Crapaud Hall Library Concert: Women's Institutes of surrounding districts present programme of plays, musical numbers, and dancing. June 2nd and 3rd.

#### Says U. S. Can't Afford To "Go It Alone"

WASHINGTON, (AP)—President Eisenhower has rejected Senator Robert Taft's "forget the United Nations" proposal for Korea.

In his first major policy split with the Senate Republican leader, who fought him for the nomination a year ago but became a close advisor and golfing companion, the president told a press conference Thursday:

"If you are going to go it alone one place, you of course have to go it alone everywhere...no single free nation can live alone in the world. We have to have friends."

Thus Eisenhower jerked the rug, so far as the administration is concerned, from under the Ohio Senator for his Tuesday night statement that the U. S. "might as well forget the United Nations as far as the Korean war is concerned."

Taft said also, in a speech read for him at Cincinnati, that if the present negotiations don't bring an armistice the U. S. should tell its Allies "we are withdrawing from Korea."

Asked if he shared Taft's view, Eisenhower replied with a crisp, unsmiling "no."

Eisenhower said also the U. S. should never accept any solution to the Korean war which our conscience tells us is unfair to the South Koreans.

#### 4th Year Medalists, P.W.C.

Earl Bruce, High Bank, Winner of Anderson Prize, 4th Year Science Division.

Clara Simmons, Summerside, Winner of S. N. Robertson Prize, 4th Year Arts Division.

#### Community Planning Projects Stressed At Annual Meeting

The great necessity for planning communities for the future and rectifying mistakes of the past was emphasized last night at the annual dinner meeting of the P. E. I. Division of the Community Planning Association of Canada held at the Y. M. C. A.

Principal speaker was Dr. Ira P. MacNabb, well known engineer of Halifax and a past-president of the Engineering Institute of Canada. He told the gathering that in the past provision for adequate services in water, streets, sewerage and sanitation has been the responsibility of the municipality which had tended to keep those services within its own boundaries.

However, he noted that populations had tended to spread out in recent years beyond political boundaries and the result was that residents of unplanned areas were demanding these services.

"I am convinced," he stated, "that it has come to the day when a political boundary, which after all is only a line laid down on a map, must be forgotten if we are to make the greatest use of the facilities which we have."

**Rut Of Conformity**

He spoke of the great difficulty of persuading people to change their ways because they are prone to stay in the ruts of conformity and tradition. But he believed the time had come when changes must be made. This change had to be undertaken some years ago in Halifax due to the water situation which was then grave. Meters were put in and as a result there is sufficient water for a greatly increased population and the charges are reasonable.

Dr. MacNabb believed there was no reason why one body cannot be set up and given authority to supply the amenities of modern living to a whole metropolitan area. As an example of this he cited the setup in Greater Vancouver where water is supplied to all the cities, towns and villages in the whole Vancouver area. He said the system worked successfully.

#### Cripps' Daughter To Wed Negro Student

LONDON, (AP)—Enid Margaret Cripps, youngest daughter of the late Sir Stafford Cripps, has announced her forthcoming marriage to Joseph Appiah, Negro law student and son of a Gold Coast tribal leader.

Miss Cripps, 32, made the announcement jointly with her fiancé at a press conference.

Appiah, who received part of his education in England and is the personal representative of the Gold Coast prime minister in Britain, smilingly declined to give his exact age.

"In my country," he said, "a man's age is always his own secret."

The couple said they first met at an African Students' Union party in London nearly two years ago.

Both Miss Cripps and Appiah said their families approved of the marriage.

#### Reds Hurl 11,000 Troops At Allied Hill Outposts

SEOUL, (AP)—The Chinese Reds hurled 11,000 troops in the biggest assault of 1953 at Allied hill outposts in central and western Korea, Thursday.

Fighting for positions within 30 miles of Seoul raged on into early Friday.

Attacks by 6,500 Reds won five hills from South Korean defenders in the centre.

**Holding In West**

But Allied defenders in the West, fighting 4,500 Reds hand to hand east of the Panmunjom truce talk site, appeared generally to be holding firm along the east flank of the invasion route to Seoul.

In Ottawa, Brig. M. P. Boer, who recently finished a year as commander of the 25th Canadian brigade in Korea, said the new Chinese assaults do not appear to have hit on the Canadian front although they would be close to it.

Bill Boss, CP correspondent with the Canadian forces, said that while a main enemy thrust appeared developing late Thursday night in the western sector areas of outposts Vegas, Texas and Seattle, UN troops whose principle interest is the Hook and Little Gibraltar, kept on the alert.

Allied officers said the attacks could be only local assaults to wrest outpost positions. On the other hand, they could be hinged to the armistice negotiations, with the Reds underlining their willingness to fight if no truce is achieved.

**Biggest Blow Since Oct.**

In any case, it was the biggest Red blow since last October, when 15,000 Communist troops struck in western and central Korea in the largest Red operation of 1952.

#### Ottawa To Make Immediate Inquiry Into Storm Damage

Home From Korea

Personnel of the Department of Fisheries, Ottawa, will arrive here Monday to investigate the damage to boats and gear of lobster fishermen, according to word received last night by Hon. Eugene Cullen, Minister of Industry and Natural Resources.

Hon. Mr. Cullen had wired to Hon. James Sinclair, Minister of Fisheries, Ottawa, Tuesday, stating that the storm damage constituted a disastrous blow to the fishermen and asking the Department to make an investigation.

The text of the telegram received by the local Minister from Mr. G. R. Clark, assistant Deputy Minister, Ottawa, is as follows: "Re telegram 26th storm damage. In absence of Minister wish to advise the Department is starting an immediate investigation to ascertain extent for submission report to Minister. Arranging to send departmental personnel from Ottawa who will arrive in Charlottetown Monday and will call on you and Mr. Gorman."

Last night Hon. Mr. Cullen stated that his own Department was launching a damage survey of its own under the direction of Mr. Eugene Gorman, Director of Fisheries.

Mr. W. Chester S. McLure, M.P. for Queen's, also received a reply from Mr. Clark to the telegram he sent this week asking aid for the fishermen. It reads: "Re telegram 27th. In absence of Minister wish to advise Department already started investigation ascertain extent damage for submission to Minister."

In the meantime an investigation was started in the western section of the Province by local fisheries officers to determine the full extent of the damage done to lobster fishing gear in the weekend storm.

No figures are available as yet on the amount of damage as several days will be required before accurate conclusions can be reached. Mr. J. Watson MacNaught, M. P., Prince, said last night this investigation had been started as a result of representations made to the Fisheries Department at Ottawa.

#### Duke's Mother Arrives For The Coronation

LONDON, (Reuters)—Princess Alice of Greece, 68-year-old mother of the Duke of Edinburgh, arrived here by air Thursday night for the Coronation wearing her grey nun's habit.

The duke's mother turned in old age from the splendor she knew in her youth to the pious quietude of a Greek Orthodox sister of mercy. Tuesday she will be back in the world she used to know.

The princess, great-granddaughter of Queen Victoria, will change her simple clothes for a specially-ordered gown Coronation Day.

**C. P. R. EARNINGS**

MONTREAL, (CP)—Canadian Pacific Railway Company Thursday reported gross earnings of \$20,659,129 for April, against \$35,945,032 in April, 1952, an increase of \$3,714,096. Working expenses totalled \$37,563,060, compared with \$34,188,175, while net earnings were \$2,096,068, an increase of \$339,211.

#### Elizabeth Proclaimed "Queen Of Canada"

OTTAWA, (CP)—Elizabeth II was officially proclaimed "Queen of Canada" Friday, four days before her coronation.

In the presence of Prime Minister St. Laurent Mouday, the Queen herself signed two texts of the proclamation altering her Canadian style and titles in both languages and making her:

"Elizabeth the second, by the grace of God of the United Kingdom, Canada and her other realms and territories, Queen, Head of the Commonwealth, Defender of the Faith."

"That is the new title she bears in respect to Canada. It varies for other countries of the Commonwealth."

It is the title approved by Parliament this year and differs from the old one which read:

"Elizabeth the second, by the grace of God of Great Britain, Ireland and the British dominions beyond the seas Queen, Defender of the Faith."

#### South Koreans Deliver Own Plan For Truce

SEOUL, Korea, (AP)—Angry South Koreans headed the Allies here Tuesday with recommendations for a Korean truce Thursday amid threats its armies would keep on fighting if a secret Allied plan is approved.

In an atmosphere of crisis, U.S. ambassador Ellis O. Briggs hurried here from the provincial capital at Pusan and talked with President Syngman Rhee, apparently trying to calm Korean tempers. A Rhee spokesman declined to comment on reports Briggs brought a message from Washington.

At Pusan, South Korea's foreign minister accused the Eisenhower administration of "appeasement" and declared U. S. policy would "inevitably lead the whole of Asia to communism."

A National Assembly delegation called at Munsan on Lt.-Gen. William K. Harrison, senior Allied truce delegate, denounced the secret Allied plan and said the Republic of Korea army would keep on fighting if an armistice unsuitable to South Korea is reached.

South Korea violently opposes any settlement which will leave Korea divided and Chinese troops in North Korea. While this is a matter to be threshed out at a post-armistice political conference, the South Koreans are angry over provisions of the secret plan.

One provision they object to would allow the fate of 34,000 North Koreans, who refuse to return to Red rule, to be settled ultimately by the United Nations' assembly. South Korea favors a previous Allied plan which would release these prisoners in South Korea immediately after an armistice.

A South Korean government spokesman said the message was not an ultimatum but a "very important" impression of what his government wanted.

#### Magdalen Is. Fishermen Suffer Very Heavy Losses

QUEBEC, (CP)—Reports received here Thursday said 8,000 lobster traps and 1,800 nets were destroyed by a storm which struck Havre Aubert, a fishing village in the Magdalen Islands in the St. Lawrence Gulf, Monday night and early Tuesday.

#### Rotarians To Meet At Seattle Next

PARIS, (Reuters)—The annual convention of Rotary International, which ended Thursday chose Seattle for its next convention in June, 1954.

#### Danes Approve Queen

COPENHAGEN, (Reuters)—The Danish people in a referendum Thursday approved a new constitution which will enable a queen to mount the throne of this country again after 4 1/2 centuries of male monarchs.

#### 5 Injured While Erecting Light Poles In Ball Park

KENTVILLE, N. S. (CP)—Five men were injured, one of them seriously, when a guy wire snapped one of 10 huge inter-connecting poles and brought them all tumbling down in Memorial Park here Thursday.

Six men were atop the 78-foot poles, which were sunk in the holes not yet filled in, when stresses developed, snapped a wire supporting one of them and set off a chain reaction which brought down the rest.

Norman Horne, about 31, of nearby Windsor, was reported on the danger list in hospital suffering from a fractured skull. Three other Windsor residents, Harry Coggar, about 29, Roy Weener, about 38, and James Gault, about 45, received lesser injuries as did Allen Tupper, 25, of Kentville.

The worker who escaped injury was not identified.

All the injured but Tupper were employed by the Nova Scotia Light and Power Company and were members of a 12-man crew here for a day to work on installation of lights for night baseball. Tupper is with the Kentville electric mission.

"It looked as if a tornado hit the place," said a member of the Kentville fire department, which took four of the victims to hospital. One pole landed on the hood of a work truck within inches of an unidentified worker.

The accident occurred two days before the coronation of apple blossom queen Annadollia XXI in

#### Grandma Race Driver To Quit

CHICAGO, (AP)—"Grandma" Burritt, who will be 70 June 10, has decided to quit as a harness race driver after a 57-year career in which she reined more than 2,000 winners.

But she is only quitting the sulky, as far as the harness sport is concerned. She took over Thursday as a timer in Maywood Park's judging stand.

The wirey mother of seven children, who raced with her grey hair tightly pinched under her driver's cap, drove her last competitive race Monday night at Maywood. She finished fourth with her trotter, Kinny Wynn. It was her first start of the year.

In 1943, at Delaware, Ohio, Grandma drove her Luckette to a 2:04 3/4 mile, still claimed as a world record for a woman.

#### Dionne Quints 19

TROIS-RIVIERES, Que., (CP)—The Dionne quintuplets celebrated their 19th birthday Thursday behind the cloistered walls of a convent at Nicolet, 15 miles south of here on the south shore of the St. Lawrence river.

#### Indian River Players Win CWL Drama Trophy

Indian River players once again carried off the C.W.L. trophy for their act play competition in the Provincial Drama Festival with their presentation last evening of the comedy drama "The Family Doctor."

Mr. Donald Wetmore, adjudicator of the festival, described the production as highly entertaining, and he praised the spirit and the excellent tempo of the presentation. He commended their choice of play—a suitable play with lots of appeal which the group was well able to handle.

The acting, he said, was extremely genuine and extremely believable and the skill of the group was well illustrated by their naturalness.

In naming Hilda Ramsay and Andy Turner as the stars of the production, he declined to comment on their performances, other than describing both as "absolutely delightful," and the audience seconded his decision with warm applause for the pair, who gave fine interpretations of two very difficult comedy roles, those of Hannah, the housekeeper, and Freddie, the doctor's right hand man.

He praised the fine job done by Bernard MacLellan as Dr. John, and the performance of Gerald Glover as his son, Dr. Jack, commenting upon the latter's particularly good entrances, and also of those of A. J. MacNeill, who, as the villain of the play, portrayed Gasco Rissler.

Roma McGlusky, who starred in the role of Nancy Rissler, Mr. Wetmore described as a very intelligent actress, commending her brisk and natural performance, and he also had words of praise for Allan and Agatha MacLellan, who, as Mr. and Mrs. David Strong, gave mature interpretations with good characterization. The very capable director of the play was the Rev. Louis Gallagher.

Parkdale Juniors presented their one act play, the only junior entry in the festival, and the adjudicator praised the fine performances of every member of the cast, commending two very difficult

#### Missing Angler Is Safe After 4 Days In Bush

RAPIDES DES JOACHIMS, Que., (CP)—James F. Russell, 47-year-old Ottawa fisherman missing since Sunday in thick bush north of here, was found "safe and well" Thursday.

Two guides found him in the woods, exhausted and hungry, but otherwise well, except for a blistered foot. He was flown out to this village, 24 miles from the search area, and taken to a hotel to rest.

Monday, a federal civil servant, Russell, a federal civil servant, told his rescuers he had had no food since he became lost. He had kept up his strength by drinking water and stayed close to the spot where he became lost.

Two guides, 72-year-old Edmond Robitaille of nearby Stonecliffe, Ont., and Ed Chamberlain, found

**TORONTO, (CP)—Minimum and maximum temperatures:**

	Min.	Max.
Dawson	37	60
Victoria	49	64
Edmonton	44	75
Calgary	37	70
Regina	51	73
Winnipeg	52	58
Toronto	44	63
Ottawa	41	60
Montreal	47	61
Quebec	54	68
Saint John	41	64
Moncton	37	66
Halifax	42	61
Charlottetown	38	51
Sydney	37	49
Yarmouth	42	65
St. John's, Nfld.	34	46

HALIFAX, (CP)—The Dominion Public Weather Office here says a weakening disturbance south of Newfoundland is moving slowly northeastward. In its wake there will be moderate northerly winds over the district Friday. Cloudiness will be variable and temperatures will be much the same as on Thursday.

**Regional forecasts:**

**Bay of Chaleur, New Brunswick and Prince Edward Island:** Variable cloudiness, no much change in temperature; northerly winds 15; low-high at Moncton 35 and 60; Fredericton 35 and 65; Saint John 40 and 65; Edmundston 35 and 65; Campbellton 35 and 60; Charlottetown 35 and 55.

**Bay of Fundy:** Northerly winds 15; variable cloudiness with visibility 15 miles; little change in temperature.

**High tide today at Charlottetown at 10:21 A. M.**

**High tide on the North Shore at 5:30 A. M. and 6:54 P. M.**

**Sun rises today at 4:31 A. M. and sets at 7:49 P. M.**
