IN MEMORIAM

PIDGEON—In loving memory of Frank Pidgeon, who passed away on August 27, 1954. Today recalls sad memories. Off a loved one gone to rest. And those who loved him best. Are the ones who love him best. The his smiles we can't touch. Still we have so many memories of the one we loved so much. Sadly missed but always remembered by Annie, Arch, Etta, Isaac, and grandchildren.

CARD OF THANKS

Mrs. E. H. (Jeff) Godden and daughter Beverly wish to extend heartfelt thanks to Ven. Archdeacon Harrison members of the Masonic Lodge and the Canadian Legion undertaker Ensor, Bowness, kind neighbours and friends who assisted in many ways, also to all who sent flowers and messages of sympathy in their recent bereavement.

N. Y. Stock Market Down Third Week

NEW YORK (AP)—The stock market gave ground last week for the third straight weekly decline but managed a partial recovery in its last two sessions. A firming of interest rates and tightening of credit reins were in the spotlight on Wall Street and were singled out as major causes of a substantial downturn in prices during the first three days. Trading was sluggish, with the exception of a spurt during a major sell-off Tuesday. The daily average of 1,778,559 shares was the lowest since the week ended June 22. The Associated Press average of 60 stocks declined \$3 during the week to \$185.60, after dropping \$4.80 at midweek. The five most active stocks this week on the New York stock exchange were: Glenn L. Martin, up 1/4 at 37 on 161,900 shares; Standard Oil (New Jersey), off 1/4 at 56 1/2 on 107,200 shares; U. S. Steel, off 1/4 at 64 1/2 on 102,600 shares; General Motors, off 1/4 at 47 on 97,300 shares; and Gulf Oil, off 1/4 at 124 1/2 on 95,600 shares.

Most Canadian issues closed lower or unchanged at the end of the week's trading on the New York stock exchange. Dome Mines was unchanged at 14 1/2. Aluminium Ltd. closed at 138 1/2, a loss of 3. International Nickel was down 1/4 at 107 1/2 and Distillers-Seagrams closed 1 lower at 30. On the American stock exchange Brazilian Traction closed at 7 1/2, unchanged from the previous week. Eureka lost 1-16 to close at 1 1/2. Preston East Dome Oils gained 1/4 to close at 7 1/2.

See Boost In Steel Prices Or Cut In Earnings

CLEVELAND (AP)—A pinch in profits of U. S. steel manufacturers caused by sharp and unexpected increases in production costs may either reduce steel industry earnings or force a further readjustment in prices, Steel Magazine says. "The recent \$8.50 a ton increase in steel prices was designed to offset the higher steel wages," the trade weekly says. "It is considered insufficient to absorb the higher costs now resulting from soaring prices of ferrous scrap and the possibility of higher costs through all-rail shipment of iron ore this winter. "Steel producers may feel they have little room to absorb unexpected increases in costs, with the moderate price hike of \$8.50 a ton. Most people expected a rise of \$10 a ton. A survey of 25 metal working industries by Steel last week shows that while many prices are rising, the readjustment will average about eight per cent. Increases so far range from three to 10 per cent. Steel ingot production last week reached 95.5 per cent of rated capacity (2,351,108 net tons), a jump of 8.5 points compared with the previous week. Production also stood at 95.5 per cent of capacity during the week ended June 25, just before the steel strike. Steel's price composite on finished steel was unchanged at \$17.59 a net ton last week.
