

CONDOMS ON CAMPUS

There is a possibility that there will be condom dispensers installed on the UPEI campus.

The Student Union inquired about a condom dispenser to be put in last year, but there were no companies on PEI that distributed dispensers. This meant that they would have to buy one from a company in Ontario and stock the machine themselves. But by the end of spring, Vendacon, a condom distributing company, started on the island. However, it was too late in the school year to make a decision.

The idea came about when the Student Union inquired about the cost, or at least a portion of the cost of condoms being covered under the CFS medical plan. CFS gave long consideration to his proposal but it was denied.

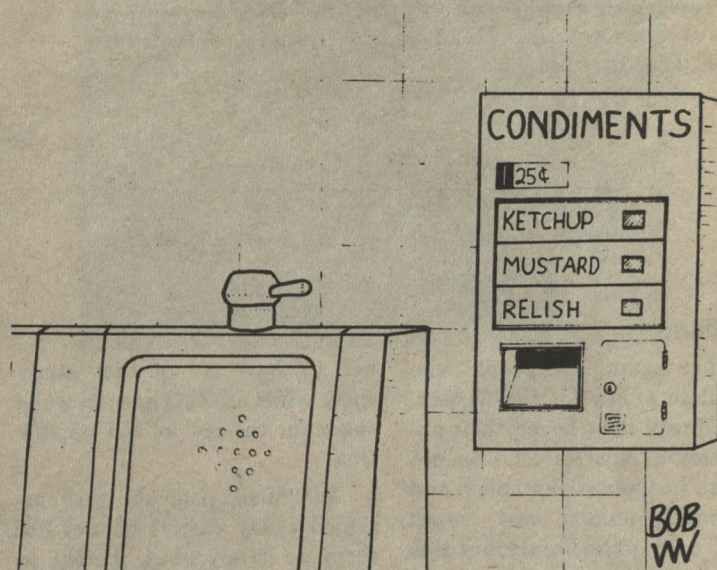

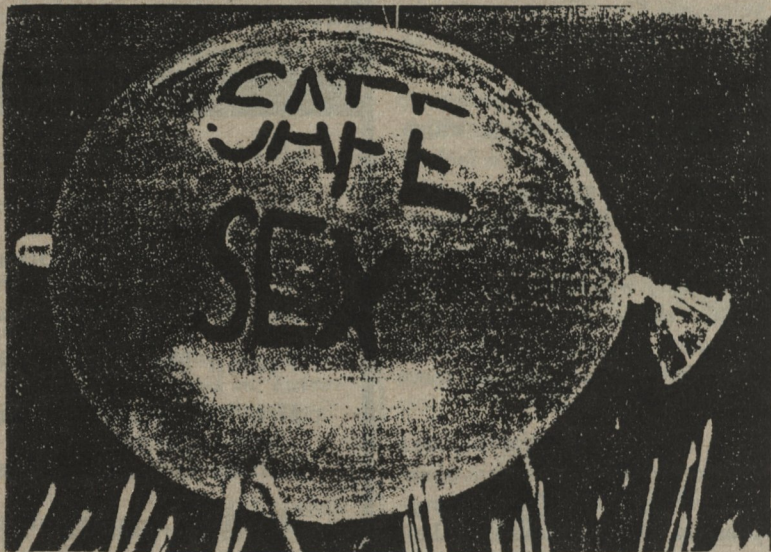

Students are often uncomfortable going to the drug store to get condoms, and the health centre doesn't always have them available to give out to the students. Therefore, the dispensers are necessary.

On this coming Sunday, the Student Council will be meeting to consider the proposal. Information, such as the quality of the condoms and the cost, has been gathered to bring to council. If council agrees that dispensers are needed on campus, then they will decide how many we should get and where they will go.

If the final decision is 'yes', then the machines will probably

be installed within a week. There is no cost to the Student Union for the installation of the dispensers, and Vendacon will keep them stocked up. The price of the condoms will probably be approximately \$1.00 each, depending on the quality.

All students are invited to come to the council meeting on September 25 at 1:00 pm, and all comments will be welcome.
