club. He has informed me that he had advanced this loan only after he had been given the assurance of the Commission and a prominent member of the Provincial Cabinet that if this money were spent on the club then it would receive a permit or license allowing it to sell liquor so that any profits from such sales could be used to reduce operating expenses.

It is also admitted that in December of last year the permit of the club was either suspended or cancelled by the Commission but that after hearing the appeal from the suspension or cancellation a Court of this Province found that the club had been sufficiently punished for what had taken place by being closed for the short time preceding the appeal. The Commission can not therefore use this previous loss of license as a valid reason for not granting a new license.

While I do not advocate any sale or use of liquor which might result in any harmful effects to the consumer or his dependents I find it hard to believe that we are living under a government which has provided the machinery which results in persons who are sufficiently wealthy to become members of the Golf Club, Curling club or Gentlemen's Club being permitted to buy liquor or beer by the drink while the ordinary working man not old enough to be a war veteran is denied this privilege.

It is ridiculous that 68 applications for licenses for liquor outlets all should be granted but five and that four of these are in the Charlottetown area.

It is disgraceful that the Secretary of the Chairman of the Commission be suspended from her employment for giving this information to the press when requested to do so as the people of this province should be permitted to know what is going on in affairs concerning them and such information should not be kept hidden.

It is also most undemocratic that the applicants for licenses not be given the reasons for the refusal of their applications.

It is even worse when the government takes away the right of an applicant to appeal from a decision of the Commission.

This is especially true when such appeals had been previously heard by a member of the stature of the Hon. C. St. Clair Tractor who has taken an oath that he will perform his duties honestly and without discrimination while the members of the Commission have not taken any such oath.

I am, Sir, etc.,
ALLISON GILLIS
Attorney for the Southport Country Club.

**Uses Luggage
To Back Claim**

OTTAWA (CP) — Creditable Gilles Gregoire produced his luggage before the Commons railway committee here to back up his claim that it was damaged by Air Canada.

He pointed in scratches, a torn leather handle and some scuff marks. He said he used the bag only on Air Canada flights between Ottawa and Bagotville.

"It looks fine to me," said Air Canada President Gordon R. McGregor.

Lawrence Knott (PC — Macleod) said he came into Ottawa from Calgary on the overnight flight. "You got your suitcase," he said, "mine didn't come at all."
