MISCELLANEOUS.

THE MOTHER'S SMILE.

There are clouds that must o'ershade us,
There are griefs that all must know,
There are sorrows that have made us
Feel the tide of human woe;
But the deepest—darkest sorrow
Though it sere the heart awhile,
Hope's cheering ray may borrow
In a mother's welcome smile!

There are days in youth that greet us
With a ray too bright to last,
There are cares of age to meet us
When those sunny days are past;
But the past scenes hover o'er us
And give back the heart awhile,
All that memory can restore us
In a mother's welcome smile!

There are scenes and sunny places
On which memory loves to dwell,
There are many happy faces
Who have known and loved us well;
But 'mid joy or 'mid dejection,
There is nothing can beguile,
That can show the fond affection
Of a mother's welcome smile!

EXTRAORDINARY LIFEBOAT ADVENTURE.

Mr. R. Mahony, a Kerry magistrate, describes an extraordinary lifeboat adventure in a wild Bay, called Lough Kay, which lies outside the harbour of Valentia. On the 25th ult., during a heavy storm, Mr. White, of the coastguard, determined to try a lifeboat which had recently arrived at the station. "With his own coastguard crew he dashed out into the bay, watching each tremendous roller and rounding her to meet it. About a quarter of an hour passed in this struggle, when a great tidal wave was observed by the spectators gathering itself about a mile to seaward. Distinguishable by lookers on far inland, like a mighty Andes towering above the lesser mountains, this Atlantic giant swept in, extending right across the bay and leaping far up the cliffs on either side. In the opinion of experienced seamen who observed it, this sea would have swept the decks of the Great Eastern like a raft. As it neared the boat its appearance became more terrific. The water shoaled here from ten to seven fathoms, and, changing its shape with the conformation of the ground below, that which had been a rolling mountain rose into a rushing cliff of water. The rule laid down for meeting a desperate sea is to pull against it with the utmost speed; but for meeting such a sea as this no rule was ever made. Cheering his men forward, the steersman put his boat right at it, calculating nicely to meet the sea at a right angle. Steadily, as if spurting in a race, the men strained at their oars, and gliding, on even keel, like an arrow the boat entered the avalanche, its crest towering 25ft above her, and overhanging. The inspecting officer, who was steering, and the chief boatman, who was pulling stroke oar, was hurled headlong over the boat's stern by the falling sea. Had she not been of extraordinary strength, owing to her peculiar double-sided construction, she must have been shivered like a bandbox. Crushing her bodily fathoms down, the sea bore her astern at lightening speed, tearing away her rudder-irons and steering crutch by the pressure. The steersman was caught head downwards as she passed, by some projecting hook or spur rowlock, and dragged thus for a few seconds; then found himself suddenly freed and rising rapidly. On reaching the surface he met his chief boatman already afloat, but looking very much confused. The latter afterwards described himself as having been conscious of receiving some tremendous impetus, which caused him, as he imagined, to turn a series of somersaults under water. Though cased in heavy water proof boots, thick peajackets, and oil-cloth overcoats, the lifebelts supported them with perfect ease. The sea which hurled them out of the boat had beaten the rest of the crew down as they bent over their oars in a stooping posture, each man on the thwart before him. The bowman alone was stunned. The remaining three retained perfect consciousness; they had their eyes open, but all around was total darkness. They describe their sensation as like that of being whirled in an express train through a railway tunnel, but whether they were in the boat or in the sea they could not distinguish at the time. At length a faint dawn of light reached their eyes, increasing rapidly, and they were conscious of rising through the green water; and at last they emerged through the broken foam, sitting each man in his right place. The first object that met their eyes as the boat rose to the surface was the buoy of the Kay Rock close alongside of them. This buoy is by measurement over four hundred yards from the place where the sea had struck their boat. She had been shot about a quarter of a mile under water, and had risen in the exact position in which she had entered the sea, at right angles to it. A spare rowlock and a pair of boots were lying loose in the bottom of the boat, giving clear evidence that she had not once turned over during her extraordinary submarine passage. The oars had all been lost but one, and with this the men managed to keep her head to the seas, though she was drifting fast upon the rocks astern." A second lifeboat came to the rescue. Mr. White and his chief boatman were got out of the water, and the boat which seemed doomed to certain destruction was, with assistance, pulled into the harbour.

THE CONTENTS OF A BISHOP'S POCKET.—Every one has lately read of the Bishop of Bath and Wells sitting down, after making a speech, upon his episcopal shovel hat, but it is not half so good an adventure as occurred to one of his predecessors, and which, though founded on fact, is introduced in a work of fiction by a noble sporting writer of the present day. It appears that upon one occasion the bishop referred to dined with one of his neighbors about Christmas time, and, among other delicacies, was a turkey and sausages. A footman, who had an eye for the latter, removed one or two links of them (which he placed in a paper) as he took the dish through the hall, but being disturbed, dropped the parcel into the pocket of the first great coat he found. Unable to secure his stolen prize, the sausages were left in the pocket, and were not discovered until the following day, when the bishop had to attend a school meeting. After addressing the children in a pious strain, and having provided himself with some religious tracts to dispense among them, he wound up his address by expatiating upon their merits; but, unfortunately, instead of taking out the contents of his left pocket, he brought out those of his right, and exposed to the gaze of the children a small string of pork sausages.—*Court Journal.*

COLDS AND COUGHS.—Sudden changes of climate are sources of *Pulmonary and Bronchial affections.* Experience having proved that simple remedies act speedily when taken in the early stage of disease. Take at once *Brown's Bronchial Troches,* let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be warded off.

A FINE CHANCE FOR SPECULATORS AND ENTERPRISING MEN.

THE UNDERSIGNED has been instructed by the owners to offer FOR SALE, or RENT, several VALUABLE FREEHOLD and LEASEHOLD PROPERTIES and FARMS in BELFAST and other parts of the Island, in good cultivation, well wooded, and possessing other advantages; and for which good and valid titles and immediate possession can be given.

ALSO—FOUR LOTS, being the residue of thirteen Building Lots (the other nine having been sold the present season) in that most advantageous mercantile situation known as SUMMER HILL, adjoining MONTAGUE BRIDGE, ten miles from Georgetown, where close on to 150,000 bushels of produce are annually shipped, and nearly all paid for in cash. Americans and other speculators purchase here, and ship for Great Britain, the United States, &c. A number of Stores, Wharfs, a Meeting House, Post Office, and Temperance Society have been established for some time, with many Grist, Saw and Cloth Mills in the vicinity; where also any quantity of all kinds of Lumber can be had in trade at low rates. SUMMER HILL property is the only *Freehold Property* for sale in the place, which renders it most desirable for all classes of artizans, now so much wanted in this rising town. A STORE, and Dwelling in it, capable of holding 15,000 bushels of produce, with a double Wharf and site for Lime Kiln, will be sold cheap or leased on reasonable terms.

Plans, particulars, or any other information can be obtained by calling at the office of Messrs. Ball & Son, Land Surveyors, Charlottetown. Reference can also be had from W. Sanderson, F. P. Norton, Thomas Annear, Georgetown; Jas Broydrick, Campbeltown, Lot 4; F. W. Hughes, *Examiner Office,* Charlottetown; and to the subscriber at Orwell, who is also Agent for the sale of **Manny's Mowing Machine,** the celebrated Yarmouth OO KING STOVE, and also for the Falling Mills of Messrs. [EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met testifies to their financial ability and the care and prudence which marked the investment of these funds."

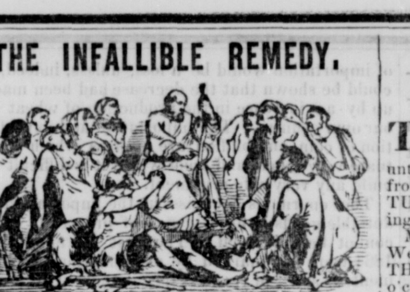
Judson's Worm Tea!

THE INFALLIBLE REMEDY.



Holloway's Ointment.

Contracted or Stiff Joints.

All the Medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable Ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humors, Scald Heads and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment, if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors and miners use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel.

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases, if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and in most instances give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure, when every other means have failed, if applied immediately, and not delayed until the *patient is beyond recovery. It is a sovereign re*medy for sore throats. Settled coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts — Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer or wound deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations soon disappear from the affected part, and health and *strength return. This treatment creates sound* flesh, and therefore makes its cures complete.

Gout and Rheumatism

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time, and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Corns (Soft)	Rheumatism
Bad Breasts	Cancers	Scald
Burns	Contracted and Stiff Joints	Sore Nipples

Fattening Stock.

FARMERS will find it a saving to them of many dollars by using these powders. In feeding one hundred bushels of grain, a man can save at least fifteen bushels by using these powders. Use them and you will find it so.

The many DISEASES of HORSES can almost all be PREVENTED or CURED by these Powders.

ONE POWDER drives out Worms. ONE POWDER cures Bots. ONE POWDER puts a Horse in condition. ONE POWDER makes a Horse shed his coat. ONE POWDER gives a soft and glossy appearance to the hair. ONE POWDER cures the Horn Distemper in Cattle.

The CARLTON'S CONDITION POWDERS, given according to directions, are the best thing in the world to STRENGTHEN a horse, and to restore him to health and vigor after severe exposure or hard driving.

These Powders cause a healthy action of the digestive organs, and purify the blood of animals, thereby equalizing the circulation of the blood and imparting vigor to the whole frame. This soon demonstrates itself by an improvement in the appearance of the coat, for it is a certain fact that no animal can be in perfect health if the coat be rough and unthrifty.

DR. LA'MERT ON SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s. 6D., BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, *simple* and *easy* mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

THE NEW FRENCH REMEDY.

By Royal Letters Patent, under the special sanction of Her Majesty's Government, and the Chiefs of the Faculte de France.

THERAPION:—or CURE OF CURES. This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of *taste odour,* and *appearance* of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion Each package contains full instructions for every case.

THERAPION, No. 1, in three days only removes gonnorrhœ, gleet and all discharges, effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the lower bowel, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

THERAPION, No. 2, for syphilis, disease of the bones, sore throat, threatened destruction of the nose and palate; impurity of blood, scurvy, pimples, spots, blotches, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of the sufferer's teeth; and ruin of health. Under this medicine every vestige of disease rapidly disappears; and the skin assumes the pleasing softness of infancy.

THERAPION, No. 3, for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications; and restoring the lost tone to the system. Therapion may be procured at 11s, and 33s per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s are saved; and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires.

The Cause and Cure of Premature Decline.

Sold by all the Agents for Dr. De Roos' Medicines, or sent post free, secure from observations direct from the Author, for 2s 6d.

THE MEDICAL ADVISER on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr. W. DE ROOS, M. D., M. R. C. S., L. S. A., &c., *of the Ecole de Medicine, Paris, Graduate in Medicine, Surgery and Midwifery; Licentiate of the Royal Society of Apothecaries, &c.*

REVIEWS AND NOTICES.

"To be your own counsel or your own doctor, entails risks that have become proverbial to a degree that prevents much good resolution from taking any benefit or advantage when reasonably offered. Suspicion begets irresolution, and where there is no confidence good results seldom follow. Medical books are a fie d for the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or taste not the Pierianspring,' is good advice where the uninformed mind, listening to its own apprehensions is oftener ready to imagine than use its cool judgment. There is one class of medical lore, however, that stands in a position somewhat exceptional to our remark, and which treats on disorders and irregularities in which morality is offended. For this reason the patient too often suffers in secret, or pursues in ignorance practices that daily bring him into a more hopeless condition for want of friendly advice. To such we recommend a perusal of the 'Medical Adviser' of Walter De Roos, M. D., of London, an established Physician, graduate and licentiate of all the regular institutions of London and Paris; and who has made nervous disorders and their baneful origin his particular study, and obtained such a practice in this branch of therapeutics as qualifies him to be a safe and competent adviser.—*County Chronicle, May 7th, 1861.*

"The MEDICAL ADVISER, by WALTER DE ROOS, M. D., for the class of diseases upon which it treats is undoubtedly the best and most soundly practical book which has come under our notice. The author is a man of most enlarged experience."—*Derby Telegraph, June 29th, 1861.*

To those who contemplate *marriage* its perusal is especially recommended.—The knowledge it imparts must come *some* time, and happy they who do not possess it too late.—Cure is certain in every curable case, and few indeed are they which are not so.—It is calculated to effect a complete revolution in the treatment of these complaints.—*Simple* and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost.

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, whilst to all who need such aid he offers every assurance of speedy restoration.

FOREIGN RESIDENTS can be successfully treated by correspondence, on sending the detail of their cases, with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted suffering and unnecessary loss of valuable time, which must otherwise occur.

DR. DE ROOS' GUTTÆ VITÆ OR LIFE DROPS; *Protected by Royal Letter Patent of England; Seals of the Faculte de France; Royal College of Prussia, &c.*, have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa, languor, lassitude, depression of spirits, irritability, auger, excitement, needless fear, distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart, giddiness, noises in the head, impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, its surprising efficacy has only to be tested to be appreciated.

As these complaints if neglected become chronic or incurable, sufferers will do well *before they waste* valuable time in seeking aid from instruments, and other absurdities professing to supersede medicines, to make fair trial of a remedy, which concocted on unerring scientific principles, cannot fail, and may be carried about the person, or left upon the toilet table, without exciting a *suspicion of its nature.* Price, 11s, and four times the quantity at 33s per bottle. The £5 packages containing twelve 11s quantities, by which a saving of £1 12s is effected, will be sent from 25, Bedford Place, only on receipt of the amount per draft on a London house or otherwise.

Extracts from letters which can be seen by any one. "I am happy to say that I am now quite well, thanks to you and your medicine of medicines."—*D. P. St. Asaph.* "I am happy to say that I shall not require more, thank God, and I hope He will reward you for what you have done for me."—*A. C., Hartlepool* "If my tongue could speak, or my pen could write to express my gratitude to you I should feel happy, but neither tongue nor pen of mine can do so."—*H. A. Birmingham.* "Without you I should have been in my grave, but now I am a happy man again."—*D F F., Inverness.* "I can never thank you sufficiently; had I never read of the Guttæ Vitæ, where or what I might have been now, I cannot tell."—*W. G., West Pelton.*

PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE OF THE KIDNEYS, BLADDER, &c. DR DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy Remedy for the above dangerous complaints. Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs, &c., have utterly failed. 2s 9d., 4s 6d., 11s, and 33s. per box. The superiority of these celebrated medicines over everything of the kind, is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

HER MAJESTY'S HON. COMMISSIONERS have graciously permitted the Government stamp, bearing the word "Therapion" in white letters, to be attached to each package; thus insuring the public against fraudulent imitations, and securing to the proprietor the sole right of supply throughout her dominions; and any infringement of which they will prosecute with the utmost severity.

AGENTS FOR ENGLAND, Thomas & Co., 7, Upper St. Martin's-lane, London; Raimes & Co, Liverpool; Apothecaries Comp, Glasgow; Ferris & Co, Bristol; Cornish & Co., Plymouth; Rowe, Devenport; Randall & Co., Southampton; and obtainable through all medicine vendors in the known world, or in case of difficulty, by enclosing a draft or order for £5 or £10, according to the nature of the case, payable in London to Messrs. Thomas & Co., as above, a large package will be sent by return mail, carefully secured from observation or accident.

PREMATURE DECAY OF THE SYSTEM, and its perfect restoration, whether arising from youthful imprudence or the excesses of adult life, infection, climate, &c. Observations on marriage, the prevention and removal of certain disqualifications. Rules and numerous prescriptions for self treatment. Sufferers who are prevented from matrimony by the consequences of imprudence should read this work, as pointing out the sure way to restoration of health. Sent post free in an envelope on receipt of 3s, by Mr. Lawes, Medical Publisher, 14, Hand Court, London.

"I have taken your Pills and always derive great benefit from them."—*W. W. H., Queen's College, Cambridge.* "I have taken your Pills with the most happy result."—*B. J Dursley.* "I have tried your Pills and derived the greatest benefit therefrom."—*V. G., Navy Hotel, St. Helier's.*

Sold by Langley & Johnston, Hollis-street, Halifax, Nova Scotia; W. R. Watson, Charlottetown, Prince Edward Island; J. Ward, Esq., News Office, Sydney, Cape Breton; E B. Parker, (late Palmer & Co) Kingston, Canada West, Strickland & Co., Mobile; M. F. Decouge and Edward Guillot, New Orleans; Fongera, New York; Musson & Co., Quebec, C. A. & J Langley, Yates Street, San Francisco; Mr. Murdo, Druggist, and J. McCoubrey, Esq., St. John's, Newfoundland; Thomas Walker & Sons, St. John, New Brunswick; Lymans & Co, Toronto, of whom also may be had "THE MEDICAL ADVISER," or should difficulty arise in procuring any of the above, enclose the amount by draft or otherwise, to 25 Bedford Place, Bloomsbury Square, London, W.C., and they will be sent securely packed per return.

CAUTION.—There being highly injurious imitations of the above, sufferers should guard against the recommendation of other medicines by dishonest vendors, who thus obtain a larger profit. To PROTECT THE PUBLIC AGAINST FRAUD, HER MAJESTY'S HON. COMMISSIONERS *have directed the words* "WALTER DE ROOS, LONDON," *be printed in white letters on the Stamp affixed to the above, to imitate which is felony.*
