Laboratory Tests Prove CUTICURA SOAP IS MILD! MILD! MILD!

Kind to your skin because it's superfatted

Contains Cuticura Medication for extra skin protection

SUPERFATTED SOAPS ARE BEST, most skin experts agree. Best, because they are gentler, least drying, least irritating even to the most sensitive skin. Then remember: Cuticura Soap is superfatted.

LABORATORY TESTS PROVE this fact: Cuticura qualifies as every way as a superfatted soap. What's more, mild, gentle Cuticura Soap contains soothing, healing Cuticura medication.

Does More for Your Skin

Cuticura Soap does an extra special cleansing job. It supplements the natural oils—makes your skin soft and satiny—forms a thin, invisible, protective film. It's a superb, hard milled complexion soap—fragrant, deep-cleansing, long-lasting—and is mildly medicated with soothing ingredients for extra skin care!

7 Days to a More Radiant Complexion

Cuticura offers a proved way to a softer, smoother, clearer complexion. For it is especially made to help the skin to protect—preserve—help keep it fresh and younger looking!

For Complete Skin Care

A tested Plan that thousands upon thousands have tried, found remarkably effective! (Letters of glowing praise are in our files.)... Simply do this—lather-massage morning and night with Cuticura Soap; then before bedtime, lightly smooth on fragrant, emollient Cuticura Ointment—and leave it on overnight! During the day, use "invisible" Cuticura Antiseptic Liquid to speed results. This speedily clears up blackheads, over-oily skin, pimples and rashes. For Cuticura ingredients go to work immediately. But—see for yourself! Get Cuticura Soap, Ointment and Antiseptic Liquid this very day.

Why Cuticura Is So Effective
★ mild medication for even the most sensitive skin
★ for dry skin: new petal-softness
★ for oily skin: new freshness
★ for disturbed skin: quick relief from skin blemishes, irritations
★ protects, preserves! Cuticura medication helps keep skin radiant, smoother, younger looking

World's leading medicated skin preparations for over 75 years

Second Kings Member Discusses Agriculture Problems In Legislature

The undertaking of every effort to improve the agricultural conditions in the Province was urged by Mr. Thomas R. Cullen, Liberal, Second King's member in the Legislature yesterday afternoon. Mr. Cullen devoted the main part of his speech to agriculture and also spoke on education, roads and rural electrification. Speaking of the Potato Marketing Board he stated 'As a farmer and member of the Federation of Agriculture I voted in favor of the Board, however, I don't agree with the idea of a Central Selling Agency. I maintain that a number of dealers have done a lot for the industry and that nothing should be placed in their way to prevent them making personal contacts for their sales.'

Mr. Thomas R. Cullen

It is necessary for the potato industry to have an organized body to deal with Ottawa and the Board saved our necks last fall from being ruined. I am sick of this squabble between the dealers and the Board and I can't understand why they can't get together around a table and iron out their difficulties. There should be some way for them to solve their problems as it is not a dispute embracing a wide area like the United States.'

YOUNG ADULTS MEET

The Young Adults Group of Trinity United Church, Montague, met on Monday evening in MacKenzie Hall. The devotional service was under the leadership of Mary Stewart and Judy Cudmore. The Scripture lesson, taken from Matthew 15, was read by Judy Cudmore and a reading 'My Mission in Life' by Mary Stewart followed. A short business meeting was presided over by the president, Lorraine MacLure. Sixteen members answered roll call. The minutes of the last meeting were read and approved. Billy MacIntyre and Paul Dewar were appointed to lead the devotional service at the next meeting. The group decided to present a play and practice is to begin this week. Games were played and an excellent lunch was served by the committee. Lorraine MacLure and Vivian Fraser.

Personals

The many friends of Mrs. James Stewart are sorry to hear she is a patient in the King's County Hospital. Her friends all wish her a speedy recovery.

The many friends of Mr. Russell Brehaut, Montague, will regret to learn that he is a patient in the King's County Hospital. Mr. Brehaut suffered a fractured hip in a fall at his home a short time ago.

We need a little more inspection on the eggs that come from 'Continued on page 15'

PRESBYTERIAN Y. P. S. — The regular meeting of the Young People's Society of St. Andrew's Presbyterian Church met at the church hall on Tuesday evening. The meeting opened by singing the hymn "Dare To Be A Daniel". The Scripture lesson was read by David McKenna, and Theema Stewart led in prayer. Roll call was answered by the word "behold". The minutes of the last meeting were read and approved. Two letters were read from the Board of Missions and discussed at the meeting. The Bible study on Acts, chapter 2, was conducted by Theema Stewart which proved to be very interesting and helpful to the members. The meeting closed by repeating the benediction in unison.

Medical And Educational Problems Discussed By Dr. Bonnell In House

The need of a radiologist for the small hospitals in the Province, the hope that the per diem allowance to the hospitals would be increased and the need for changing the name of Falconwood Hospital were stressed in the Legislature yesterday afternoon by Dr. Lorne Bonnell, Liberal Fourth King's, as he took part in the Draft Address debate.

Dr. Lorne Bonnell

Dr. Bonnell also discussed education in the rural schools and at Prince of Wales College and devoted a short time to the tourist industry and to road conditions. 'I hope that the per diem allowance to the hospitals will be increased,' he stated. 'If this allowance is not increased I do not know what will happen to our hospitals in this Province as they are all losing money now and need extra money if they are to continue to operate.'

In speaking about the need for a radiologist in the smaller hospitals he stated that statistics would show that the doctors are saving 50% of the early cancer patients and that this figure could be greatly increased with more professional help. 'Falconwood Hospital has progressed well during the past few years but there is a certain stigma attached to it in the minds of many people,' he stated.

'I meet it every day in my practice. The people can't realize that it is a hospital for the sick and I suggest that the name should be changed to the Provincial Hospital or to the hospital for the mentally ill.'

The Doctor, who is the youngest member of the Legislature, stated he was very much in favor of the pension for disabled persons and he hoped that there would soon be something to take care of the mentally retarded children and those suffering from cerebral palsy. 'I don't think it is fair that they should be left without aid,' he stated.

'We consider 100 students write Grade X examinations and according to the statistics 62% of them pass. 34% of them pass First Year Prince of Wales leaving 21 students

Of this figure 30% pass Second Year which leaves 63 students, 57% of them are successful in Third Year which leaves 35 and 88% of them pass Fourth Year leaving 316 students out of the original 100,' he stated.

'Turning to education the doctor stated that figures showed only 3.16% of the students who pass Entrance ever pass Fourth Year Prince of Wales College.

'I think we have to start to mend this situation in Grade 1. We will gradually have to do away with the one-room schools and make one large school for about three districts. In these schools Grade IX and X should be put into one room.

'Then we might re-marry Prince of Wales College and the Department of Education. They have been divorced for a number of years and I was never in favor of divorces. The work in Grades XI and XII could be co-related with the Grade X studies.

'We could also do away with a number of offices at P.W.C. The teachers then could spend a few more minutes in the corridors and

thus keep better discipline. In addition this extra space would make room for the establishment of commerce classes. The Minister of Education says he is pressed for space at the Vocational School. He could take the Commerce classes out of the Vocational School and
