(Photos by Nakash)

Mr. Lorne D. Clark — Mr. Colin C. Campbell — Mr. Charles N. Ambler

At a recent meeting of the Board of Directors of W. Clark, Limited, Mr. Lorne D. Clark was elected President and Managing Director succeeding Mr. Ernest J. Clark, who retired in December, 1953, having served the company for over fifty years.

The new President, Mr. Lorne D. Clark, joined the company in 1933 as salesman, became a Director in 1942, and Executive Vice-President in 1953. Mr. Clark served with the Canadian Navy for five years during World War II, and at its close held the rank of Lieutenant-Commander.

Administration of the company's finances and purchases will be the responsibility of Mr. Colin C. Campbell, Vice-President and Secretary-Treasurer, who has been with the company since 1934. Mr. Campbell is a Fellow of the Chartered Institute of Secretaries.

Mr. Charles N. Ambler has joined W. Clark, Limited, in the capacity of General Sales Manager. Mr. Ambler is well known in the Canadian food industry, having spent thirty years in the field of selling and merchandising grocery products. He will administer the company's sales and advertising policies.

Mr. Lorne D. Clark assumes the presidency of one of Canada's oldest food manufacturers at a time when the company has embarked on a program of expansion and development. The firm was founded by William Clark in 1877. W. Clark, Limited, achieved a national reputation as the packer of the famous Clark's Pork and Beans and has added Condensed Soups, Tomato Juice, Canned Meats and Mincemeat to its list of prepared foods.

Expansion plans include the enlarging of the company's plant at St. Remi, Quebec, and increasing its productive capacity by constructing a new factory, warehouse and office building, the Montreal plant is being closed out and its operations consolidated with the new plant at St. Remi.

One of the most modern and efficient Tomato Processing plants in Canada is the W. Clark factory at Harrow, Ontario, in the heart of the "Sunshine Parlour". Here Clark's Fancy Tomato Juices and Clark's Condensed Cream of Tomato Soups are packed. *

Helicopter In Salvage Role

FORT WILLIAM, (CP)—A helicopter picked up a wrecked plane Saturday and carried it 25 miles to Fort William.

The plane, a trainer owned by Thunder Bay Flying Club, crash-landed six miles from the nearest road. Officials of the club could not figure out how to salvage it.

Jack Godsby, owner of the helicopter, offered to try to move the plane.

The wings of the training plane were removed and strapped to the plane's body. Then, as the helicopter hovered overhead, four cables were attached to the training plane.

The helicopter then lifted the plane into the air and took it back to the airport without incident. An emergency release would have let the trainer drop if serious trouble had developed on the way.

Reports Pound Sterling Stronger

OTTAWA, (CP) — Finance Minister Abbott said Monday the goal of sterling convertibility is "very much nearer than anyone could have hoped a year ago."

Mr. Abbott made his first appearance in the Commons since his return from the recent conference of Commonwealth finance ministers in Australia.

He reported a "moderate but steady improvement" in the trade and currency situation of sterling-area members of the Commonwealth during the last two years.

Mr. Abbott said he would not prophesy when Commonwealth countries would reach the goal of convertibility between sterling and dollars which was set two years ago. But the pound sterling was stronger than at any time since the war.

Opposition leader Drew said the Progressive Conservative Party welcomes Mr. Abbott's statement but regrets that Canada had not taken the initiative in seeking sterling convertibility.

Urges Need For Improvement In Forest Policy

MONTREAL — (CP) — Canada must improve its forest management or it will lose several potential markets for wood products, Dr. John S. Bates Thursday night told the Canadian Pulp and Paper Association's technical section.

Dr. Bates, a Montreal consulting engineer, said federal and provincial government authorities should confer with paper companies and members of the industry to plan improvement in forest policy and make Canada stronger in world wood markets.
