sails were put up in one lot and knocked down to Mr. McMullen, the owner, for $900. The cargo of deals brought about $1300. GEORGE LEWIS, Market Clerk.

Ayer's Cherry Pectoral.

Is a soothing Expectorant, prepared to meet the urgent need of a safe and reliable cure for diseases of the throat and lungs. A trial of many years has established the fact that it is more efficacious in pulmonary affections, than any other remedy. Its efficacy has now become so generally known, that it is justly regarded in many countries as a medicine of indispensible necessity. In Great Britain, France, and Germany, where medical science has reached its highest perfection, it is prescribed in domestic practice, and constantly used in the armies, in hospitals and other public institutions, where it is regarded by the attending physicians, as the most speedy and agreeable remedy that can be employed. Scarcely any neighbourhood can be found where well known cases of diseased lungs, which had baffled the efforts of the most skilful and experienced doctors, have been permanently cured by it. These results are the most convincing proofs of the superior curative properties of this preparation; and to them the authors point with peculiar satisfaction. While it is most powerful against confirmed diseases, it is extremely gentle as a medicine in infancy and youth, being quite harmless to even the youngest, when administered judiciously.

This health-restorer accomplishes even more by prevention than cure. If taken in season, it heals all irritations of the throat and lungs, whether arising from Colds or Coughs, or from other causes, and thus prevent that long train of painful and incurable diseases which would arise from the neglect of them. Hence no family should be without it. Influenza, Croup, Hoarseness, Whooping Cough, Pleurisy, Incipient Consumption, and other affections of the breathing organs, give way before this pre-eminent combination of medical virtues.

Prepared by DR. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine everywhere.
