HORSE thieves are continuing their depredations in the Ottawa Valley. Six fine animals were stolen from J. Kerr, of Bell's Corners, lately, and have not yet been recovered. This makes twenty-two animals stolen from farmers in the vicinity of the city within the past two weeks. They are beginning to think seriously of forming an association to employ detectives.

McINTYRE and Lamb, the parties arrested on suspicion for being implicated in the Baldwin Robbery, were examined before the Stipendiary Magistrate this forenoon. Lamb produced witnesses to prove that he slept at home during the night of the robbery, and he was discharged. McIntyre stated that he was not at home on the night in question, but slept with a servant, whose name he refused to give, on the ground that if the servant's master discovered that he would harbor outsiders, he would discharge him, and (McIntyre) did not want anyone discharged for harboring him.

THE Temperance Lecture in the Atheneum last night by Mrs. Youmans was excellent. Her style of oratory is somewhat different to that which we have been accustomed. Her words are the spontaneous outburst of a true and earnest woman's heart. Her allusions are pathetic, pointed and eloquent. During the course of her lecture she paid high eulogies to Ireland's Patron Saint, and Father Benson of Ontario, quoting largely from their utterances. The audience remained spell-bound during the lecture, which we have no hesitation in pronouncing one of the most powerful ever delivered in this city.

THE charge preferred by watchman Cusack, in the EXAMINER of Saturday evening, against the officers in charge of the Police Station on the night of the Baldwin robbery, viz: Warren and Merchant, was investigated by the Stipendiary Magistrate this forenoon. The watchman was not present at the investigation to repeat that charge, and we are given to understand that the manner in which the watchman informed the Police of what occurred at Messrs. Baldwin & Co's store, was not such as would lead them to believe that anything serious was taking place. More light is requested.

THE Atheneum was crowded last night to hear the great temperance lecturer—Mrs. Youmans. It being announced in Saturday's issue that the meeting would take place in the Market Hall, a large number congregated at the doors at 8 o'clock, but was informed that the order had been cancelled. This is to be regretted, as the Atheneum was far too small to accommodate those anxious to hear this renowned speaker. A correspondent, writing on this matter, says:—"It is a mistaken idea of economy in the managers of the Reform Club in this city to suppose that the small outlay necessary to procure the largest hall, is more than an equivalent for the good which would, no doubt, be effected. It is, we very much fear a "Penny-wise and pound foolish policy," which cannot but be detrimental to the interests of temperance in our midst. It is currently reported that the managers of the Club have even been mean enough to charge Mrs. Youmans for the use of the Hall. We hope the report is unfounded.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been

Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers.

The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale.

It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price.

The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coals as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL.

It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way.

Every vessel loaded at the SYDNEY MINES is furnished with a certificate of the cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate.

The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution.
