NEW YORK

NEW YORK (AP) — Motors and steels led an early stock market assault on new highs Tuesday but the advance faltered and the stock list backed away into an irregular decline.

Volume swelled to 5,700,000 shares from 5,360,000 Monday and was the largest since Aug. 5 when 6,210,000 shares changed hands.

Chrysler once again was the most active stock. Early in the session it registered a gain of 2¾ but by the session's end it had sunk to 64⅞, a net loss of ¼, on impressive volume of 341,800 shares.

Despite its already-big rise, Chrysler's prospects, both for the stock and the company, were praised in certain Wall Street quarters and this helped in its early advance.

Traders took profits ruthlessly, however. Some of the profit-taking was attributed to the start at sundown of Yom Kippir, the high Jewish holiday, which some observers believe will lead to a less vigorous market today.

Another factor which disconcerted some investors was the report of wildcat strikes at Ford that began shortly after bargaining talks were resumed between that company and the United Auto workers.

GM WILTS

Early in the day General Motors finally reached the glamorous price level of 100 but wilted thereafter and was content with a gain of ⅛ at 99½. Both GM and Chrysler made historic new highs, adjusted for splits.

In early dealings, the Dow Jones industrial average was up as much as 2.34, which would have put it at a new high had that level been held. The indicator relapsed to a loss of 3.70, closing at 862.54.

The Associated Press average of 60 stocks fell 1.1 to 322.3.

Among Canadian issues, Dome Mines advanced ⅜, McIntyre Porcupine ⅝.

Aluminium Ltd., and Canadian Pacific were off ¼, Distilers Segrams ⅛, Grandby Mining ⅜. International Nickel ¼.

On the American Stock Exchange, although the general movement of prices was irregularly lower, Canadian Javelin was up ¼ and Preston ⅛.

TORONTO

TORONTO (CP) — The stock market declined in moderate trading Tuesday with speculative action heightening toward the close. Losses were mainly fractional, but a handful of issues scored impressive gains in heavy volume.

The drop was caused by profit-taking after last week's record-breaking rise. No one group led the fall, but drops seemed scattered across a wide front.

Typical among slipping issues were Great Lakes Paper and Walker-Gooderham, both off ½ to 26¼ and 36¼ respectively.

Among steels, Dofasco fell ½ to 25¼ and Dominion Bridge ⅛ to 20⅛.

Rothmans and Imperial Tobacco gained ⅞ and ⅛ respectively to 20⅛ and 14½. Both issues reached new highs Tuesday, still on the impetus of Monday's news that prices of 1,000 cigarettes for both firms would be increased by 40 cents. Volume in both stocks was heavy.

Other issues that reached or equalled their 1964 highs during the session included Bathurst Power.

Speculative activity increased toward the close. Windfall, in a last-minute burst of trading, gained four cents to 37½ and was the day's most heavily-traded stock with volume of 117,40 shares.

Senior base metals were strong throughout the session and established a new index high of 69.01 for the 15-stock metals index at the 2 p.m. EDT compilation of the barometer. Falconbridge gained ¾ to a new high of 77½.

Golds also set a new index high at 2 p.m. The high reached was 139.21 and came chiefly on strength in Dome, ahead ⅝ to 33⅛.

The industrial index dropped .52 to 161.45 and the TSE index .42 to 150.73. Golds gained 1.61 to 138.30, base metals .22 to 68.80 and western oils .08 to 55.24. Volume was 3,438,000 shares compared with 3,840,000 shares traded Monday.

Pint-Sized Firms Being Designed To Aid Students

PETERBOROUGH, Ont. (CP) In an effort to acquaint students in grades 11 and 12 with the business world, 16 Peterborough businessmen have drafted plans for "pint - sized" companies which will be set up and operated by the students.

The plan, called Junior Achievement, is a learn-by-doing program in which boys and girls actually form miniature companies by the sale of stocks to raise capital and go into business.

The plan is similar to the Four-H clubs but it deals with the business community rather than the farm area.

Each company has about 20 members which are guided by trained volunteers in sales, financial and production branches of established business firms.
