HALIFAX (CP)—The weather office says a return to more seasonable temperatures is forecast for today.

supper served by the W. M. S. A Hymn sing was led by Mr. Harold Coffin. Devotional period was scripture reading Mr. Claude Affleck, with W. W. Glover leading in prayer.

A short programme was then carried out consisting of Duet, Mr. Gordon Coffin and Mr. Layton Coffin. Mrs. Layton Coffin as accompanist. Bag pipe selection, Mr. Bruce MacLaren. Gaelic Songs, Mrs. Bruce MacLaren. Violin selection, Mr. Alvin Burke with Mr. Arthur Coffin, piano.

The guest speaker of the evening was Mr. Walter R. Shaw who gave a very interesting and humorous description of a visit to Ireland which was very much appreciated by all.

A hearty vote of thanks was extended the speaker on behalf of the association by Mr. Ralph Coffin. Thanks was also extended to the W. M. S. by Mr. Wintzell Baker and to Mr. and Mrs. MacLaren and others by Mr. Kenneth P. Jay. Meeting closed with the Benediction by Rev. J. M. Sheen.

High tide today at Charlottetown at 10:22 a.m. and 9:29 p.m. At Rustico at 4:38 p.m. Summer side tide eighteen minutes later than Charlottetown. Sun rises to day at 7:43 a.m. and sets at 5:7 p.m.

In Honour Of The Late E. A. FOSTER, Ph. C. All Drugstores in the City Will be Closed During the Funeral Service

Weekend Briefs

THE AWAKENING GIANT that is Red China is undergoing the most enormous social and industrial transformation in all human history. Gerald Clark, one of Canada's most-travelled newsmen, recently emerged from China "staggered and terrified" by what he saw and learned during his visit.

TEACHING WOMEN TO TALK may sound like a waste of time. (Are they not sufficiently adept at this occupation already?) But it is quality, rather than quantity which is lacking according to Peter Dearing, artistic director of the Little Theatre in London, Ont., who conducts a class in speech for club women.

A MERE OUNCE or so of alcohol can spell the difference between dead drunk and dead. An alarming observation! How is the social drinker to get that glow and keep it, without going overboard? How, why and when to say "when" is the subject of the second of two articles about Our Drinking Habits by Howard Whitman, who debunks some popular beliefs about drinking with scientific facts.

POACHING DOESN'T PAY. In fact, it can cost plenty—anywhere from a fine of \$5 to \$500, and maybe a jail term. Weekend Magazine features some pictures taken while actual culprits were being captured by the vigilant game wardens who patrol the vast forests of Quebec. Violence, wolves and below-zero temperatures are among the occupational hazards faced by these men. Don't miss this remarkable article by Bill Trent, with photos by Marcel Cognac.

ALL THIS AND MORE in tomorrow Evening's Patriot offers bonus values in good reading for the whole family. Three big sections every Saturday, including Weekend Magazine and 16 pages of color comics, make The Patriot the Island's best newspaper buy.

MEMBERS OF THE executive of the Prince Edward Island Cancer Society gathered for an informal chat following the annual meeting of the group held at the Charlottetown Hotel last evening.

Cancer Society Reports Year Of Great Progress

A year of great progress was reported by the president, Wendell H. Beaton at the annual meeting of the Prince Edward Island Cancer Society held at the Charlottetown Hotel last evening.

In his report to the group Mr. Beaton pointed out that the year's activities saw the cancer campaign objective surpassed by "a considerable margin" and an increase in divisional units from one in 1957 to three at the end of this past year.

It was noted by Mr. Beaton that 906 dressings were distributed through the dressing service program operated in Charlottetown and Summerside, from the time of their inception in August until the end of the year in review.

"A concerted effort has been made through the press, radio and spoken word to make this service better known, so that it may truly be the force for good for which it has been designed," he stated.

President Beaton, in reviewing the year's work, also noted the establishing of the "W.J.P. MacMillan Memorial Fellowship" in memory of a "stalwart friend and worker in the division, and in the Cancer Society at the national level as well."

He said two Island doctors received this year's fellowship and attended a short course in cancer treatment at Memorial Hospital in New York in October.

Greater Than Ever In concluding Mr. Beaton said, "As we look forward and see just a glimpse of the increased effort we must exert toward the already existing phrases of our work, plus the many new avenues of opportunities opening up for us, we must agree that the need, the challenge, and the incentive is greater than ever before."

The statement of receipts and disbursements for the year ended September 30, 1957, was read by J. T. Place, the honorary treasurer, and was a most gratifying and encouraging report, showing the accounts of the division to be in healthy and prosperous condition.

STATISTICAL REPORT The executive secretary, Mrs. M. Estelle Dennis, gave a statistical report showing Membership, approximately 8,000; Division units, three; dressing stations two; number of dressings supplied to September 30, 1957, 936; to December 31, 1957, 2,500; number of patients, 10; cost of this service, to December 31, 1957, \$349.22; women's organizations involved in this service, 15; number of women, approximately 200.

Meetings attended: six preliminary unit meetings; three organizational meetings; annual meeting, national society. Joint

May Inspect Fatal Mine

HALIFAX (CP) — Members of a royal commission set up to investigate last October's underground upheaval in Springhill's No. 2 colliery may enter the mine to inspect the areas where 75 miners died.

Halifax lawyer Donald McLane, chairman of the three-man commission, said Wednesday the underground investigation might be made "to gather some general information." The inquiry in Springhill opens Jan. 26.

Mr. McLane, who also headed an inquiry into a 1956 explosion which claimed 99 lives in neighboring No. 4 colliery, met Wednesday with the other members of the commission — Tom McLachlan of Glace Bay, N.S., former president of District 26 of the United Mine Workers, and Harry Wilton — Clark of Calgary, a mining engineer and manager of New Chamberlain Petroleum Limited in Calgary.

Mr. McLane said briefs and submissions by experts familiar with "bumps" in the Springhill area will probably be presented by representatives of mine management, the UMW and local miners.

Rural Society Will Increase Prize-Money In '59 Contest

At the annual business meeting of the P.E.I. Rural Beautification Society, held at the Experimental Farm in Charlottetown yesterday a very successful year's activities were reviewed.

The society sponsored the following competitions in the 1958 contest: Farm home improvement; small holding improvement; landscape improvement; flower garden; Women's Institute community improvement; village improvement.

The total number of entries in these competitions was 170. Prizes in excess of \$3,000 were awarded.

In order to stimulate greater interest in the Women's Institute competition, the prizes for 1959 in this competition will be increased to total \$825. A total increase in the prize list of approximately \$400 is planned.

It was decided to drop the landscape improvement competition from the 1959 contest. Following are the officers for 1959: President, Lt. Col. E. W. Johnstone, Kensington; vice-president, Mr. R. B. Szazelle, Buncurby; secretary — treasurer, Mrs. R. A. Baldwin, Charlottetown.

Directors are: Edward Dymont, Margate; Harvey Douglas, M.L.A., Head of Hillsborough; Glen MacLaren, New Perth; D. C. Schurman, Charlottetown; G. E. Warren, Charlottetown.

Changing Concept Of War Described To Legion Group

"Manned aircraft, armed with nuclear bombs and nuclear glide bombs will remain a component of the threat that will face us for many years to come," Group Captain J. E. Creeper, DFC, officer commanding RCAF Station, Summerside, stated in an address delivered at the annual banquet of the Canadian Legion, Charlottetown branch, held at the Clover Club last evening.

President Spurgeon Leard presided as chairman and toastmaster. Group Captain Creeper spoke on the changing concept of war, the objectives of military forces today, the present posture of the RCAF and implications of development of the future.

The speaker explained that under present conditions of nuclear bomb development, long range bombers, and long range missiles, the element of time of preparedness and deployment of forces on attack was negligible, and only such forces that are ready for action will constitute the effective deterrent in preventing future war and maintaining peace.

WARNING LINES The three radar warning lines across Canada, he said, were established to alert defence forces, to give retaliatory forces of the Strategic Air Command time to get off the ground and to provide the Civil Defence Organization with time to take planned action.

"I feel the RCAF has made and is making a worthwhile contribution to the security of Canada and the western world," the speaker concluded. "and I am sure that all members of the air force will continue to devote themselves to deterring aggression and maintaining peace."

Monday, January 26th, from Trinity United Church, Montague at 2 p.m. Interment in the Community Cemetery.
