## Princesses Are 'Kidnapped'

Five of the finest freshets at St. Dunstan's University were "kidnapped" early last evening by Prince of Wales College students and held hostages in Montgomery Hall for nearly 1 1/2 hours in an effort by the Welshmen to raise money for WUSC (World University Service Committee).

The Freshmen Queen candidates — Carol Ann Power, Joanne Power, Paula Charbonneau, Diane LaRose and Elizabeth McLean — were rescued by a squad of some 50 SDU males who rushed down Montgomery Hall and threatened to storm the walls.

The hostages were freed from the PWC residence by 9:15. The ransom demanded — \$100 — was unpaid.

## APEX SEEKS

(Continued from Page 1) various industry — encourages programs together.

What the Atlantic provinces need badly, said Mr. Parks, are labor-intensive secondary industries that all eat into high unemployment. It was just as important to encourage an existing firm to build a branch plant somewhere as it was to lure an entirely new company into the area.

He added that no encouragement should be given to firms who want to establish a plant for the express purpose of taking advantage of incentives when there were no prospects for their long-term success.

While the primary aim of APEX was to bolster the economy of the four provinces, Mr. Walton said this could only be done within the framework of an expanding Canadian economy. Any expansion in Canada was likely to be spread over into the Atlantic provinces.

## Demolition Is Underway

Alberton Man Dies In Saint John

City Controller John Butler said yesterday that demolition of the Hennessy property on Kent Street adjacent to City Hall will likely be completed this week.

The property was acquired by the city some months ago to provide immediate extra parking areas and future room for expansion of City Hall. For as many as 10 years it has been occupied by the Hennessy Funeral Home which recently moved to new quarters on Longworth Avenue.

## PERFECT FALL

(Continued from Page 1) ported to attract more than 100,000 visitors during its week-long run.

Don J. Oland, fair president, said there were so many live-stock exhibits that the bars were closed. The exhibits include 400 dairy cattle, more than 200 horses and about 250 sheep and swine.

## Mr. Yesterday

Left to morn his passing beside his wife and three children are six brothers and two sisters: Ernest in England; Eugene, Camille, Albert, Herbert, and Phillip all in Ontario and Mrs. Aubin Gallant and Mrs. Raymond Gallant of Nfld.

The remains will arrive at the home of his parents and the funeral will be from St. Simon and St. Jude's Church, Tignish.

## S'ide Store Has Break

SUMMERVILLE — Town police are investigating a Monday night break at Earl's Buy-Write Grocery, 216 Convent Street, in which thieves stole two wrist watches and a quantity of cigarettes.

This was the third break in recent months at the store, owned by Earl Pineson.

## Borden Post Hears Priest

BORDEN — The second meeting of the Borden Allied Youth Post was held recently.

After the regular business the members heard Rev. A.J. Penzberg in an interesting and informative talk on "Alcohol Studies." He stressed the importance of safe and sober driving, particularly on the new highway from Borden to Charlottetown.

He also emphasized the importance of sports and other interests in building good character.

Julie Gallant moved that a vote of thanks be extended to Father Penzberg, seconded by Robert Arsenault.

Susan Dziel, president, extended the thanks of the meeting to the guest speaker.

## Liquor Selling Case Set Over

SUMMERVILLE — Pleading not guilty to a charge of selling liquor to another person, Emmanuel Gallant, Summerside, had his case adjourned to Nov. 8, by Magistrate R.S. Hinton, QC, in town police court yesterday.

A written plea of guilty was received from Russell F. Gardner, Freetown, on a charge of speeding and he was fined \$10 and costs.

Robert James Perry, Summerside, pleaded guilty to a charge of driving without due care and attention and was fined \$10 and costs.

Denton W. Clow, Freetown and Ernest Bryan, Summerside, pleaded guilty to similar charges and each were fined \$15 and costs.

A Summerside man was fined \$20 and costs or 10 days on a charge of drunkenness.

## OPEN AIR SERVICE

OSLO, Norway (Reuters) — The Scandinavian Airlines System Saturday opened a twice-weekly air service between Copenhagen and Los Angeles via Montreal with DCS aircraft. It is the first air service between Scandinavia and Canada for many years.

## ONE INJURED IN S'IDE COLLISION

One person was injured in a two-car collision on Water Street East in Summerside shortly past 7 yesterday. Miss Patricia Harding, Alberton, driving a 1957 car and travelling east on Water Street, is believed to have entered to the left into the path of a station wagon driven by Emerson on Ferrish of Summerside. Both vehicles sustained considerable damage. Mr. Ferrish was taken to the Prince County Hospital by ambulance but was released after being treated in the out-patient center. Miss Harding was uninjured. Town police made the investigation.

## P.E.I. Loses Reserved Space On Crack Train

By DON MACLEOD

Provincial government officials, the P.E.I. Tourist Association, Charlottetown, Board of Trade and Centennial officials have expressed concern regarding the action of Canadian National Railways, which has lost its allotted reserve space on the Ocean Limited between Montreal and Montreal.

Previous to Oct. 28, this province was allotted two sections, making up four berths on the Ocean Limited, and there was quick service on reservations for roomettes, drawing rooms, and double bedrooms. This allotment has been taken away, and now each section contains two roomettes, drawing rooms and double bedrooms.

When the province had an allotment of space on the Ocean Limited, reservations could be made at Charlottetown, but now all reservations have to be made through Moncton, or Halifax.

A person wanting to travel to Montreal must make his reservation for a coach seat at the local office in advance, or write to Moncton for a reservation. Without reservation, a person travelling to Montreal from here does not know whether or not he will have a coach seat until he arrives in Moncton. If none is available, he has to wait until midnight to catch the Scotian, travelling from Halifax to Montreal, through Moncton.

The tourist association, the board of trade and Centennial officials fear the new system will be inconvenient in view of the large amount of rail travel expected in Centennial year.

The organization concerned felt strongly that the allotment system should be restored so that a certain number of reservations will be available here at all times without having to make reservations through the Moncton office of Canadian National Railways.

## Poland Is Seeking Support For Nuclear-Free Zones

By JIM PEACOCK

UNITED NATIONS (AP) — Poland is seeking support from Canada and several other countries for a resolution calling for detailed study by the Geneva disarmament committee of the possible creation of nuclear-free zones in various areas of the world, it was learned Monday. The intention is to bring the resolution before the Geneva Assembly's main political committee for consideration at the conclusion of its current session on general disarmament—possibly late this week or early next week.

An informed UN source said Monday that Poland asked Canada last week to become a cosponsor of the motion. Canada made some comments on the wording but made no commitment concerning sponsorship, the source said.

It was understood that Poland hoped to get support of Canada and the other 16 active members of the Geneva Conference—the same group which cosponsored a motion approved by the committee last week calling on the Geneva negotiators to seek expansion of the limited nuclear-test-ban treaty.

The source said Canada might support a motion asking the Geneva conference to go into detail on principles and procedures essential to creation of nuclear-free zones but would not accept wording that prejudged any of the principles.

Canada could not accept some of the language in the initial Poland text, the source said. Negotiations were continuing.

Gen. E. L. Burns of Canada and Charles C. Stelle of the U.S.

## UN Relief Body Warned Against Mid-East Threat

UNITED NATIONS (AP) — The retiring head of the United Nations relief agency for more than 1,000,000 Palestinian refugees warned Monday that the United Nations would risk armed conflict in the Middle East by abandoning its aid program.

In a speech to the UN's special political committee, John H. DAVIS, commissioner-general for the UN Relief and Works Agency, outlined an interim program pending Arab-Israeli settlement of the refugee problem.

It features continued aid and education of refugees and their offspring.

DAVIS, who has held the post for five years, stressed that no solution is in sight despite years of attempts. He got an Israeli-Arab negotiated settlement.

It was concluded this is the total dedication of Israel and its people to preserve Israel as a state the home of her grandmother.

Mrs. Annes Ahearn, Alberton, was held Wednesday, Nov. 6 to the Sacred Heart Church, Alberton, for Requiem High Mass at 11 o'clock. Interment in the church cemetery.

## DEATH NOTICES

(Received too late for Classified Death Notice column.)

## Four Persons Lose Lives In N.S. Fire

AMHERST (CP) — In the second multiple death fire in the Maritimes in 48 hours, four persons — including two small children — died early Monday when fire destroyed their frame home at Warren, six miles east of here.

The victims were Thurston Chapman, 25, an wife, Faye, 21, and their children, David, 2, and 11-month-old Stephen.

An unidentified passerby called the RCMP at Amherst from a nearby service station but the fire spread quickly and the home was engulfed in flames when the RCMP arrived.

The township association, the board of trade and Centennial officials fear the new system will be inconvenient in view of the large amount of rail travel expected in Centennial year.

The organization concerned felt strongly that the allotment system should be restored so that a certain number of reservations will be available here at all times without having to make reservations through the Moncton office of Canadian National Railways.

## Calm Settles In Desert War

FIGUI, Morocco (AP) — Both sides ceased firing on the disputed Morocco-Algerian frontier Monday. A precarious calm settled over this Moroccan oasis where three days of artillery and mortar shelling took 20 lives and wounded 20 civilians.

Both sides reported that fighting had stopped along the entire front for the first time since the undeclared Sahara war broke out Oct. 5.

Each side blamed the other for true violations and demanded that the matter be investigated by the neutral truce commission of officers from Mali and Ethiopia.

## Bladder Irritation May Disturb Sleep

After 21 years as a busy woman as an educator, Mrs. M. J. Storey was troubled by bladder irritation caused by a cyst. Her condition was relieved by the use of the Storey's Bladder Irritation Remedy.

It is a simple, natural, and effective remedy for bladder irritation, cystitis, and other urinary tract ailments. It is available in all drug stores, health food stores, and direct from the manufacturer, Storey's Bladder Irritation Remedy, 136 Prince St., Charlottetown, P.E.I.
