Grain

WINNIPEG, Jan. 20 (CP) - All grain prices, except flax, showed a lower trend Saturday on the Winnipeg Grain Exchange in sympathy with declines on United States markets.

Earlier in the trade, oats received fair support from domestic shippers while barley was purchased by exporters on further export sales to the Netherlands overnight. Rye trade was local and dull.

Flax uncovered a few buying orders for seaboard or American interests, with prices moving narrowly.

There was no information available on export loadings of Canadian wheat.

Class two wheat and I.W.A. prices again dropped one-eighth cent.

Closing prices: Oats - May 91 1/2, July 85 1/4, Oct. 83 1/2.

Barley - May 1.39 1/2, July 1.29 1/2, Oct. 1.23 1/2.

Rye - May 2.08 1/2, July 2.04 1/2, Oct. 1.98 1/2.

Flax - May 4.83, July 4.73 1/2, Oct. 4.42 A.

U. S. Steel Report

CLEVELAND, Jan. 20 (AP) - Steel Magazine said today that "from coast to coast come reports of a slight easing" in the steel shortage.

In its review of the metalworking industry last week, Steel listed these signs that the steel supply situation might ease even before the widely predicted mid-1952 turning point:

Chicago - New inquiry for structural steel is off and demand for cold rolled carbon steel sheets noticeably easier.

Seattle - Demand for merchant bar slow.

Los Angeles - Warehouses report inquiries are depressed and the "heat is off" fabricators' demand for steel.

San Francisco - Warehouses say competition is increasing on some items and price concessions are being made.

Pittsburgh - Warehouse stocks becoming better daily.

Boston - Carbon steel sheet and strip are easier. Mills have some space open for second quarter cold-rolled strip orders.

Production last week was 101 per cent of capacity, down a half point from the previous week. A factor in the decrease was a 10-12 point drop in the far west output because of severe storms.

VITAL MINERAL

Coal, the chief industry in Britain, is estimated to supply 90 per cent of the power used there.
