GEORGE H. COOK, apl6—dy eod tf

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, the Invalid Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and obtaining cases which had baffled the cure of woman's peculiar ailments.

Dr. Pierce's Favorite Prescription is the outgrowth, or result, of this grant and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's ailments.

As a powerful, invigorating tonic, it purifies the blood, restores the system, and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated females, including dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening medicine, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, excessive menstruation, hysteria, spasms and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep, and relieves mental anxiety and despondency.

Dr. Pierce's Favorite Prescription is a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood. "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects in any condition of the system. For morning sickness or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppression, collapse, or falling of the womb, weak back, female weakness, anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."
