

Growth Seems Split in View For Strike

BRUSSELS (AP)—The Social Christian (CSP) government coalition appeared shaky Tuesday on what to do about the Belgian doctors' strike against a new medical insurance law.

Socialists repeated in political caucuses that the next medical insurance law should be applied with no changes, despite the doctors' protests.

But among Social Christians, the attitude was different.

Antwerp Representative Anton Fimmers asked for a parliamentary committee to prepare amendments to the law.

APPEAL MADE

Senate President Paul Struy, a Social Christian, seemed to put an indirect appeal on the government for a revision of the law when he said:

"Conditions in which the law

was presented to Parliament prevented proper debating. The consequence of this is the deplorable and regrettable situation now prevailing. Asked by both the doctors and the government, I am willing to act as a mediator."

Meanwhile, Premier Theo Lefevre, a Social Christian, said the government has decided to wait and let the situation evolve.

The doctors' representatives remained adamant.

Even if the Parliament comes to review the government law, it would not be able to call off the strike," they said in a statement. "We want the authorities to give us guarantees."

They demand provisions of the law which the doctors object be deleted or suspended.

Farm Fatality Rate Hits Family In Four

By BRENDA LARGE
OTTAWA (CP)—One member of every fourth farm family in Canada will be either killed or seriously injured by an accident this year if the present farm accident frequency rate continues, the national manager of the National Safety League of Canada said here Tuesday.

P. G. McLaren of Ottawa told representatives of 30 Canadian industries concerned with farm safety that in order to hold the rising farm accident toll, Canada urgently needed "a comprehensive coordinated national farm safety program."

The meeting was called to explore ways of setting up a program to make the Canadian farmer and his family more safety-conscious.

Giving latest statistics on the farm accident rate in Canada, Mr. McLaren said in the next 12 months about 120,129 members of the Canadian farm pop-

ulation would be involved in accidents.

"In these accidents, 25,645 people will be injured and 2,400 people will be killed or seriously injured," he said.

There are more accidental agricultural deaths than in any other industry," he said.

Angus Fraser, a Massey-Ferguson Limited Public Relations officer, called the dramatic loss of leadership on the part of industry for funds for a national farm safety program by 1967.

He said a widespread public relations program directed exclusively to farmers would create public awareness of the need for farm safety measures.

PIUSVILLE

Albert MacEwen, Rollo Bay East, who was employed in Toronto for the winter months has returned home.

Dairy Supports Remains Same

OTTAWA (CP)—No major change is expected in the shape of federal dairy subsidies in the new dairy year beginning May 1, informants say.

Demand and supply have evened off and the main problem now is to get rid of surplus that has plagued the industry since 1956, when the support price was shifted upward to 64 cents a pound for top grades.

The government buys up surplus butter from farmers at 64 cents—and it has bought a lot. But right now, supplies of butter and butter oil have dwindled to about 100,000 pounds including 60,000,000 pounds of butter oil itself, the lowest level in three years.

Officials say consumption of butter so far this year is running five per cent ahead of last year. This is the continuing effect of a consumer subsidy which now is to get rid of surplus which pegs farm revenue but cuts the price at the retail level by 12 cents a pound.

This year's dairy program may see some minor shuffles to save money, authorities say. But right now the situation is much improved and most supplies imported are being down-loaded to demand for dried skim milk that was a surplus item in Canada last long ago.

Princess Beatrix To Visit Ottawa

THE HAGUE (Reuters)—Dutch Premier Victor Marijnissen said Tuesday crown Princess Beatrix will visit Ottawa April 18 after the Dutch royal family's current visit to Mexico.

He was answering suggestions made in the Dutch parliament that Queen Juliana and the crown princess not travel on the same plane on their return from Mexico.

Marijnissen said Beatrix will go to Ottawa and will arrive back in Holland one day later than her parents.

The Dutch royal family stayed in Ottawa during part of the Second World War.
